Recycling ends pollution

By PAT FOLEY
Press-Record Staff Writer
Teachers participating Tuesday in the annual Business-Industry-Education Day in the Quad-Cities got a bonus in the form of an opportunity to inspect a new \$1,500,000 facility at the Nestle Co., Inc., plant, 201 Adams St.

They learned the new auxiliary boiler facility placed in operation but not yet fully complete—eliminates all pollution of the atmosphere and greatly increases the conservation of fossil fuel energy, such as natural gas.

The process is shown being viewed by the teachers Tuesday in a Press-Record staff photograph at the right.

The method utilizes materials, previously regarded as waste, as fuel for making steam used in instant tea manufacturing.

Largest instant tea plant in the world, the Granite City Nestle plant is believed to make 68 percent of all instant tea that is produced.

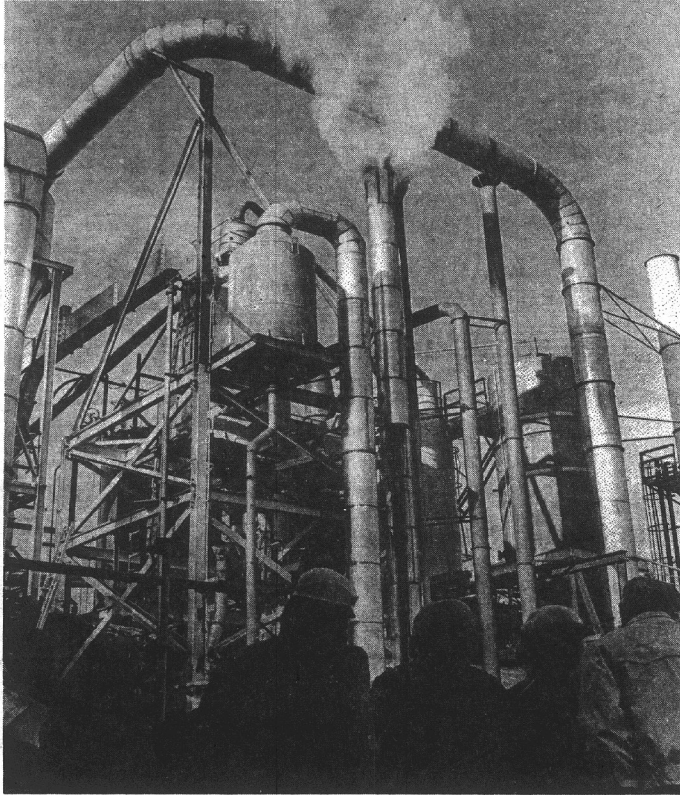

The anti-pollution recycling innovation uses as fuel waste tea particles, which years ago constituted an air purity concern, and also the wooden boxes in which tea is shipped to the local plant.

Granite City, Madison and Venice public and parochial school teachers heard talks on business-industry issues and saw at first hand the production activity that takes place each day at many Quad-City firms.

Sponsor of the tours was the Tri-Cities Area Chamber of Commerce. The Chamber's Education Committee is headed by George T. Wilkins Sr., former Illinois state superintendent of public instruction.

The day-long program had as its goal to increase awareness of the free enterprise system and to give an indication of the job opportunities available to local graduates.

Other sites visited included the A. O. Smith Corp., Granite City Steel, Illinois Power Co., Caine Steel Co. and Tri-City Regional Port District.

Venice allows horse race bet services, 5 to 4

By MICK STRANGE
Press-Record Staff Writer

A messenger service that will specialize in taking bets to horse race tracks was granted a business license by the Venice City Council at its meeting Tuesday evening.

Mayor William M. Ebersold cast the deciding vote in favor of the business, after aldermen voted 4-4.

Favoring the new business were Aldermen Tyrone Echols, John Ervin, George Lewis and Oscar King. Opposed were Hank A. Svezia, E. H. Buente, Thomas Voegelé and George Mangiaracina.

The business license was applied for by Robert H. Rice, 201 S. Jackson, Belleville, an attorney and former St. Clair County state's attorney.

Known as the Finish Line Express, the enterprise will be located at 306 Broadway.

No tracks were mentioned. Fairmont is located in Madison County and Cahokia Downs in St. Clair County.

References listed by Rice on the application are Ralph Derango, a Belleville attorney, C. E. Whitehead of Cahokia and F. J. "Bo" Beuckman of Collinsville.

Rice indicated on the application that he operates two businesses in East St. Louis, the Hill Brick Company and the Finish Line Express of East St. Louis, described as a similar track betting service.

According to Rice, it is a counter operation. A person comes into the office, gives an amount of money to be bet on a horse or horses, and departs.

The messenger service then takes the money to the track, and places the wager. If there are any winnings, it brings the money back to the Finish Line Express office.

Rice asserted there are no transactions by telephone. The messenger service charges 10 percent of the bet as a fee for taking the money to the race track and handling the bet.

Chief of Police Ralph D. Brawley said he checked with the Madison County state's attorney, who told him this type of business activity is legal at present.

Another "Dutch treat" luncheon is planned for next Wednesday.

Several division chairmen reported that additional contributions were arriving yesterday, and Blasingame called on renewed efforts while praising the givers and drive workers for getting the drive off to an encouraging start.

Proceeds raised this month will help meet the calendar year 1978 operating costs of area service, health and character-building agencies.

final decision.

In the meantime, such operations are being allowed to operate in Illinois, sources said.

Several aldermen expressed concern, asking "What are we going to do about hoodlums? I think we are asking for trouble." They indicated the belief that any illegal racing bookie operations in the bi-state region might resent legal competition.

Chief Brawley said, "No one is allowed to stay in the building. They go in, transact their business and leave."

"I have informed the applicant that if there is any trouble in any way, the place will be closed as a public nuisance."

Mayor Ebersold said prior to voting, "The police are going to watch the place close and have been instructed to make arrest even for first-time parking violations."

"I am going to vote 'yes' to see how it goes."

"As long as it is legal, we don't want to discourage"

(Continued on Page 11)

Special panel will meet with business agents

Methods by which the city may initiate stricter control over payments to employees for sick leave will be worked out by a special City Council committee in discussions with union representatives, it was decided in a special meeting of the council Tuesday night.

The aldermen, following an hour-long debate of the sick leave issue, voted to authorize Mayor Paul Schuler to appoint a special committee to meet with the business agents of unions representing city employees.

That decision was reached after council members first proposed referring the matter to the council's Intergovernmental Committee headed by Alderman Charles Douglas. Some aldermen maintained that a study of sick leave payments should be made by a special committee rather than one of the council's standing committees.

Tuesday night's special meeting drew out of mounting criticism by council members of the amount of sick leave

being paid city employees, primarily in the sewage treatment plant, police, fire and street department accounts.

Alderman Clyde Boyd, who served as mayor prior to the absence of Mayor Paul Schuler at the special meeting, noted that sick leave payments, along with a lesser amount of payments for time lost because of injuries on duty, are expected to exceed \$100,000 this year if the average for the first eight months of the year is maintained.

Union representatives said, however, that there has been a greater number of major sicknesses so far this year, most of which involved hospitalization for longer periods of time, and that when these costs are deducted from the total payments, "the sick leave payments are not the problem they might appear to be."

Alderman Warren Decatur of the Fourth Ward told the council as the meeting opened

(Continued on Page 11)

United Way gifts at 38%

Not yet fully in orbit, the Tri-Cities Area United Way campaign has soared off the "launching pad" and reached a height of \$194,510, or 38.2 percent of the \$508,250 target.

Pledges and receipts announced at the initial report meeting yesterday were:

Industrial Division, \$141,109; Business, \$17,322; Mail-Phone Transportation, \$11,198; Public Service, \$7,997; Construction, \$4,296; Commercial II, \$3,879; Commercial I, \$3,698; Madison Venice, \$3,578; and

Professional, \$1,525.

With John Blasingame, general chairman of the annual campaign, presiding at the luncheon at the Granite City Army Installation, division chairmen reviewed progress and praised early achievers on their volunteer status.

About 55 were present and applauded as the pledges were recorded and transmitted by an overhead projector.

Submitting reports were Bill Donovan, Raymond Snelton, Melvin Wilsmyer, Jason

Blake, Ernest A. Karandjeff, Ronald Coleman, Al Miller, Darryl Slater and Mickey Chestovich.

Slater received a symbolic award because his Mail-Phone Transportation Division is at 63.3 percent of its informal drive quota.

American Steel Foundries employees and officers were praised for increasing their joint worker-corporate campaign gift by 20 percent from a year ago.

Individuals from American

Steel introduced were Alex Malzynski of United Steelworkers Local 1063, David Gresham of Electrical Workers Local 309, Pete Baumann of International Association of Machinists Local 660, Stephen Salich of the Patternmakers League of North America and Neil Konrady, assistant works controller.

David Knollman was cited for obtaining 100 percent United Way participation by First Granite City Savings and Loan employees.

Another "Dutch treat" luncheon is planned for next Wednesday.

Several division chairmen reported that additional contributions were arriving yesterday, and Blasingame called on renewed efforts while praising the givers and drive workers for getting the drive off to an encouraging start.

Proceeds raised this month will help meet the calendar year 1978 operating costs of area service, health and character-building agencies.

Nameoki election suit in third day

A court hearing to determine who won the April election for Nameoki Township positions moved into its third day today and complex legal questions raised during the hearing seem unlikely to be resolved quickly.

During the hearing, attorneys for both the successful and unsuccessful candidates presented Chief Circuit Judge Victor Mosele with numerous allegations about the conduct of the election, the legality of numerous ballots, and the actions of the candidates.

The hearing is on an election challenge suit filed by candidates declared unsuccessful on election night, including former supervisor Loren Madison and Whitsett, who was seeking reelection. It challenges the election of the current officials, including the new supervisor, Harold Davis.

Tuesday's hearing was marked by delays, private motions, accusations and very little testimony.

A Press-Record reporter was asked to leave the courtroom

during discussions on several points Tuesday morning, attorneys saying they were in the public courtroom only because there were no judge's chambers available at that time to argue the motions.

During the private sessions, conducted while about 35 persons waited in the courtroom lobby, Judge Mosele dismissed a counter-suit filed by Louis "Cookie" Zeoff Jr., challenging the election of Douglas Teeter as town clerk.

Also while the public was excluded, Mosele dismissed the trustee candidates from the suit filed by Attorney Carl Runge on behalf of Whitsett, assessor candidate Loren Madison on behalf of trustee candidates Kenneth Gieson, Helen Hawkins and Harlan Pervan.

The unsuccessful trustee candidates' hopes were kept alive, however, since they also were named in a suit filed by Attorney David Adamson on behalf of unsuccessful trustee candidate Joseph Boyer.

Judge Mosele then took under

advisement a new defense document filed by Adamson, which alleges Whitsett is unqualified to hold the supervisor post for several reasons.

The document, filed on behalf of the current Supervisor Harold Davis and members of his party, lists eight "affirmative defense" allegations.

It alleges Whitsett did not have "clean hands" in the matter, a legal term going back to early law days. One reason, according to the defense document, was that Whitsett allegedly failed "to remove certain general assistance employees that he knew he was unauthorized to employ."

The allegation apparently stemmed from Whitsett's hiring of his wife as a general assistance caseworker. The hiring was never officially approved by the Department of Public Aid, it is contended.

Adamson's document alleges Whitsett took action "that he knows it was illegal to perform;

CAINE STEEL TOUR. Robert Lauenstein, left, president of Caine Steel at Madison, points to an overhead crane carrying a large roll of steel, as he explains the steel-shifting process at the plant Tuesday morning to a group of area teachers. The tour was part of the Tri-Cities Area Chamber of Commerce, Business, Industry and Education (BIE) day. Several

hundred teachers received first-hand information on the area's business and industrial climate. The teachers also attended a seminar, with the theme "Free Enterprise and You," Dr. George T. Wilkins Sr., chairman of the Chamber Education Committee coordinated the program. (Press-Record Photo)

Wolf will seek Ill. House post

Sam W. Wolf, a realtor with offices at 1506 Johnson Road, Granite City, announced this week his candidacy for the Democratic nomination as state representative of the 56th Legislative District of Illinois.

Wolf is a former state representative, having served during the period from October 1975 to January 1977 to fill out the unexpired term of Horace Calvo upon the appointment of Calvo as a circuit judge.

Wolf at the present time is a member of the Democratic National Committee and a legislative assistant to Alan Dixon, Illinois secretary of state. He is also secretary-treasurer of the Madison County Democratic Central Committee.

SAM W. WOLF

He has been a businessman in the Granite City area for over 20 years and, prior to that time, was an executive with the Mercantile Mortgage Company, now of St. Louis, for seven years.

Wolf was in the armed services for about five years during World War II and served in both the European and the Asiatic-Pacific theaters of operation. He was later discharged as a chief warrant officer.

His political career also includes being elected as a delegate to the 1974 Democratic Mid-Term National Convention, held in Kansas City, Mo., in December 1974.

Wolf's legislative experience in the Illinois House included appointments to the Motor Vehicles Committee, the Financial Institutions Committee and the Environmental Resources Committee.

He was active in keeping a so-called "bottle bill" bottled up in committee during 1976.

He was one of the key figures in committee deliberations in shaping present usury legislation. And, although it was later vetoed by the governor,

was successful in getting House approval of a bill to establish an educational television station at Southern Illinois University at Edwardsville.

Wolf lives at 21 Bermuda Lane, Granite City, with his family.

City denies license for game room

A request for a license to operate a game room in the quarters now occupied by Rick's at 1340 Niedringhaus Ave., has been denied by the Granite City Council.

The action was taken on a motion by Alderman Everett Morlen, chairman of the Police Committee, who said he had met with police officials and others and that the committee recommended no such license be granted.

The request was made in the Sept. 20 council session by Eunice Bell, building owner, and Nelson E. Hediger as vendor. Rick's is to move to 2019 State St., the letter said.

The council was told at that time that electronic games would operate from 10 a.m. to 10 p.m., that no alcoholic beverages would be permitted in the place and that no one under 16 would be permitted to play the games.

Council members delayed action when it was noted the city already has an ordinance limiting the age of persons allowed in game rooms to 18. Last week the council was told by letter that operators of the business would abide by all city laws and that admission would be limited to those 18 or older.

Morlen explained no specific reasons for denying the license.

Nameoki election

(Continued from Page 1)

in that, petitioner (Whitell) required the general assistance and other employees of the county board to actively campaign on his behalf and the behalf of all other petitioners.

It also alleges that, as supervisor, he required certain township employees to "pay monetary contributions toward his re-election," and that he "knowingly and willingly accepted" the contributions.

Another portion of the affirmative portion of the defense alleged Whitell's suit's argument — that some precincts were larger than the 600 registered voters, the maximum allowed by law — is invalid because Whitell was a member of the Madison County Board, which has the responsibility of establishing the precinct boundaries.

Since he did not attempt to change the boundaries in the county board, he cannot use the overcrowded boundaries as a reason to challenge the election, the document contends.

Another part of the defense document asserts that Whitell's objections to the actions of certain election judges are invalid, because the judges are appointed by the County Board and Whitell voted to approve those judges.

The document also accuses Whitell of threatening some township employees with loss of their jobs if they did not carry out certain campaign activities.

Another allegation is that the township's attorney at that time, Rung, refused to give Town Clerk Teator certain legal opinions about the conduct of the election which Teator says he requested numerous times.

It contends that if Whitell is named supervisor in the court action, he would have to resign his position within 10 weeks of the hearing, should he be linked to any official misconduct.

It concludes with the defense that Whitell was acting in behalf of Madison, Gieson, Mrs. Hawkins and Harlan Pervan, in his suit, which it alleged makes them "guilty of said improprieties" (disqualifying them) from their respective offices.

Witnesses appearing before the court Tuesday included Town Clerk Teator and election officials.

Teator testified he gave the ballots from the election to sheriff's deputies on a court order, but retained the judges' tally sheets which he later gave to his attorney, Adamson.

Whitell's attorney, Rung, objected to surrendering the tally sheets without a court order to someone not appointed by the court.

A great deal of time was spent in pointing out the judges used two different ways in filling out the tally sheets, some listing blank ballots under the heading "number of ballots cast" and some listing them separately.

Rung asked Teator if this was noticed during the official canvass of the vote and Teator said it was noticed but no action was taken.

Rung also asked Teator if he was aware during the election discovery process that about two ballots appeared to be missing from one precinct and the ballots were about 20 votes different from the tally sheets in Precinct 4, Teator answered, "From what I read in the paper and hearsay, I can't say I know what happened — only speculation."

Teator also testified he did not directly instruct Rung to fill out the tally sheets, but did send them some mimeographed instructions. He said most were experienced and had taken schooling offered by the county clerk's office.

Also testifying Tuesday was Mrs. Josephine Simmons, an election judge in Precinct 11, who testified all ballots cast were initiated and placed in the ballot box properly, to the best of her knowledge.

She denied allegations in Whitell's suit that Trustee Norman Hessler, a candidate for re-election, had handled the ballots, but said he was in the polls when the votes were counted. "He had the proper credentials saying he could be there," she said.

She also denied that Hessler's wife had received a telephone call during the counting of the ballots, saying the call occurred while the polls were still open.

Harold Miller came in as a watcher after the polls closed. Mrs. Lillian Singer was another watcher, but neither touched the ballots, she testified.

Election officials continued their testimony about allegations of wrongdoing in some of the polling places, particularly in Precincts Eight and 11.

Mrs. Singer alleged that a poll judge gave stacks of ballots to Mrs. Singer and to Trustee Hessler to count, which she said they did.

She contended both were poll watchers and should not have handled ballots. She contended Miller was present during the counting of the ballots, but left

before the counting was completed.

Hessler testified he didn't remember counting or touching any ballots, but did believe Miller left before all the ballots were counted.

Mrs. Clarine Coggins said she initiated some ballots in advance and some that had been initiated which were not used, was the contention of cross-examination.

She also said some ballots were removed from the main table, being taken to a nearby table in front of the other judges and in clear view of them.

Ruby Ackerman, a Precinct 11 judge, said she initiated some ballots in advance and watched Mrs. Coggins take some to another table.

Cross-examination indicated she may have initiated some ballots in advance and given them to Mrs. Douglas Teator to hand to voters.

Keith Biggs, a poll watcher in Precinct Eight, testified he looked up and saw Albert Bell, a man who was a candidate for highway commissioner, holding several ballots.

He said he did not know where Bell got the ballots. Others contended the ballots were blown on the floor when a door was opened, and Bell helped pick them up.

Bell, however, said he didn't recall the incident and did not believe he touched any ballots.

Don Patrick, a Precinct Eight judge, said he did not recall Town Clerk Teator counting the ballots when the results were taken to the town hall.

Teator, who testified again yesterday, said he did count the unused ballots.

Whitell told the court he examined the ballots at Teator's home after the recovery was held and protested that the precinct six, eight and 11 ballots were not tied or taped and were easily accessible to anyone.

Assessor Carl Macios also testified on the condition of the ballots when examined at that time.

Questions concerning the Precinct Eight activities were to resume today with William Luchini, a poll watcher in that precinct, expected to testify.

Rung also may call a handwriting expert to study several ballots to determine if they were initiated by the same person.

Olivia Bourbon, a judge in Precinct Eight, testified yesterday that she initiated all the ballots, and that her initials appear different because she has arthritis which caused her to write the initials differently later in the day.

She also testified she opened 100 blank ballots at a time and signed groups of them in advance.

Mosele is not expected to rule today on the pending motions from both sides, since both attorneys likely will be given time to file final briefs in the case before a ruling is made.

Mosele may, however, rule on 488 individual ballots which are contested either on the basis of voters' markings or judges' initials.

The rulings on the ballots may determine who actually won the supervisor, clerk, assessor and trustee races, but the outcome of the officials would depend upon upcoming rulings on the pending motions.

Unofficial tallies show the candidates close in some races, with Macios leading Madison by only two votes for assessor, 1,489 to 1,487, and Davis possibly leading Whitell by only about eight votes.

There are indications that Mrs. Hawkins and Andrew Besserman may have received more votes for trustee than Jerry Adams, who currently is seated on the board.

All of the unofficial totals, however, exclude the 488 contested ballots, and a ruling on those ballots could affect the outcome of those races, some observers feel.

Mrs. Moody dies at 72
Mrs. Arnette Moody, 72, of 3 Wood St., Natchez, Miss., became ill while visiting in the home of her sister-in-law, Mrs. Elmore Toler, 813 Jefferson St., Madison, and was pronounced dead at the scene at 7:45 p.m. by William Sternberg, Madison County deputy coroner.

She had been ill for 10 years of a heart condition.

Mrs. Moody was here to attend the funeral today of her brother Albert Toler.

Arrangements are pending at an East St. Louis funeral home.

Youth found in apartment; 3 charges filed

Jeff Jobe, 17, of 1404 Kirkpatrick Homes, was arrested in a vacant apartment at 2706 Kirkpatrick Homes at 11:00 p.m. Tuesday and was charged with criminal trespass to property, unlawful use of an intoxicating compound and unlawful possession of a hypodermic syringe and needle, authorities allege.

Police said they were called on a possible burglary in progress at the vacant apartment and found the kitchen window had been pried open and the screen forced off. The kitchen door was ajar.

Officers entered and alleged finding Jobe descending the stairs from an upstairs bedroom. In the bedroom they allegedly found a plastic bread bag with gold paint sprayed inside and a can of spray paint beside it.

A hypodermic syringe and needle allegedly were found in Jobe's pants pocket.

Bond was set at a total of \$3,750 and he was taken at 3:40 a.m. Wednesday to the Madison County Jail at Edwardsville in lieu of bond.

Sanitary district to ask grant for sewer repair

Plans to ask the U.S. Department of Housing and Urban Development for a grant to assist in replacing broken areas of the trunk line sewer extending from Centerville Township to the Cahokia sewage treatment plant were authorized by the Metro-East Sanitary District board in a meeting in Granite City Tuesday.

Board members agreed to ask John Sprague, district attorney, to prepare applications for a grant which customarily amounts to 75 per cent of the cost. The trunk line sewer repair cost has been estimated at about \$5 million.

The board also decided to instruct Sprague to meet with Harold Baker, attorney for the village of Monsanto, to discuss preparation of papers for transferring the district's Monsanto pumping station to the village. The village has requested that the pumping station be given the village for operation and maintenance.

Board members voted to award a contract to the

Belleuve Carpet Co., Collinsville, to provide 620 square yards of carpeting at \$3,986 for the district's newly purchased office and garage building, 6200 Forest Blvd., Washington Park. The company was the lowest of two bidders.

POSTPONE MEETINGS

This week's scheduled meetings of the Granite City Board of Appeals and Plan Commission have been postponed as neither body was able to have a quorum present. The Board of Appeals will meet Wednesday, Oct. 19, and the Plan Commission Thursday, Oct. 20. Both meet at 1:15 p.m. at 2301 Adams St.

MITCHELL OPEN HOUSE

The fire hall of the Mitchell Fire Department will be open to the public from 10 a.m. to 5 p.m. Saturday for an open house marking Fire Prevention Week. Rescue equipment and fire trucks will be on display. The hall is on East Chain of Rocks Road in Mitchell.

MEET ON EDUCATION INDUSTRY COOPERATION
Persons interested in improving the employment potential of area job seekers will meet at the Sunset Hill Holiday Inn from 9 a.m. to 12 noon Tuesday, Oct. 18, to hear Gerald Nagy of the Flint, Mich., Area Chamber of Commerce Business-Education Council. He will discuss programs to enhance effective communication and cooperation between employers and educators in the Southwestern Illinois labor market.

GRANITE CITY PRESS-RECORD Thurs., Oct. 13, 1977 Page 3

Sister Pfeiffer, 79, dies

Sister Anna Marie Pfeiffer, 79, a resident of the Mother House in Normandy, Mo., a former teacher in Venice and Madison, died at 8:30 p.m. Wednesday at St. Elizabeth Hospital, Granite City.

She was born in Germany and resided in St. Louis 45 years. Sister Pfeiffer joined the Order of Divine Providence in

1922, and took her vows in 1924. She taught school in Venice from 1933 to 1934 and in Madison from 1937 until 1940. She has been a teacher at the Mount Providence School for Boys in St. Louis for 20 years. She is survived by one sister, Miss Helen Pfeiffer of Germany. Funeral services are given in the obituary column.

Venice group may dissolve

The Venice Homecoming and Memorial Association, active here for many years following World War II, may dissolve. Members discussed that possibility Tuesday night and propose to review the idea at a meeting set for 7:30 p.m. Wednesday, Oct. 26, at the Venice City Hall.

President Alfred Pace said the 25 members own a building at 134 Broadway occupied by the Park Grill, and the association also has financial assets.

Births

Births recorded at St. Elizabeth Hospital.

GIRLS

Mr. and Mrs. James Chiam, 2719 Namecki Drive, Oct. 10, Angela Lynn, seven pounds, six ounces.

Mr. and Mrs. Clyde Walker Jr., 2284 State St., Oct. 10, Kindi Lynn, seven pounds, 13 1/2 ounces.

Mr. and Mrs. Robert Dugan, 2311 Illinois Ave., Oct. 12, Christina Grace, six pounds, 14 ounces.

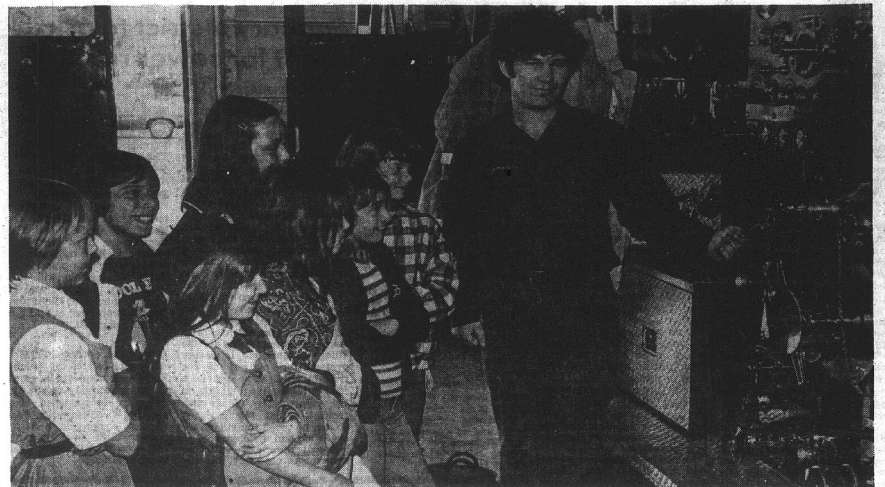

Mr. and Mrs. Michael Anderson, 4501 Highway 162, Oct. 12, Brandi Marie, five pounds, 13 1/2 ounces.

Mr. and Mrs. Eric Robertson, 3648 Terrace Lane, Oct. 12, Erin Marie, seven pounds, 11 pounds.

BOYS

Mr. and Mrs. Ronnie Willman, 2011 Alton Ave., Madison, Oct. 11, Ron Deayne, six pounds, two ounces.

Mr. and Mrs. Paul Liszewski, 921 Grand Ave., Madison, Oct. 12, John William, eight pounds, seven pounds.

FIREHOUSE TOUR. Members of Girl Scout Troop 123, sponsored by Maryville School, inspect the complicated controls of a fire engine, explained by Fireman Ed Hagnauer, during a tour of the main fire station, 23rd Street and Madison Avenue, Tuesday. The fire station along with the West Granite and Johnson Road stations are holding open house and

conducting tours in observance of Fire Prevention Week. Front row, from left, are Kathy Schmidt, Missy Kozak, Carla Graham and Beth Sues. Back row, from left are Susan Harnish, Alicia Melton and Beth Gsparovic. The leader of the troops is Becky Marlette. The three fire stations will continue to hold open house today through Saturday. (Press-Record Photo)

News notes

The temperature dropped to 34 degrees, lightly frosting many parked autos, and there was a thick blanket of fog in many areas of the Quad-Cities, slowing commuter traffic this morning.

Illinois state police officers' concentrated traffic enforcement program, launched in September, netted 601 violators in Maryville District 11 in the first month. Four persons alleged to be driving while intoxicated and a fugitive from justice were among those detected.

Steel industry employment fell by 13,000 in August, new figures showed today.

American Legion Post 307 will present the Grand Ole Opry of Nashville, Tenn., starring Carl Smith, Tommy Jennings and Brenda Riley, at the Venice-Madison Legion Home on Broadway Oct. 29 to aid the American Legion Haven Home and Venice-Madison Crippled Children Fund.

Sen. Barry M. Goldwater, considered a conservative, said Wednesday Illinois Governor James R. Thompson (called a liberal by some) has an "excellent chance of getting the 1980 Republican Presidential nomination if he wants it. He's running Illinois in a conservative way."

SIUE President Kenneth Shaw said Tuesday an outside consultant will help decide the future of the fund-plagued Mississippi River Festival summertime concert series.

Five new whelping coveys have occurred in the Alton and Collinsville areas, state public health officials said Wednesday. There have been 34 cases in Madison County and 44 in St. Clair County this year.

DAVID KNOLLMAN (right) is congratulated Wednesday by John Blasingame, Tri-Cities Area United Way drive chairman, at the campaign's first report meeting. Knollman secured 100 per cent participation by the First Granite City Savings and Loan Association. (Press-Record Photo)

ARCHEOLOGICAL SITES MEETING NEXT WEEK

State Rep. Monroe L. Flinn (D-Chicago) announced today that the Subcommittee on Archeological Sites of the Environment, Energy and Natural Resources, which he is chairing, will hold a meeting at the Holiday Inn in Collinsville beginning at 10 a.m. Tuesday, Oct. 18.

The meeting is to discuss House Proposal 37, which suggests creation of a new act concerning protection of archeological sites in Illinois. For information, Quad-Cities may call Flinn at 451-3815.

Asks jury trial

A jury trial was requested Tuesday by a Granite City man charged with aggravated assault after an incident in which Stanley Marler, 19, charged he was threatened by the man with a double-barreled shotgun, Friday.

Marler told police he was stopped in traffic at Namecki Road and Highway 162 when a man in a car behind him got out of his car and walked toward Marler. Marler said he stepped out of his car and the man told him get back in and to follow him.

Marler reported he followed the car to Jill and Myrtle where the man motioned for him to stop. Both men got out of their cars and Marler alleged the man was holding a shotgun on him. The man verbally abused him and then told him to leave, he reported.

Police were summoned and after checking a license plate number later picked up Pete Fecurka, 39, of 3224 Carlson Ave., who was charged with aggravated assault.

Fecurka gave police permission to search his car and police said they found a 20 gauge, double-barreled shotgun on the back seat with two shotgun shells.

HURT IN ACCIDENT

Ricky Doughty, 26, of 2134 Ohio Ave., walked into St. Elizabeth Hospital at 6:40 p.m. Wednesday for treatment of an injury to the left arm and a small abrasion to the left knee, sustained in an auto accident. She was released.

SUFFERS CUT TO HAND

Mr. Meloye King, 25, of 2134 Ohio Ave., walked into St. Elizabeth Hospital at 9:08 p.m. Wednesday for treatment of a one-inch cut to the left hand, which he reported having suffered in an argument. He was released.

GODFREY MAN HURT

James Miller, 25, of Godfrey, who suffered neck pains after an auto accident, had x-rays taken and was treated and released at St. Elizabeth Hospital at 8:10 p.m. Wednesday.

FURNACE FIRE STARTS

Trash in a heating unit ignited when a furnace was lighted at 8:15 p.m. Wednesday at the Donald Marquis home, 2242 State St. Firemen extinguished the blaze, remaining at the scene 25 minutes. No loss to property was listed.

HURT IN ACCIDENT

Lola Baker, 52, of 2259 Monroe St., was injured when an auto in which she was a passenger and a truck collided and she was thrown around in the auto Tuesday morning. She was admitted to St. Elizabeth Hospital at 7:35 a.m. Tuesday for observation of a head injury. She also injured her right hip, back and neck.

NORTH BOOSTERS CLUB

The Granite City High School North Booster Club will meet at 8:30 p.m. today in the school cafeteria. Parents of athletes, plus coaches and the general public are welcome to attend. Everett J. DeMott, president.

FIRST PLACE WINNER. The Art Club's entry in the South High Homecoming parade passes the judges' stand in the Granite City Memorial Stadium last week before leaving the campus grounds for a short parade. The float was a re-creation of the famous painting "Whistler's Mother" with a large tiger on a leash added to the scene. The tiger represented the Edwardsville

High School Tiger football team which was the South High Warriors opponent in the annual homecoming game. "Tame the Tigers" was this year's game theme. The judging and parade took place in a steady downpour which drenched the floats and students, but didn't dampen the spirit of the day.

(Press-Record Photo)

What to do before and after a frost

By CHRIS DOLL, Area Garden Adviser
Although some areas have had a couple of light frosts this fall, many gardens are still producing.

By using good harvesting methods and temporary storage, the value of the garden can be extended well into fall. The most frost-sensitive crops are tomatoes, peppers, green beans and the vine crops. These should either be protected or harvested ahead of the frost.

If you cover plants, don't use plastic directly on the plants as it conducts cold very readily. It can be suspended above the plant.

Newspapers, blankets, boxes or baskets have been used satisfactorily to make covers or tents. Remove covers during the day and recover on nights when frost is predicted. Then harvest tender crops before the first freeze.

Tomatoes can be stored four to six weeks after harvest if healthy, firm fruits are selected. Remove the stems to prevent

them from puncturing tomatoes. Wash or brush the fruits to remove soil and residue, and let dry. Store fruits that show red color in separate containers from green fruits. The red or coloring tomatoes will be used first. Pack the green tomatoes one or two layers deep in shallow boxes or trays for ripening.

Mature green tomatoes reach an eating ripe state at 65 or 70 degrees F. in about 14 days. Ripening can be slowed down by reducing the temperature to 55. Don't hold tomatoes at 50 or below for more than a few days. At 55, mature green tomatoes need about 25 to 28 days to ripen.

An airy cellar or outbuilding where these temperatures can be maintained along with moderate humidity is best. Too much dampness encourages decay.

Stored tomatoes should be sorted at seven- to 10-day intervals to remove ripe tomatoes and those showing decay.

Mature green bell peppers can be kept in the home storage for two to three weeks. Firm, dark-green peppers are best for storage. Pick, wash and sort according to maturity. Place the peppers in perforated polyethylene bags and store at temperatures between 45 and 50 F.

Root crops such as beets, carrots, celeriac, rutabagas, turnips and winter radishes should not be put in storage until late fall.

These crops withstand autumn frosts and are better off in the garden until the nights are cold enough to permit proper storage. They store well in caves, basements and pits. Dig root crops when the soil is dry. Immediately prepare them for storage by cutting the plant tops about one-half-inch above the crown.

They may be cleaned and washed if dried thoroughly before storing. These crops

keep best between 32 and 40 F. They require high humidity to prevent shriveling. To maintain this humidity, bed in moist sand, peat or sphagnum moss. Or, use polyethylene bags with four one-fourth-inch air holes.

Late cabbage can be stored in pits or outdoor storage. To store in pits, pull the plants out by the roots, place them head down in the pit, and cover with soil. Parsnips, salsify and horseradish can be left undug and thus stored in the garden. They can also be dug and stored like the other root crops.

All members of the Brassica

((cabbage) family should be stored outside of the home because of the objectionable odors they give off.

Not every home has the ideal place to store these vegetables. Modern homes with central heating are poor for storage unless a separate room is constructed.

Alternatives are outside buildings, caves, fruit cellars, or pit storages under soil and straw.

One or all of these may be used, depending on the crop to be stored and facilities and space available.

Seek comments for health systems plan; hearing on Nov. 17

The board of directors of the Greater St. Louis Health Systems Agency at its October meeting has approved a draft five-year plan for improving health in the St. Louis metropolitan region.

The board authorized its distribution for public inspection and comment prior to final board adoption.

Known as a health system plan or HSP, the document has been in preparation for over a year.

It examines the health status of area residents and current health services for: acute care, long-term care, ambulatory care, mental health, illness prevention and health promotion, maternal and child health, and emergency medical services.

It identifies specific goals, objectives, and recommended actions for improving such services.

Among the goals for which the document recommends actions are: an increase in the supply of primary services throughout the eight-county region; a minimizing of financial barriers to reimbursement for ambulatory and other out-of-hospital care; improved cost-effectiveness of inpatient (hospital) care; and the availability of minimally acceptable public health services for all residents.

The draft document will be available at public libraries around the region, including the Granite City Library, 2001 Delmar Ave., and at the Agency office, 915 Olive St., 15th floor.

Summaries of the plan will be distributed on request.

There will be public hearings on the document in each county from Nov. 7 through Nov. 18, including the SLUE Religious Center at 7 p.m. Nov. 17.

All comments received will be incorporated into the document when it is brought back to the board on Nov. 30 for final approval. When finally enacted the plan will become policy regarding decisions about the allocation of health care facilities and services in future years.

The Greater St. Louis Health Systems Agency received conditional designation in April 1976 as the official health planning and resource development agency for the Illinois counties of Madison, Monroe, Clinton and St. Clair, and the Missouri counties of Franklin, Jefferson, St. Charles and St. Louis and the City of St. Louis.

It is one of about 200 such agencies around the U.S.

authorized by the National Health Planning and Resource Development Act of 1974.

A major aspect of full designation of a health systems agency is the development and board approval of a five-year health systems plan and the first annual implementation plan.

For information on receiving copies of summaries of the plan, Quad-Cityans may contact the agency's Planning Division. For information on the public hearings or the library sites, they may contact its Community Division.

Both are at 915 Olive, 15th floor, St. Louis 63101 (telephone 314-241-5810).

South rally beats Rosary; North wins shutout

By PETE HAYES
Press-Record Sports Editor

With a thrilling, come-from-behind surge, the Granite City South soccer Warriors defeated Rosary of St. Louis yesterday at South, 5-1.

The Warriors trailed going into the second quarter, 1-0 but got the equalizer from Greg Feigl at 5:4 of the second period on an assist from Mark Goldschmidt. And that's the way it looked as if it would end up.

Play seemed to be centered in the Warriors' end of the field much of the time in the third quarter. Rosary had two penalty kicks, but couldn't convert on either.

Another penalty kick, this one by South's Mark Goldschmidt, also in the third quarter, seemed to have the Rosary goalie beaten. He lofted the ball

over the Rosary wall of defenders and the ball curved...almost into the net.

But not quite. The Rebels' goalie dove to his right and tipped the ball away from the net.

At the 5:25 mark of the fourth quarter, Feigl once again put the Warriors on the scoreboard. Taking a pass from Mark Goldschmidt just in front and to the left of the goal, Feigl chipped the ball into the corner of the goal, just beyond the reach of the Rosary goalie.

That seemed to break the Rebels' backs. Mark Goldschmidt got into the act at the 11:06 mark on a penalty kick. His brother Dave scored just 48 seconds later on an assist from Feigl.

Feigl scored the last goal of the game at 19:04 to make the final margin 5-1.

South coach Gene Baker said he thought it was South's most impressive win of the year. "To beat a team as good as Rosary 5-1 is great," he said. "To use an old cliché, 'The final score doesn't indicate how tough the game was,'" he added.

"Barry Briggs made a couple of key saves. (David) Fernandez and Feigl both had good games...it was just a good victory to have."

Baker also said that before today, he didn't think the team was where it should be as in relation to going into the post-season playoffs.

"We are as of today, though," he said. "We matured as a team today."

NORTH ST. PAUL-HAZELWOOD CENTRAL 1
On Monday afternoon, the Warriors ventured to North St. Paul to take on the Hawks for a battle

Steelers improved their season record to 15-1 with an impressive win at St. Paul Highland.

Cliff "Butch" Stefanoff scored two goals for North and Mark Jones added the other.

At the three-minute mark of the first half, Stefanoff scored off an assist from Marty Dooley to break the scoring ice.

Eight minutes later, once again on a pass from Dooley, Stefanoff scored his second goal.

Thirty minutes into the second half, Jones got his goal on an assist from Jeff DeMott.

of soccer giants. Mark Goldschmidt put the Warriors ahead with 26:22 left in the first half with a zinging 28-foot foul shot blast.

At 18:23 of the second half, Central managed to get one past Barry Briggs to even the score.

Both Granite City teams will be playing their next games in Quincy.

On Saturday afternoon, South will play Quincy Senior High at Quincy College's field, as a preliminary game to the SIUE-Quincy College contest. South's game is set to start at 11:30, with the college clash to follow.

North also will be in action Saturday. The Steelers play at Quincy Notre Dame High at 7:30 p.m.

INTENT while dribbling downfield in yesterday's win over Rosary is South's David Goldschmidt. He scored a goal in the Warriors' come-from-behind 5-1 victory.

Press-Record

Sports

Warriors to take on Kahoks

Granite City South's Warriors will become the second Granite City high school team to venture to Collinsville tomorrow night, when they take on the Kahoks at 7:30 p.m. However, they hope the outcome is a little different.

The Kahoks scored a 21-20 win over North in the second weekend of the season. Coming off a disappointing 7-0 loss to Edwardsville in mud-bath-like conditions last week, South is hoping to re-group and even its record at 3-3.

Collinsville, meanwhile, is also coming off a game that was played in a torrential downpour last week. The only difference is that the Kahoks won, 13-7 over Alton.

The Kahoks came from behind with two touchdowns in the final quarter to take the win. Joe Camillo, a 200-pound senior

fullback, scored both Collinsville touchdowns.

The Warriors' defense will have to try and stop Camillo tomorrow night. He gained 77 yards in a sea of mud at Alton and could be even harder to stop on a dry field.

The Warriors, meanwhile, had no offensive standouts last week. The reason? The footing at Granite City Stadium was so bad that no Warrior could break outside for a long-gainer. But on a dry field, things could be different.

The South defense, however, did have some outstanding moments against Edwardsville.

Both Ron Landman and Keith Green were in the Tigers' offensive backfield about as much as the Tigers themselves. The Warriors were able to

keep Edwardsville from turning the corner and getting outside all night. They may be able to do even more on a dry Football Bowl field in Collinsville tomorrow.

Collinsville's defense also was up to the task Friday, however. It held a potent Alton Redbird offense to only three first downs, while the Kahoks were racking up 13.

"I can't give the defense enough credit," said Collinsville head coach Lloyd Dunne. "We didn't give them (Alton) a break all night."

But on a dry field, with a bend-but-never-break defense, and a healthy team, it could be that South's head coach Stan Wojcik will be saying just about those same words after tomorrow's game.

DAN HARPER, Granite City North golfer, who has had his scores count in every single match that the Steelers have played in. No other North golfer can make that claim.

North travels to DeSmet

After winning a 21-14 thriller over Mt. Vernon last Saturday night, the North football Steelers travel to St. Louis this Saturday afternoon to take on DeSmet High School in a 1 o'clock game.

Perennially powerful DeSmet was also a winner last week, defeating Hazelwood East, 14-6. All of that is history now. But the Steelers are hoping that a little of the magic that gave them their win over Mt. Vernon will rub off this Saturday.

North held the Rams three times inside their own one-yard line—the last two times were in overtime.

In the fourth quarter, the Steelers stopped Mt. Vernon on a fourth-and-goal from the one-foot line.

North Coach Tom Wyrostek was pleased—if not elated—at his team's showing. He said he had had confidence in the defense. He should have even more now.

GOING TO WORK for the Steelers on offense will be running backs Mike Sherman, Bruce Wright and Tom Grecco. Grecco earned his wings after Sherman was injured in the North Roxana game two weeks ago.

Now that another running back has been found, the Steelers should be even harder to stop. They racked up 194 yards on the ground in less-than-good conditions Saturday night, following the rain Friday night.

The quarterback position could be a question mark for North. Sophomore Tim Dudley started last week and guided the Steelers well. Normal starter Doug Rains also was injured in the Roxana game and saw

action on only a couple of plays last week, even though he did see quite a bit of duty on defense.

"Doug didn't even practice with us until last Thursday," said Wyrostek. "It's just a day-to-day thing as to whether we'll be able to go with him against DeSmet."

"But I've got confidence in

Dudley... he's coming along real well."

The Steelers will do—as they have all year—most of their work on the ground. Against Mt. Vernon, they threw for only 14 yards in the air.

Coupled with a strong defense, the North offense might prove to be DeSmet's undoing Saturday afternoon.

He was on the receiving end of

Sports world

Goldschmidt contributing to soccer Bills' success

Former Granite City South soccer star Don Goldschmidt is making his contribution to the number-one ranked (nationally) St. Louis University Billikens soccer team.

Don has seen action in seven of the Bills' eight games, has scored one goal

and has one assist for a total of two points.

He is the brother of the soccer playing Goldschmidt brothers currently at South, Mark and Dave.

The Billikens are ranked as the top soccer team in the nation for the fourth consecutive week.

Ebert leads Cougars in goals

According to the latest statistics, Don Ebert is the leading goal-scorer on the Southern Illinois University at Edwardsville soccer team.

Starting in five of the Cougars' eight games, Ebert has had 33 shots-on-goal and has made good on eight of those shots.

He is also the leading point-getter overall, with three assists to go with those eight goals for a total of 11 points.

The next highest scorer is

Roloids Open returns to area

The \$100,000 Roloids Open will return to this area this winter for the third consecutive year.

John Alar, president of American Chicle Co., makers of Roloids, announced along with officials of the St. Louis-based Pro Tour Promotions that the rich event will be staged at Dick Weber Lanes March 14-18, 1978.

Alar said his company chose to return to St. Louis because of the reputation given the tournament in 1976 and again last winter.

"Sports fans and bowlers have responded overwhelmingly to the event, and we are pleased to be associated with the sport of bowling and our many friends here," he declared.

In Akron, Ohio, home of the Professional Bowlers Association, Commissioner Joe Antenora said the finals of the competition will be telecast nationally by ABC-TV, 2:30 p.m. local time. The St. Louis ABC affiliate is KTVI-TV, Channel 2.

Steve Neff, Sarasota, Fla., won last year, upsetting top-seeded Tommy Hudson, Akron, 215-190, in the title game to capture the \$14,000 first prize.

Both of them are expected back. Hudson has won more than \$80,000 this year and Neff also is among the top winners on the current tour, with over \$40,000.

Others expected to compete include 1976 winner Mark Roth, Staten Island, N.Y., who tops Hudson with

\$85,000 in winnings; Ed Ressler, Allentown, Pa., another champion at the Weber Lanes; Jim Stefanchik, Joliet, Ill., and Carmen Salvo, Chicago. Local Pros Dick Weber, Gary Patterson, Ray Bluth, Billy Walden, Don Helling, Ray Orf and Norm Meyers also are expected to make a run at the title.

Pro Tour Promotions was formed four years ago, specifically for the purpose of bringing the PBA stop to St. Louis each year.

The group is comprised of Weber and Bob Timme at Dick Weber Lanes; Junior Lally, Bowl Haven, Alton; Ray Bluth, Crestwood Bowl; Gregg Campbell, Crest Bowl; Don McClaren, Village Bowl, Cahokia, Ill.; Ben Shenberg, Tower Bowl; Gary Patterson, Ellisville Bowl; and Chuck Lammlein, Rolla, Mo., who will assist the new owner, Harold Siebert, Colonial Lanes, there.

Weber and Timme will serve as general tournament co-chairmen, and will work with PBA and Roloids officials in staging the event.

Weber said that a professional-amateur event will be held on the opening day, Tuesday, March 14, and that the event will be open to men and women amateurs. There will be a separate prize list for the amateurs.

Information about the professional-amateur event and ticket sales will be available soon, according to Weber.

Sikes gets game winner as SIUE varsity wins

A screeching single over second base in the home half of the ninth inning by Granite City's Brian Sikes (South class of '75) gave the varsity a 9-8 victory over the "old timers" Sunday afternoon at Cougar Field in the sixth annual alumni baseball game at Southern Illinois University at Edwardsville.

Coach Roy Lee's varsity went into the ninth frame trailing the alumni, 8-6.

Tommy Carrol, another in a long list of standout shortstops furnished to SIUE by Edwardsville High (Pat Peterson and Dave Schaake, the most recent), led off the ninth with a clean single to left off the alumni's third hurler, former

Quad-Cityan Stan Osterbur (class of '77).

Nick Baltz started for the alumni and was nipped for two first-frame runs, featured by a homer off the bat of Lance McCord. Jim Nafke led off the first inning with a slashing triple off Baltz and came home as Randy Manley grounded out to first.

In the second inning, alumni bats began booming in earnest as they scored six tallies blasted by a four-bagger by Dennis "Herbie" Werth over the 408-foot mark in right centerfield. Werth, a Mt. Pulaski native and a member of the New York Yankees' triple-A Syracuse, N.Y., club, paced all hitters with a three-for-four effort, including the home run, a

double and a single good for four runs-batted-in.

Steve Brendel's triple in the varsity big four-run sixth drove in a pair of tallies and reduced the alumni's lead to 8-6. Brendel's triple came off a tiring Steve Malone, who took over from Baltz in the fourth. Osterbur came on in the seventh.

Coach Lee used eight hurlers and a completely new lineup for all positions over the nine frames.

Kent Hendrickson started and went one frame. He was followed by Steve Ehlers (two innings) and single frames by the following: Mike Smith, Jay Coughlin, Tony Stajduhar, Larry Donaldson, Brian McFarland and John Mueller.

CHRISTY BAUER of South performs well Tuesday despite cold weather and high winds at the North Courts. She defeated Margie Vershuyt 6-0, 6-1. South won the meet 7-0.

Cougars win in field hockey, 2-1

Racking up another game in the victory column Monday, the Southern Illinois University at Edwardsville's women field hockey team is now 5-2-1 for the season. The fifth SIUE victim was Principia College, 2-1, on the playing field at Elish.

All scoring came in the second half.

Freshman Beth Wyatt of Granite City and Junior Jan O'Laughlin of Edwardsville blasted in the goals for the Cougars. Jane's goal came from a corner shot.

Sue Powell flicked the losers' lone goal into the net.

The women Cougars had 12 shots on goal to Principia's seven. Sharon Frey, SIUE goalkeeper, made seven saves, while Principia's keeper burned back 10 Cougar shots.

The SIUE field hockey squad does not have another game until Saturday, Oct. 22, when DePaul University of Greencastle, Ind., and the University of Missouri-St. Louis Riverwomen come calling at Cougar Field for a pair of games, one at 9 a.m. and the other at noon.

DOORWAY TO BETTER LIVING—

a new house or apartment!

Whatever your living space requirements and income level, you can find a different, better place to live through GRANITE CITY PRESS-RECORD want ads.

Granny's Dress-A-Doll Contest

Come in and get your doll now. It's free.

We have a doll waiting for you, a 19" beauty with eyes and arms and legs that move. All the doll needs is a costume, and that's where you come in.

Design and sew a costume for the doll, then return it to us. We'll enter it in our contest, award prizes in a variety of categories and display all the dolls in our lobby for the public to admire and enjoy.

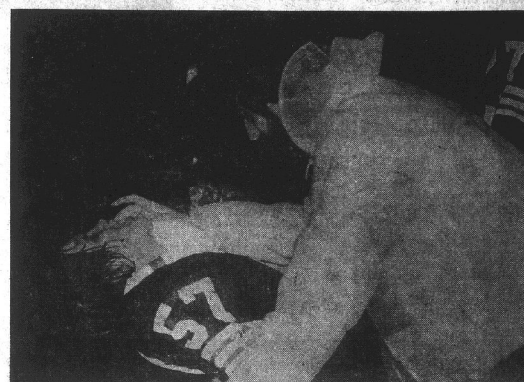

Your doll is a Christmas gift for a needy child.

After the dolls have been displayed, they'll be wrapped and given to organizations which will distribute them to needy children. Some grateful child will receive your doll and wear that "I - got - a - doll - for - Christmas" look on Christmas morning.

Make it happen. Join Granny's Dress-A-Doll program now.

Deadline for entering, November 14, 1977.

OUCH! Warrior linebacker Bob Ronney got a little more than he bargained for last Friday night in South's loss to Edwardsville. He got a Tiger bite. In the fourth quarter, he received a smack underneath his helmet that cut his lip. He's being attended to here by Granite City District Trainer Bill Cochran.

Warriorettes beat North 7-0, take city girls' tennis title

South's Warriorette tennis team was just too much for North to take Tuesday afternoon at the North Courts.

In unusually cold weather, with wind gusts of up to 25 miles per hour, South dominated the match enroute to a 7-0 shutout over the Steelers.

In singles, South's number-one Christy Bauer defeated

Margie Vershuyt of North 6-0, 6-1. Laura Gabriel beat Vicki Cottrell 6-1, 6-0. Theresa Hayes won over Connie Lee 6-0, 6-0 and Linda Vaughn beat, Laura Sobolewski 6-0, 6-1.

In doubles, the South team of Susan Bell and Mary Ellen Hutchings won over Cindy Campbell and Shelly Pohman 7-5, 7-5, Jane Mateosian and

Susan Squires beat Liz Clay and Beth Goff 6-0, 6-1 and the Sherrie Depew-Agatha Grabowski team defeated Lisa McKee and Chris Clay of North 6-2, 6-0.

South has a meet at Alton today beginning at 4 p.m.

North is also in action this afternoon. The Steelers play at 4 o'clock in Chokila.

North golfers beat East

Granite City North's golfers pulled off somewhat of an upset Tuesday when they beat Belleville East and Highland in a double-dual meet held at Belleville.

The upset was not of Highland, but of Belleville East. The Lancer golfers are considered to be one of the strongest teams in the area and the state. It was North's final meet of the season.

The double win gives North a

final record of 17-4-1. The Steelers begin district play, along with Granite City South's Warrior golfers, tomorrow at Wood River.

On Tuesday, North's Dan Harper fired a 30 to give him ten 38 scores on the season, the first Steeler golfer to average under 40 for the year.

Russ Chappell was one shot behind, as was Brett Smith, both fired 40s. Rob Fyalka and Scott Robertson shot 43s for

North.

South didn't fare quite as well in the Springfield Southeast Invitational Monday. The Warriors finished 20th out of 23 teams in the 18-hole tournament.

Herman "Dutch" Schroeder shot an 81, Jol King an 86, Greg Mulach a 95, Kevin Romine a 96 and Ben Brown a 97. Decatur Eisenhower and Springfield Griffin finished in a tie for first in the tourney.

IT WAS SO COLD... that Laura Sobolewski of North is wrapped up more like a cross-country skier than a tennis player for her match against South's Linda Vaughn. Miss Vaughn, however, was a little too hot for Miss Sobolewski to handle. The Warriorette won in straight sets, 6-0, 6-1.

Cougars lose to UMSL

YESTERDAY, the Cougars ventured to St. Louis to take on the UMSL Rivermen. They were probably sorry they did. UMSL notched only one goal, but it was enough. The hosts shut out the Cougars 1-0. Current rankings released by the Intercollegiate Soccer Coaches Association of America have St. Louis University still No. 1. The Bills were trailed by Clemson University, Indiana U., Loyola-Baltimore, Hartwick College (New York), University of California at Los Angeles (UCLA), the Cougars, Howard U., Brown U. and the University of San Francisco. Third-ranked Indiana was turned back 1-0 by SIUE in an opening season exhibition game held Sept. 1 at Evansville, Ind. The Hoosiers' clash with St. Louis U. last Friday was flooded out and has been rescheduled for Thursday night, Nov. 10, just six nights after the Cougars and Bills battle it out for possession of the Bronze Boot Nov. 4 at Francis Field. By that time, just which team is really No. 1 in the nation should be nailed down.

Granite City firemen put the finishing touches on a two-page promotion for today's Press-Record to publicize the upcoming firefighters' dance Oct. 22 at Croatian Home, 10th Street and Madison Avenue, Madison. Tickets costing \$2 per person will be sold at the door and include refreshments and set-ups. At left is Carl Kalkbrenner. Standing is Roy Schultz, both of the dance's publicity committee. (Press-Record Photo)

Pet adoptions Saturday

The Association for Protection of Animals (APA) will hold a pet adoption clinic from 10:30 a.m. until 3:30 p.m. Saturday at its Nameoki Village adoption shelter, located between Gasen Drugs and The Fabric Store.

APA volunteers have improved the appearance of the shelter by installing floor tile, paneling and ceiling tile and trimming the exterior with new paint.

Several dogs, puppies, cats and kittens will be offered at the shelter and a list of other animals available for adoption will be displayed. Mrs. Marty Bridges and Mrs. Mary Ann Loftus, APA officers advised.

Among the pups is a litter of five females of mixed German Shepherd and malamute breed. Some are light cream in color

and others are brown.

A mostly white with tan short-haired puppy, 4 months old, which will grow to be a medium-to-large dog, and a 4-month-old black male shaggy puppy of mixed terrier breed, also may be adopted.

Cats available for adoption include a male sealpoint Siamese, 1-year-old, very gentle nature; a litter of black and white and grey and white kittens, 8 weeks old, male and female; and three sealpoint Siamese kittens, male and female, 10 weeks old.

Also ready for adoption by application at the shelter Saturday are a litter of 7-week-old puppies, three black and white and one brown and white, short-haired, who will grow to medium size; and a 2-year-old "Morris" type cat, yellow tiger

striped, named "Cesar," which is very gentle.

To raise funds for construction of a permanent shelter, the APA volunteers are offering tee shirts, emblazoned with a new APA paw print logo, for \$4 each, and Christmas cards with an original drawing on the cover by an APA member for \$3 per box.

Officers of the non-profit humane group report a toll road held earlier this month at Madison Avenue and 23rd Street proved "very successful" and contributions by motorists enabled the shelter building fund to pass the \$10,000 mark.

An additional \$15,000 is needed to construct an adequate shelter, the officers said.

At the present time, a tract of land made available to the organization is in the process of being legally deeded. Zoning of the property will be the next step, they advised.

Donations to aid the shelter fund still may be sent to the APA, P.O. Box 1311, Granite City, Ill. 62040.

Other fund raising projects being planned by the APA include a white elephant and book fair and a spaghetti dinner.

Persons interested in learning more about the animal protective group are invited to contact an officer at 877-4594, or attend a meeting on the second and fourth Tuesday of each month at the Metro-East Sanitary District Office, 1801 Madison Ave.

Henry Schneider, 50, dies

Henry Allen Schneider, 50, of 153C Rue Des Chateaux, Bethalto, formerly of Granite City, died at 12:30 a.m. Wednesday at the Wood River Township Hospital.

He had been ill of a heart ailment and was hospitalized several hours before he died.

Born in St. Louis, Mr. Schneider lived in the Quad-City area 20 years before moving to Bethalto three years ago.

He was employed as a machinist at General Electric Co., St. Louis.

Mr. Schneider was a member of the Word of Life Tabernacle. Survivors include his wife, Mrs. Marilyn Schneider; two sons, Robert Schneider of Poplar Bluff, Mo., and Gary Schneider of Granite City; two daughters, Mrs. Jerry (Sandra) Braswell of Granite City, and Mrs. Richard (Judy) Gleichmann of Riverside, Calif.; one brother, Edward Schneider of Alaska; and six grandchildren.

Funeral arrangements are given in the obituary column.

Reduced front end mortgage payment OK'd

Illinois Attorney General William J. Scott on Tuesday issued a legal opinion which paves the way for young couples to take advantage of plans providing for reduced front-end mortgage payments.

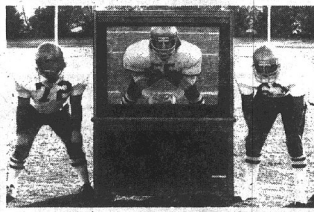

One such plan, the Graduated Payment Mortgage Program, is sponsored by the U.S. Department of Housing and Urban Development.

It provides a constant rate of interest, but some of the interest that would normally be paid back per payment in the early years is deferred by adding it to principal. In this manner, some payment is deferred until later years, when borrowers' incomes are likely to be higher.

Persons using the plan will pay more for a home than the ordinary mortgage borrower, but the barrier to owning any home at all is reduced.

Scott, in his letter of opinion to loan commissioner of Illinois, said the graduated-payment plan does not violate Illinois laws relating to usury, attachment of liens or variable-rate mortgages.

Venice 'Monsterama' on Halloween night

A civic committee, formed and coordinated by the Reverend John W. Ratcliff, pastor of the First United Methodist Church of Venice, is producing a Halloween show called "1977 Venice Monsterama Production" for the children of Venice.

Members of the committee are Earl Hogan, Joe Hogan, George Wade, John Williams, Dale Crawford, Margaret Wade, Barbara Harrell, Virginia Hargis, John Farnbach, Ronald Martin, Christine Ferguson, Wanda Brown, Willie

Teal, Sandra Ratcliff, and Eugene Griggs.

Sanjo the Magician, the master of ceremonies, will perform feats of mystery with Princess Sarah and their famous "Dowel Box Illusion." A Special Guest of the evening will be "King Kong."

The "1977 Venice Monsterama" with an additional "Chamber of Horrors" will be presented at the Venice Recreation Center, at Third and Broadway, Venice, on Halloween, Monday, Oct. 31, beginning at 7 p.m.

The show is being produced for the children of Venice and is being presented to provide a safe place for children to celebrate the tradition of Halloween, a spokesman said.

The production is free to the Venice children. In addition, free refreshments of hot dogs, drinks and candy will be provided for the children.

The "Monsterama," will feature many of the famous monsters, "Frankenstein," "The Wolfman," "The Mummy," "The Mad Doctor" and

"Vampire." There also will be a "Chamber of Horrors."

There will be a costume contest at the "Monsterama."

The "Monsters" will be the judges. There will be two age categories: ages 1 through 12 and ages 13 through 16. The costumes will fall into two categories, purchased costumes and original costumes. Cash prizes and trophies will be awarded to the winners. Venice children are requested to attend as early as possible as seating may be limited.

FOUNTAIN IS STOLEN

A 300-pound stone water fountain valued at about \$500 was stolen from the lawn at the home of Lawrence Heagy, 2801 Grand Ave., the victim discovered at 7:15 a.m. Tuesday. Officers believe the thieves probably used a truck to take the fountain which is in six pieces, including two figurines. There have been numerous thefts, acts of vandalism and an attempted burglary in the area recently.

Ecology specialization

A specialization in ecology as an extension of the bachelor of arts degree program in biological sciences at SIUE was approved Tuesday by the SIUE Board of Trustees, meeting in Carbondale.

No new degree title or program was created by the action, which will be reported to the Illinois Board of Higher Education.

Resources necessary to initiate the specialization will be derived from reallocation. University officials said they expect 20 students per year will be graduating with the

specialization within five years. They said newly evolving national, state and local environment and energy policies have created an increasing need for specialists in environmental interpretation and assessment.

The U.S. Environmental Protection Agency has estimated that 1,500,000 persons will be employed in government and industry in environmental

positions by 1990. The proposed curriculum would serve new, untrained clientele, as well as provide continuing educational opportunities for those already employed in ecological fields.

REINHARDT-Realtor-Sells-BETTER LIVING!!

Dental school master plan will be developed

Approval to seek release of \$111,000 in general revenue funds for development of a master plan for the Southern Illinois University at Edwardsville School of Dental Medicine was granted Tuesday by the SIUE Board of Trustees.

The board also authorized the

president of SIUE to retain — subject to approval of the board's executive committee — an architectural firm to perform the master planning functions.

The funds are part of the fiscal year 1977-78 general revenue appropriations for SIUE,

authorized by Senate Bill 437. University officials said no formalized study has ever been conducted to determine the most effective placement of the School of Dental Medicine. The present facilities on the Alton grounds and all renovations to date have been considered

temporary in nature. Establishment of the School of Dental Medicine was first proposed in February 1968 in a report on education in the health fields, made by a subcommittee of the Illinois Board of Higher Education.

The IBHE formally adopted the report June 4, 1968. It recommended establishment of the dental school on the main Edwardsville campus.

On Jan. 29, 1969, President John Rendleman announced that the school would be temporarily housed at the Alton center until permanent quarters could be erected at SIUE.

Subsequently, university officials agreed that the School of Dental Medicine would remain at Alton for a 10-year period and that facilities being developed there would continue to be used as a clinical center even if the school were relocated.

Following initial renovation of the Alton facilities, formerly occupied by Shurtleff College, the first class of 24 dental students was admitted Sept. 11, 1972, with formal dedication of the facilities on Oct. 3, 1972.

Since then, several renovation projects have been completed, funded from both National Institute of Health start-up grants and state capital funds.

Firm will help equip center for the environment

Retention of an architect to provide architectural and engineering services for acquisition and installation of capital equipment in the Environmental Resources Training Center (ERTC) at SIUE was approved Tuesday by the SIUE Board of Trustees.

Retained was the firm of Booker-Field Architects and Engineers, Collinsville. Estimated costs for the services are \$25,000.

At its meeting July 14, the board authorized SIUE to accept supplemental grant of \$500,000 from the Illinois Environmental Protection Agency for purchase and installation of capital equipment for the ERTC. Architectural and engineering services are now required to proceed with the project, it was related.

Items to be purchased and installed include equipment for a wet chemistry or wastewater analysis laboratory, audiovisual equipment and equipment for pilot-scale unit operations and processes.

With the equipment obtained through the supplemental grant, the ERTC will become a unique training facility because it will offer hands-on training that is not offered anywhere else in the nation, university officials said.

Parsonage damaged by spray paint

Extensive damage was caused by green paint being sprayed on a 200-feet-by-6-foot section of new brick work at a parsonage under construction at the Church of God, 1265 W. Pontoon Road, the Rev. O. J. Cloninger, pastor, reported Monday.

Only the brick work was damaged and windows and doors already set into the section were untouched by the paint spraying vandals, the minister said. Neither was the paint sprayed on the new church building, also still under construction.

Police are investigating an allegation that a disagreement with a building trades union may be the possible motive behind the damage.

The Rev. Cloninger said the church was constructed by union members and the parsonage is being built by non-union workers.

Household repair shop for women

The Granite City Park District will offer a household repair shop course for women on four consecutive Thursday nights, beginning Oct. 20 at 7 o'clock at the Nameoki Recreation Center, Amos and Franklin avenues.

Simple projects from changing a fuse to repairing cords and light switches will be taught by Paul H. McCord, industrial arts teacher at Granite City High School South. The class will provide women an opportunity to learn to do all these things around the home, instead of calling a repairman or waiting for a husband to do them, a spokesman for the park district said.

The program is free for residents of the Granite City Park District.

Sick leave

(Continued from Page 1)

that "It is not the cases where employees are hospitalized that concerns me. These are confirmed cases. Neither do I have any quarrel with the 90-day sick leave accumulation or the sick leave program."

But I think the system is being abused in certain departments by certain people. It appears to be a small minority involving the same employees. A few are making it bad for the others."

Sam Whitmer, alderman of Ward Two, told the other aldermen that "There's no question in my mind that sick leave privileges are being abused. At my plant (Whitmer works at Granite City Steel), anyone reporting ill is off for seven days before he starts getting paid, and then we don't get full pay."

"I've been sick many times when I would have preferred to stay home, but I went to work. I knew if I didn't there was no pay."

"I think this is the way it is for some city employees. If they get up feeling bad, they know they will get paid anyway so they say the heck with it and go back to bed."

"The city sick leave is very lenient, and there are cases where it is flagrantly violated," Whitmer continued, noting that "There are employees who haven't taken a day's sick leave in several years."

Alderman Charles Douglas of the First Ward joined Whitmer in criticism of what he termed "obvious" violations because so many of the sick days are on Friday or Monday, indicating that some employees report sick to get a "long weekend."

Douglas said he had checked over some of the sick leave payments "and I found that a big part of them begin or end on the weekend. They start on Friday and go through Monday in some cases. This makes it obvious to me that there are abuses and that we should do something to control the program."

Boyd said that when the City Council negotiated the sick leave ordinance in 1968 "We had some problems then but not like those we have now."

"We spent a lot of time on that ordinance and we had a verbal agreement with the unions and department heads that they would police the situation if any problems developed."

"This year," Boyd continued, "we have already spent more

THE GLORYLANDERS, a gospel singing group from St. Louis, Mo., who will present a special musical program at 7:30 p.m. Sunday, Oct. 16, at Bethel Temple

than \$70,000 for sick leave through the first eight months of the year. On this basis, if the same rate continues, we will spend more than \$100,000 for the full year."

Whitmer commented that "We devised the sick leave plan for people who are sick. I know we have legitimate cases, but I also know of instances where employees have taken a day off 'to go to the doctor,' but I don't know if they just took a day off to go to the doctor, whether they were sick."

Business representatives of unions to which city employees belong agreed that they are not in sympathy with any abuse of the sick leave program.

Arthur Griffin, representative of the Laborers Union, said that he tries to police "my people" as much as possible. He said one of his men reports to him regularly on matters that would include sick leave.

Griffin noted that when major sick cases are taken from the total sick leave payments made this year, there are not any major problems.

Ed McGovern, representing the Firefighters Union, suggested that the council name a committee to meet with union representatives to discuss the matter. This would provide more time to compile statistics and attempt to pinpoint the problem areas.

Art McFarland, business representative of the Teamsters Union, also urged the appointment of a committee, noting that "I don't think we

have progressed too much here tonight."

Tom Lonovich, representative of the Operating Engineers Union, agreed with the other representatives that abuse of the sick leave system is not indicated after major sick and hospitalization cases are deducted.

On a motion that the matter be referred to the Intergovernmental Committee, council members defeated the proposal by a 5 to 3 vote, with 10 aldermen attending.

Alderman Everett Morlen moved that the mayor be authorized to name a special committee to study the issue and meet with union representatives.

That motion was carried unanimously.

Chouteau to pay salary to new town collector

Chouteau Township Tax Collector Cletus Bedwell will receive a salary for the remainder of this calendar year, due to a legal opinion read by the Chouteau Town Board of Trustees Monday night denying that salary to the family of the late Roy Reeves, who died in July while serving as tax assessor.

Bedwell had agreed to serve without salary from Sept. 12, when he was sworn in, to Jan. 1, 1978, when he was to officially begin his elected term. The agreement was with the understanding that a salary would be paid him if funds designated for the remainder of Mr. Reeves' term were not paid to his family.

A legal opinion from Alan Walker, the board's attorney, indicated that Mr. Reeves' family is not eligible to receive the assessor's salary after his death.

The board agreed to pay Mr. Reeves' salary through the end of July, including \$667 for July, \$50 for rent and other outstanding bills related to Reeves' term.

Bedwell was elected in April to serve as assessor and Charles Lexow as collector, with both terms to start in January. Due to Mr. Reeves' death, Lexow, former assessor, resigned that post in late August and was immediately appointed collector. Since then he has been receiving the monthly difference between the \$8,000 annual assessor's salary and

the \$8,000 annual collector's salary.

However, a request from Dean and Edna Reeves, son and wife of the late Mr. Reeves, for the remainder of his \$8,000 salary, kept the board from appointing an assessor at that time due to a possible shortage in the budget, should Mr. Reeves' family be successful in obtaining the remainder of that salary.

Bedwell then agreed to serve without salary, if necessary, until his elected term begins Jan. 1, so the board appointed him to that post. The legal opinion denying the remainder of Mr. Reeves' salary to his family cleared the way for the board to authorize a monthly salary of \$500 for Bedwell.

The board called a special joint meeting of the board and the Community Development Citizens' Committee which was held last night.

At that meeting, it was agreed the new township community center will be booked free to scouts and senior citizens' groups on Sundays through Thursdays, when available, and will be leased to other township residents for social events for \$50 per evening.

The rental will be \$150 for non-residents of the township and the board pledged to monitor the rental carefully to avoid township residents renting the building for groups of non-residents.

Liquor may not be served or brought into the building under state statutes prohibiting liquor in public buildings.

The board and citizens' committee also discussed possible ways of allocating about \$167,000 available in upcoming community development grant funds.

Suggested programs included drainage, gutters and home improvement programs. A map designating areas qualifying for home-improvement grants was supplied by the community development office in Edwardsville.

The group is requesting Mary Kane, community development program director for Madison County, to meet as soon as possible with Chouteau officials and citizens to provide guidelines on how the upcoming funds can be spent.

Introducing

FORD'S BETTER IDEAS FOR '78

featuring the new Fairmont...the Ford in your future.

The Fairmont Idea.

Fairmont... a new car built for today, but designed for the years ahead. Fairmont combines fuel efficiency, space efficiency and cost efficiency. It's trim outside, and easy on gas, yet it's roomy inside. Stylish, but it doesn't cost a lot. With impressive ride and handling, that's Fairmont—a whole new line of better ideas.

Fuel efficient.

Fairmont sedans offer the best mileage ratings in their class.

4-Speed Manual	Automatic Transmission
33 MPG (City) 33 MPG (Hwy)	33 MPG (City) 33 MPG (Hwy)
23 MPG (City) 23 MPG (Hwy)	23 MPG (City) 23 MPG (Hwy)

*EPA estimates with 2.3 litre engine. Your mileage may vary depending on your car's condition, optional equipment, and how and where you drive. California and Wagon ratings are lower.

Space efficient.

More than 90% of the head room, leg room, shoulder room of most large cars.

Fairmont is not a little car. It's engineered to be space efficient with 90% of the room in key areas of most large cars. And Fairmont's roomy trunk holds ten assorted pieces of luggage.

Cost efficient.

Fairmont sticker prices will be competitive. And Fairmont is designed to keep scheduled maintenance costs down.

Compare Fairmont's excellent combination of high mileage ratings, roominess, and low sticker price with any other car sold in America. You'll see why we call it the Ford in your future.

More new 1978 Ideas to brighten your future driving.

1978 THUNDERBIRD. The new Thunderbird is ready for takeoff. With all the styling, luxury and fine engineering that you expect in a Thunderbird. Most surprising is its down-to-earth price—even with V-8 power, automatic transmission, power steering, power front disc brakes, AM radio, standard.

1978 FORD PINTO. Pinto Pony offers American style and comfort at a sticker price competitive with the leading imported economy cars.

1978 MUSTANG II. Your Ford Dealer's price news covers the T-Road, elegant Ghia and 3-door Hatchback. Go Mustang. Catch the sporty spirit.

NEW GRANADA ESS. Can you tell its looks from a \$20,000 Mercedes-Benz 280SET? Our new ESS is styled in the tradition of exclusive sports sedans. With special luxury inside and exquisite touches throughout. And five-passenger comfort. It's the flagship of our popular Granada line.

NEW FORD FIESTA. Europe's most successful new car... imported from Germany. During Ford Fiesta's first six months of sales, it outsold every new nameplate ever introduced in Europe. Engineered to give its driver dramatic performance. With front-wheel drive.

1978 FORD LTD. The roomy Ford that many families need. If you're one of the millions of people who need a standard-size car, the Ford LTD could be just the car for you. It has a deep-well, easy-to-load trunk. And stretch-out comfort for six that you can't find from a Ford LTD.

GREAT PRICE NEWS FOR '78 ON PINTO AND MUSTANG II! SEE YOUR FORD DEALER FOR DETAILS. TO BE ANNOUNCED THIS WEEK.

1837 MADISON AVE., GRANITE CITY, ILL.

Venice allows

(Continued from Page 1)

business in Venice." Pros and cons of the messenger service continued under discussion after the meeting.

It was said that travel to the building could increase McKinley Bridge traffic volume, with people from Missouri coming here to place bets.

One alderman commented, "It sounds like we're going back to the days of the old Hyde Park Club (illegal gambling and horse race betting). I think we should have checked with the people of Venice before we authorized this service to open."

Mayor Ebersoldt continued to assure the opposing aldermen that there will be no problems and the operation will be closely watched.

Some Chicago area horse race tracks, have voiced the allegation that some messenger firms don't actually take all the bets to the tracks' betting windows, instead "booking" the bets internally and reducing the volume of wagers that might otherwise reach the tracks.

The state of New York has a network of state-run off-track betting offices.

OTB has not been authorized in Illinois. Under New York law, such bets are handled directly and need not be taken by messengers.

PETER LEARNS a lesson from Mama Rabbit, while his cousin Benje enjoys watching the paddling Peter gets for going into Mr. McGregor's garden again. From left are Monty Naler, Bob Slate and Laura Deatherage. They are members of the "Peppermint Players" cast which will present the story of Peter Rabbit at four elementary schools Friday.

CAWDY AND NUTKIN. Cawdy and Nutkin, Barry Reiter, left, and Tim Tingley, are friends of the rabbits who all play in Mr. McGregor's garden. The two are part of the cast of the Granite City High School North "Peppermint Players" who will tour elementary schools Friday.

Riverboat Harmony is Adelines theme

PEPPERMINT PLAYERS of the Granite City High School North speech department are, from top to bottom, Dawn Stoyanoff, the "Peppermint Girl," and "Peppies" Sue Basarich, Laurie McKinney, Pam Tester and Lis Aslem.

"Riverboat Harmony" will be the theme of the Collinsville Chapter of Sweet Adelines, Inc., show to be presented at 9 p.m. Saturday, Oct. 22, at the Webster School auditorium at Collinsville.

George Holtzacher is the director. Featured will be the "Fun-mates" the third-place 1977 Sweet Adelines Regional Competition Quartet from the

Bloomington-Pekin Chapter. Also appearing as guests will be the local "Male Delivery" quartet and the "Gateway Sounds."

Tickets are available from any member of the Sweet Adelines or may be purchased at the door. Admission is \$3, senior citizens \$2 and children will be admitted free.

City buys 9 police cars

Granite City Council members have agreed to award a contract to B. E. Hohlt Co. of Granite City for furnishing the Police Department with nine new police cars on a bid of \$42,411, contingent upon the cars meeting police department specifications.

The Hohlt offer was the lowest of two bids. The other bid was submitted by Granite City Chrysler at \$47,026.

The aldermen also approved the purchase of a desk for the Fire Department from Business Equipment Co. of Granite City on a bid of \$182. The other bidder, Commercial Office Products Co., offered alternate bids on two types of desks at \$307 or \$292.

LET'S TALK TURKEY ABOUT FOSTER CARE

- ★ Dozens of kids in Madison County are desperately in need of substitute family care.
- ★ Foster homes are in shortest supply for girls and boys over 12 years old
- ★ Agencies will pay the bills now, but society will pay the price later for kids raised in institutions or "on the streets," because enough foster homes weren't available
- ★ Several types of foster homes are being sought (for short term, long term, individual, small group, handicapped)

CENTRAL BAPTIST FAMILY SERVICES

PETER RABBIT will be presented by the Peppermint Players at four elementary schools Friday: Maryville School at 8:45 a.m.; Mitchell, 9:45 a.m.; Lake, 10:45 a.m., and Parkview at 1 p.m. From left are Lisa Thompson, Pam Tester and Sue Basarich as Flopsy, Mopsy and Cottontail.

Peppermint Players to tour 4 schools Friday

The Granite City High School North Peppermint Players will make its semi-annual tour Friday to four local elementary schools.

Programs are based upon classic children's stories with scripts written by the students. Dr. Gonic Michaeloff, chairman of the Speech Department, started the Peppermint players in the fall of 1973 when North opened.

The purpose is to give beginning speech and drama

students at North a chance to learn all aspects of drama by experience, in addition to exposing elementary children to basic classics and theater productions.

The 25-minute dramatization on Friday is the classic tale, "Peter Rabbit."

The tour schedule and performance times Friday are: Maryville School, 8:45 a.m.; Mitchell, 9:45 a.m.; Lake, 10:45 a.m. and Parkview at 1 p.m.

Maynard Ritchie completes basic

Marine Maynard Charles Ritchie, 18, formerly of Granite City, has completed boot camp at the U.S. Marine Corps Base at San Diego, Calif. He is currently assigned to Sea School duty at Camp Pendleton, Calif.

The serviceman is a son of Mrs. Janet Gravatt of Pocahontas, Ill., and the late Jack C. Ritchie.

He was born and reared in the Quad-Cities. His mother is employed at Arco Auto Carriers in Madison.

Although Marine Ritchie attended schools here, he was graduated earlier this year from Central High School in Breese, Ill. He joined the Marine Corps on May 30.

Tavern license sought for restaurant buyer

An ordinance amending Granite City's present liquor license ordinance is scheduled to be presented to the City Council in its regular meeting Tuesday, Oct. 18, in response to a request for a license that would permit the reopening of the former Cline's Restaurant, 2011 State St.

Council members approved a motion to bring in the amendment after receiving a letter from King & Hoffman Realty Co., noting that a buyer for the Cline's Restaurant property had been found, contingent upon the availability of a liquor license for operation of the site as a restaurant and lounge.

The letter explained that the license formerly held by Cline's Restaurant was given to another business after Cline's Restaurant closed earlier this year.

The council was told that the prospective buyer lives in Miami, Fla., and plans considerable remodeling to the present building.

The buyer asked that assurance be given that a liquor license is available, aldermen were told.

Mrs. Hoover new coordinator for tax aide program

Mrs. Elma Hoover, president of Granite City Chapter 1340 of American Association of Retired Persons, has returned from Washington, D. C. where she spent four days in training for the Tax-Aide program. The local chapter has been active in this service program for over two years.

She has been appointed an overall coordinator of the Tax-Aide program for Madison and St. Clair Counties and will recruit volunteers in other chapters to assist in the project. Charles Kelly of the local chapter will succeed Mrs. Hoover as coordinator of the Granite City volunteers. Classes will be started soon for instructors who will then assist Internal Revenue Service teachers in briefing the volunteer tax aide counselors before the income tax season starts Feb. 1.

While in Washington, Mrs. Hoover attended the Kennedy Memorial Center Opera House where the "Chorus Line" was being presented. Representatives from 11 other states were in the group which studied at the IRS training center in the Crystal City Complex in Arlington, Va.

Finds window open; radio near door

Patricia Wyman, 1848 Poplar St., returned home about 12:30 p.m. Monday and found a living room window open and a portable radio laying on the floor near the kitchen door.

A youth about 13 years old with long black hair was seen running from the yard into the alley. The dwelling had been entered another time about three months ago, Mrs. Wyman said.

Venice School Board sells \$1 van to OATH

A 1971 Dodge van, formerly used by the Venice School District to transport special education pupils, was sold for \$1 to the Organization to Aid The Handicapped (OATH) last week.

Transfer of the van to OATH was authorized by the Venice Board of Education at its regular meeting. The 1971 van was replaced by a mini-bus earlier this year.

In other business, the board agreed to retain a senior citizen as a kindergarten teacher's aide, under a special project sponsored by the Retired Seniors Volunteer Program (RSVP) of Belleville Area College.

The senior aide will work four hours a day, five days each week.

Also approved by the board was attendance by fourth, fifth

and sixth grade students at a conference on smoking dangers at Lewis and Clark Junior College, scheduled later this month.

An excellent response to the new soccer program for pupils in the third through sixth grades was reported by Superintendent of Schools Robert N. Vickers.

The soccer program is the first in the Venice School District. Jim Ohlendorf and

Raymond Mosby, both former members of the Red Devils cage squad, are coaching the teams.

The board authorized the team's participation in the YMCA soccer league next year.

A special workshop for board members was scheduled for 7 p.m. today, under the direction of a representative of the Illinois Association of School Boards.

Mrs. Houseman, 46, dies

Mrs. Imogene Houseman, 46, of 2833 Ralph St., Ill. since January, died at 4:21 p.m. Tuesday at St. Elizabeth Hospital where she had been a patient for three weeks.

She was born in Thebes, Ill., and had resided in Granite City for 32 years.

Mrs. Houseman was a member of the Pentecostal faith.

Survivors include her husband, Harry Houseman; one son, Robert Mathias of Granite City; a daughter, Mrs. Roy (Linda) Vaughn of Fallon, Nev.; two sisters, Mrs. Delores Woodworth of Edwardsville and Mrs. Wilma Garwood of Granite City; her stepfather and mother, Mr. and Mrs. Lyle (Tora) Porchie, and four grandchildren.

Funeral arrangements are given in the obituary column.

University Center renovations planned

Project approval for capital improvements to the SIUE University Center and retention of an architect for the project were approved Tuesday by the SIU Board of Trustees, subject to approval of the project by the Illinois Board of Higher Education.

The SIU board authorized funding, not to exceed \$73,000, from the Student Welfare and Recreational Facility Building Trust Fund at SIUE, for architectural services to be provided by Architectural Associates, Collinsville.

The project includes preparation of plans and cost estimates for renovation of second floor space in the University Center formerly occupied by the School of Business, as well as renovation or upgrading of other areas of the building — including the student activities area, craft shop, art gallery, Alestie newspaper office and production area, and administrative offices.

Proposed renovations to administrative office areas

include permanent offices for the University Information Center, Office of University Cultural Arts Services, Office of Conferences and Institutes, and the University Center Business Office and Scheduling Center.

University officers said the renovations will provide greater opportunity for presentation of student activities and will improve the University Center's capacity to generate revenue through food service and space rental.

The Student Senate supported the use of SWRF money for the architect's fee, and funding for the total project will be requested from SWRF and/or through the refinancing of Center building bonds.

A renovation committee, including students and staff, has been developing the project plans for more than a year.

The committee has indicated the project has reached the point where professional architectural services are required to finalize planning and to develop accurate cost estimates.

Must rainfall to lake be treated?

Just as Granite City Steel has spent millions of dollars to equip itself to treat water it discharges into Horseshoe Lake, the state may force the Quad-Cities or a regional governmental body to treat stormwater runoff that enters the lake, William Nichols, a property owner there, believes. Saying he has conferred with Illinois Conservation Department officials and studied the department's plans for the Horseshoe Lake state park area, Nichols says he fears the Nameoki drainage ditch will not be allowed to continue to deposit untreated water into the lake. At the request of Nichols, who has said he expects to sell his lake property to permit enlargement of the new park, Edward F. Reiske of the Tri-Cities Area Chamber of Commerce and others have asked Congressman Melvin Price to speed up work on the proposed regional hillside drainage project as a partial distant-future solution.

Discussed here for decades, "hillside drainage" beneath the Madison-St. Clair County bluffs is expected to take many years to design and construct due to the immensity of the undertaking and due to federal budget limitations.

Federal officials have said the hillside program is so large it needs to be dealt with in segments, and they are proceeding with the first portion in an area of St. Clair County.

Horseshoe Lake traditionally has served as a drainage "safety valve" to accommodate runoff from unusually heavy rains, and the state government and Army Engineer Corps help monitor its status.

The lake itself drains through channels and open ditches to the Metro-East Sanitary District's North pumping station, from where the water is discharged into the Mississippi River.

Nichols said he thinks the Conservation Department is unlikely to push any ban on untreated storm runoff for about three years.

A more immediate problem, he said, is that the state may raise the overall lake level to improve its public recreational

use, sacrificing part of the lake's ability to handle flash floods.

Jack Niemi, of the St. Louis district engineer staff, has said the Blue Waters drainage project in St. Clair may get under way by next September if a policy disagreement with the U.S. Office of Management and Budget can be worked out. However, this would have no effect on the question of untreated rainwater at Horseshoe Lake.

Mayors and state legislators have indicated interest in the topic but see no practical alternative to continued use of the lake in its state-mandated role of handling regional storm drainage.

Downtown Halloween observance

Irwin Strauss, chairman, Downtown Retail Promotion Committee, this week announced plans for special Halloween activities in the Granite City central business district Saturday, Oct. 29.

Emerson School pupils will create Halloween scenes on paper bags to be placed over parking meters from 8 a.m. to 5 p.m. that day.

A committee will judge winning artworks on the bags, and gifts will be presented for the best cartoons or paintings. Farmers will sell pumpkins at 19th Street and Delmar Avenue, and other Halloween-related activities will take place.

Nunes trial continuing

Testimony was continuing today in the jury trial of John F. Nunes, 46, of 2134 Delmar Ave., who is accused of involuntary manslaughter in connection with the fatal shooting May 1 of a youth who was apparently siphoning gasoline from Nunes' pickup truck behind his home.

Edward Robertson, 19, of Granite City, was shot in the back with a .22 caliber pistol as four or five shots were fired, allegedly from Nunes' rear porch.

Madison County Assistant State's Attorney Joe Brown called a parade of policemen into the courtroom Tuesday and yesterday to testify on what they saw the night of the shooting.

Testifying Tuesday were Patrolmen David Anderson, Robert Krause, Douglas Law and Ed Wiesehan, Chief of

Detectives Capt. Robert Astorian, Sgt. George Gallas, Lt. Col. George Teller, retired Capt. William Condis and Sgt. Dennis Joyce and Detective Kip Pomeroy.

Called to testify today were detectives Don Knight and Anthony Eck as the state's presentation of its case continues. The trial is being held on the third floor of the Madison County Courthouse at Edwardsville before Circuit Judge Harold Clark.

CHOUTEAU PLANS PARTY
The Chouteau Town Board of Trustees is planning for a Halloween Party to be held in the new town hall the night of Oct. 31. The event will be free for Chouteau Township residents and children will be given refreshments and prizes.

Baker beaten at wire; first loss

Granite City South finished second in the weekend Waterloo Invitational and North finished fourth. But the real story happened the next day when

Mike Baker, North's star hurdler, was beaten at the wire in the Jacksonville Invitational. Coming down to the tape, Baker was passed at the last

possible moment when Dick Tucker of Rushville stuck out his chest to make the difference. It was the first time this season that Baker has lost an individual race.

Jacksonville won the cross-country meet with 10 points. Springfield Griffin was second with 11, followed by North's 14. Canton was fourth with 21 and Highland fifth with 28 points.

In the Waterloo meet, Baker won it in a time of 15:25, followed by North's Greg Strub in fourth place. South's Dave Blackwell was 12th, Dave Taylor 17th, Jim Dumont 18th and Ken Meagher 20th.

O'Fallon won the meet with 83 points, followed by South with 101. Mascoutah was third (103) and North finished fourth with 119 points.

East St. Louis Lincoln was next with 131 points, East St. Louis Senior High had 195 points (but only the latter school's sophomores were entered). Highland had 303 and Benton had 359.

In the sophomore division, East St. Louis Senior won with 36. Mascoutah was second with 98 followed by North's 117 points. O'Fallon had 132, South 156 and Benton 179 points.

Both North and South will be entered in their final meet of the season tomorrow when they participate in the Alton Invitational.

Rascals in 2nd half of campaign

All four Granite City Little Rascals football teams won their games this week and two of the teams remain undefeated as they head into the second half of their season.

The Rascals' Midget North squad romped to a 52-6 victory at Cahokia Sunday afternoon for their fifth straight win. The Midgets will host the Belleville

Devil Number One team here (South High School) this Sunday at 2:15 p.m.

In the second game (at 4 p.m.), the Scott Air Force Base team will play the Belleville Wee north squad, winner of four straight games since an opening game loss to Cahokia.

This week, the North eleven beat Collinsville 30-0. The Junior Pee Wee North team will travel to the Belleville Knights' field to play a game which will determine first place in its division. Both teams are 5-0 on the season and will play at 12:30 p.m. Sunday.

The Junior Pee Wee South team, which consists of mostly first-year players, managed to raise its record to 2-3 with a 14-0 win at Cahokia Sunday and will travel to the Belleville Devils Pee Wee team this Saturday at 2:15 p.m.

Arrested after taking liquor

A man was observed loading a case of whiskey he hadn't paid for into an auto driven by a woman and occupied by several other people at 7:40 p.m. Wednesday at the Coachman Liquor store, 1151 Edwardsville Road.

Madison police spotted the vehicle in the 900 block of Washington Avenue at 8:40 p.m., and talked to the man who agreed to return the whiskey to the store.

Upon arriving at Coachman Liquor, he was arrested by Granite City officers. One bottle had the seal broken, but 11 other bottles were intact, a report stated.

Pending further investigation and a charge being filed, the man was released to a Madison County sheriff's deputy and subsequently released to an attorney.

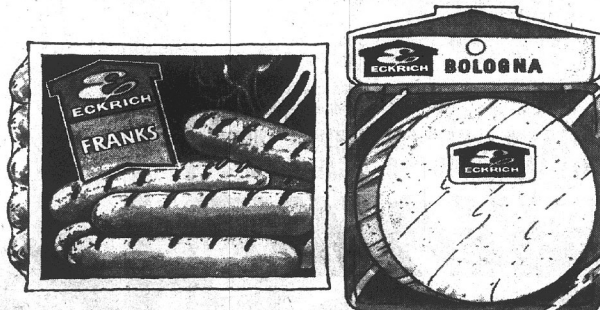

TIRE, TOOLS TAKEN

A new spare tire, worth \$95, and an assortment of tools valued at \$50, were stolen from the trunk of an auto belonging to Jerry Burkett, 3608 State St., Apt. 2, he reported at 12:25 p.m. Wednesday.

Driver injured

Mark Scott, 20, of 2727 Ruth Drive, was injured when his auto went out of control while turning from 14th Street onto Madison Avenue and struck two parked vehicles at 11:15 p.m. Tuesday.

Police charged him with reckless driving. His vehicle struck the parked car of James Welch, 2301 E. 20th St., and the parked station wagon of William Stuart, 2007 Grand Ave., police alleged.

Scott was taken to the Granite City jail and about a half hour later police took him to St. Elizabeth Hospital where he was treated for a bump to his head and a scratch to his right arm. He declined x-rays and was returned to police custody.

Officers released him at 1:05 a.m. Wednesday on a \$35 cash bond.

'Myths of Aging' is topic of Homemakers

A lesson on "Myths of Aging" was the topic of a meeting of the Granite City Unit of Madison County Homemakers Extension Association, held at Grace Baptist Church.

Miss Jan Perkins, associate extension advisor, gave the lesson followed by a quiz with the members participating.

According to government statistics most of the older people remain fairly independent both physically and financially with only five per cent of older Americans living in nursing homes, Miss Perkins explained.

She added that most older persons are still very productive at the age of 65 and 90 per cent are registered to vote with two-thirds voting regularly.

Unit Chairman Mrs. Helen Oberlin was in charge of the meeting and reports were given by Mrs. LaNell Lessig, secretary and Mrs. Freddy McElroy, treasurer.

Those appointed to serve on a telephone committee with Mrs. Anna Michels were Mrs. Mary Blankenship, Mrs. Josephine Uram and Mrs. Mary Zikovich.

Birthday honorees included Mrs. Carlisle Hoffman, Mrs. Marjorie Johnson and Mrs. Anne Pare.

The committee for the Christmas party, Bernice Johannsmeyer, Hazel Cline and Elizabeth Schmidt, announced plans for the event which will be at 12 noon on Dec. 7, at Ther

Heritage House in St. Louis. Reservations are to be made no later than Nov. 15, accompanied by \$2.25 with any of the committee, they announced.

Each one attending are to bring an exchange gift and name enclosed.

A health lesson was given by Mrs. Anne Pare on "The General Public Over the Counter Medicine."

Also announced was a craft day on macramé to be held in the home of Mrs. McElroy, 62 Riviera Drive, with the hostess and Wilma Owca serving as instructors. Those attending are to bring a sack lunch and all supplies needed.

The Christmas craft workshop is set for Nov. 5 with Mrs. Mary Zikovich, 15 Devon Lane, with Martha Taylor and Helen Parks as teachers.

Mrs. Oberlin reported the Southwest District session is planned for Nov. 2 at Coolidge Junior High School, and all who attend are to bring a white elephant gift for sale.

The next regular meeting will be in January, it was noted.

Mrs. Olivia Bergschneider and Mrs. Carlisle Hoffman served refreshments after the meeting. They decorated the buffet table in a fall motif using mums and orange candles.

The afternoon prize was won by Mrs. Laura Travis. Others present were Mrs. Madge Ramsey, Mrs. Antoinette Lynch and Mrs. Rosalia Johannsmeyer.

Shower fetes Vicki Newgent

Miss Vicki Lee Newgent was complimented at a pre-wedding shower Sunday afternoon at Sacred Heart Church Hall.

Hostesses included her aunts, Margaret Wyatt, Barbara Walker, Carol Wyatt and Jo Ann Mucho, and members of her wedding party, Sharon Thomas, Judy Richardson, Sherri Walker, Roberta Mucho, Debbie Topal, Lori Morris, Sandy Smith and Pam Postema.

The hall was decorated in rust and gold streamers using a gold umbrella with a large rust bow as the center piece for the gift table. Fall flowers decorated the buffet table and guest tables.

After the honoree opened her gifts, games were played and prizes awarded, followed by a buffet luncheon.

Those in attendance were Mary Mucho, mother of the bride-to-be, Christine Richardson, the groom-elect's mother. The grandmothers of Miss Newgent, Esther Wyatt, Ethel Sullivan and Stella Mucho and the grandmothers of the groom-elect, Martha Richardson and Anna Christoff.

Also present were, Ann Barry, Neva Benko, Mary Bucherich, Betty Bulva, Mary Cromer, Chong Ae Cho, Cindy DeHart, Betty Ebling, Lucinda Ebling, Margaret Pecunia, Marilyn Garin, Pat Fitzgerald, Rosemarie Fontana, Kim Fontana, Shelley Hill, Helen Holder, Jeanie Jones, Sara Jones, Mary Krivi, Roberta Mezzano, Roseann Mezzano, Marian Mezzano, Juana Mezzano, Marsha Mainer, Josephine Miosky, Jo Ann Morris, Rosemary Parkinson, Sylvia Pashea, Marie Perry, Mary Picchioldi, Dollie Smith, Irene Scherke, Bunia Talley, Louise Tegel, Del Thompson, Paula Turpinoff, Minnie Topal, Rose Varady, Jo Ann Vaughn, Mary Webb, Terri Webb, Pat Werger, Lisa Walker, Kay Werner, Sharon Yount, Stefanie Werner and Florence Zmala.

Miss Newgent and her fiancé Dan Richardson will exchange vows on November 6.

Patience Circle plans project

Patience Circle of Niedringhaus United Methodist Church discussed the November church bazaar at its meeting held last week at the church under the leadership of Mrs. Elsie Henley, co-leader of the circle.

Miss Katherine Van Order gave the devotion on "How Blessings in Friendship" and Mrs. Ernest Karandjef served a dessert course at 10 a.m.

The main topic of the meeting was the bazaar which will include a country kitchen booth featuring homemade jellies and cakes and other booths displaying handmade pillows, hand-knitted articles, house plants, a white elephant exhibit and luncheon and dinner.

Mrs. Henley also reported the nativity scene will be on display on the church grounds this year during the Christmas season.

Also present were Pearl Albort, Thelma Clements, Lillian Compton, Letha Gheho, Ethel Sullivan and Stella Mucho and the grandmothers of the groom-elect, Martha Richardson and Anna Christoff.

Also present were, Ann Barry, Neva Benko, Mary Bucherich, Betty Bulva, Mary Cromer, Chong Ae Cho, Cindy DeHart, Betty Ebling, Lucinda Ebling, Margaret Pecunia, Marilyn Garin, Pat Fitzgerald, Rosemarie Fontana, Kim Fontana, Shelley Hill, Helen Holder, Jeanie Jones, Sara Jones, Mary Krivi, Roberta Mezzano, Roseann Mezzano, Marian Mezzano, Juana Mezzano, Marsha Mainer, Josephine Miosky, Jo Ann Morris, Rosemary Parkinson, Sylvia Pashea, Marie Perry, Mary Picchioldi, Dollie Smith, Irene Scherke, Bunia Talley, Louise Tegel, Del Thompson, Paula Turpinoff, Minnie Topal, Rose Varady, Jo Ann Vaughn, Mary Webb, Terri Webb, Pat Werger, Lisa Walker, Kay Werner, Sharon Yount, Stefanie Werner and Florence Zmala.

Miss Newgent and her fiancé Dan Richardson will exchange vows on November 6.

Chapter HT opens season

Chapter HT, P.E.O. Sisterhood, held the first meeting of the season on Monday afternoon in the home of Mrs. Richard Kerch, 2910 State St.

Mrs. Irvin Slate served as program chairman for the initial session and spoke on "Summer Reflections."

In conjunction with the topic she requested each member to review summer activities which were of special interest.

The president, Mrs. Carl Mathias presided at the business session and announced the annual Reciprocity meeting will be held on Tuesday, Oct. 18, at the First Presbyterian Church in Collinsville.

A dessert luncheon was served by the hostess to 16 members.

Patchworkers 4-H Club elects Mary T. Loftus

The Patchworkers 4-H Club elected Mary Loftus president for the 1977-78 year during an evening meeting held at the St. Elizabeth Church Hall, last week.

Amy Patterson served as installing officer for Kristy president and other club officers, Joan Krystopa, vice-president; Karen Toussaint, secretary; Mickey Loftus, treasurer; Shelley Loftus, historian; Christy Kessler, telephone committee chairman and Patti Grebel, recreation chairman.

Sue Burnett, the retiring vice-president, called the meeting to order and Mickey Loftus led the pledge of allegiance and Joan Krystopa gave the 4-H pledge. Mrs. Martha McIlroy, leader, conducted the election of officers.

New members who were installed by Janet Jachino were Paula Sue Bills, Dineen Griffin, Karrie Frasier, Kristy Toussaint, Colleen Powderly and Karl Winters. Each new officer came forward to inform the new girls on some phase of the club. The 4-H pledge was repeated by the new members and each girl was "plunged" as a member by a big sister.

Mary Loftus presided at the meeting and Joan Krystopa recorded the roll call as members answered with "what they like most about 4-H."

Eighteen members attended and mothers present were Rose Krystopa, Joyce Jachino, Jackie Little, Frances Hartman, Sharon Loftus, Marie Loftus, Joan Giffin, Carol Patterson and assistant leader, Carole Kessler.

Karen Toussaint gave report on the window display the club exhibited at Johnson's Music Store for the past week and announced they received an A rating.

Sue Burnett explained that the group had attended services at the Namekiki United Presbyterian Church the previous Sunday as a group. Twelve girls attended and after church they went out to eat and then visited the window display.

The members decided to have a Halloween party on Oct. 20. Wendy McIlroy will be chairman and Joan Krystopa volunteered to be chairman of the Christmas party.

Mrs. McIlroy announced that Craft Days will be the third Thursday of each month at her house after school.

Christy Kessler gave a demonstration on deviled eggs. Refreshments were then served by Amy Hartman, Jennie Little, Amy Patterson and Janet Jachino. The table was covered with a green and white check tablecloth and a centerpiece of fresh mums and marigolds created by Amy Hartman. Silver candlesticks and green candles were on each side of the centerpiece and punch was served from a cut glass bowl with homemade cookies.

Recreation chairman, Patti Grebel, led the group in a game.

The next business meeting will be Nov. 3, at 7 p.m., at St. Elizabeth's hall in the quilting room.

Party honors Walter Boring

Walter Boring of Granite City, an honoree at a birthday retirement party given Sunday at Wilson Park by his children. The table centerpiece was a cake decorated with a replica of his clubhouse. Gifts were presented to the 65-year-old retiree followed by dinner.

Those attending were his wife, Mrs. Walter Boring, Mr. and Mrs. Ronald (Jana) Boring, and daughter Amy, Mr. and Mrs. Matt (Sandy) Koryak and daughters Becky and Missy, Mr. and Mrs. Herb Smith of Dover, Tenn., Mr. and Mrs. John Cathey, Mrs. Dorothy Grooms and Greg, Mrs. Lucille Ross, Mr. and Mrs. Bill Cathey and sons, Patrick and Scott.

Also Mr. and Mrs. Jim Severing, Mrs. Dot Cathey, Mrs. Alberta Taylor, Mr. and Mrs. Will Milam and Tammie, Mr. and Mrs. Bud Cathey and Donnie, Mrs. Diane Paoli, Mr. and Mrs. Sonny Campbell and Holly, Mr. and Mrs. Walt Puryear, Mrs. Nadine Marcus of Wheaton, Ill., Mr. and Mrs. Carl Morris, Mr. and Mrs. Russell Johnson, Mr. and Mrs. Billy Hopper and Ray Lowell.

Missions head church speaker

Several laypersons of the Namekiki United Presbyterian Church will share their faith and experiences in the 10:45 a.m. worship service Sunday. The men and women taking part in the service will share some of the things that are happening in the weekly calling program of the Evangelism team. They have received training in the method developed in the College Hills Presbyterian Church of Cincinnati, Ohio. "The Journey Outward" will be the theme of the church growth and evangelism message by Pastor Don F. Pierson.

A family potluck dinner starting at 6 p.m. will feature Dr. T. Donald Black, associate general director of the program agency of the United Presbyterian Church in the U.S. He is the former president of the board of Foreign Missions of the United Presbyterian Church of North America, and served in a similar capacity in the merged church.

In addition to overseeing the work of the missions and missionaries throughout the world, Dr. Black also served as pastor of the American Church in London from 1973-1976 and has traveled in Africa, Asia, the Middle East, Europe and South America. The public is invited, Pastor Pierson said.

Custom designed mail now allows 70 pounds

Express Mail, the postal service's guaranteed, expedited delivery service, became an official class of mail Oct. 9. The adoption of Express Mail as part of the domestic mail classification schedule makes it the first major new class since airmail was introduced in 1918. Mailers currently using Express Mail Programmed

GRANITE CITY PRESS-RECORD Thurs., Oct. 13, 1977 Page 18

Service will find some changes. The name has been changed to Custom Designed Service, and it offers new features. The weight limitation has been increased to 70 pounds enabling customers to make larger single pouch shipments. Rates are calculated by individual pounds, rather than by

pound categories, and by seven zones instead of four. Sending and receiving points have been expanded to more than 28,000 communities, and the networks expansion brings service to all addresses within three digit ZIP designated code areas. The same guarantee, however, still applies. If a

customer's shipment is not delivered with 24 hours, full postage refund can be received unless caused by a strike or work stoppage. The customer simply makes application for refund at the originating post office within 60 days of the date of mailing. And insurance for damage, loss, and document reconstruction is offered at no additional charge. Custom Designed Express

Mail Service is available 24 hours a day, 365 days a year. Shipments can be picked up at the customer's premises, or entered by the customer at the airport mail facility. Delivery to the addressee, or claim by the addressee at the destination airport mail facility are available options. Service also is offered from designated post offices, in addition to airport mail facilities, and the customer's door. In addition to Custom Designed Express Mail Service,

two other types are available: Next day (formerly regular) Service — Items deposited by 5 p.m. at selected post offices are available for pickup at the destination post office at 10 a.m. the next business day. If the customer prefers, delivery will be made by 3 p.m. any day of the week. No prior agreement is required. Pickup from the customer's premises is available with a service agreement. Next Day Service is offered to more than 900 post offices.

Postage will be refunded if the items is not available for claim or not delivered as indicated above, unless the delay was caused by a strike or work stoppage. International Service — Service comparable to Custom Designed is offered to, and from key cities in the United Kingdom, Belgium, Brazil, The Netherlands, Hong Kong, Australia, France and Japan. Service comparable to Next Day Service is offered to Australia, The Netherlands,

United Kingdom, and Hong Kong. Express mail was first introduced experimentally in 1970, and its record over the past seven years shows that 95 per cent of all shipments were delivered on time, over 99 per cent within 24 hours. Complete information on Express Mail Service is available from the postal facilities located at Alton, Belleville, East St. Louis, Edwardsville, Collinsville, and Granite City.

MRS. ANNETTE GRAEBE

Selected as outstanding

Annette Mulvaney Graebe, director of the University Information Center and a member of the faculty at Southern Illinois University at Edwardsville, has been selected as an outstanding young woman of America for 1977. It is the third year she has been chosen for this distinction.

The certificate was awarded "in recognition of outstanding ability, accomplishments and service to the community and her chosen profession." She originated the University Information Center concept when she joined the university in 1968. Within the center's scope of operations, she developed other programs, including the University Speakers' Bureau, University Ambassadors, News and Events Newsletter, a campus radio show and other informational and promotional projects.

As SIUE chairman for the U.S. Bicentennial in 1976, she received local, state and national awards for her projects and activities. On her office walls, there is only a modest representation of her collection of awards. The group on display includes "Honorable Americans of the Bicentennial Era" and the "World's Who's Who." Mrs. Graebe initiated a community relations program, "A Smorgasbord of Talent," which was given the exceptional achievement citation in education by the Council for the Advancement and Support of Education in Washington, D.C., last year.

In addition to her University Information Center responsibilities, she teaches speech and holds the rank of associate professor.

She was head of the department of speech and drama at McKendree College four years prior to her association with SIUE. "I enjoy teaching," she says. "An important and enjoyable portion of my work here is in the classroom." She also accepts speaking engagements outside the university, talking primarily on the subject of "body language."

Away from the university setting, she enjoys listening to music, writing poetry, sketching pictures, dancing and fishing. She and her husband, Bill, reside in Collinsville.

Driver named on 4 charges

Daniel Rushing, 20, of 2117 Manley Ave., was charged with reckless driving after his auto went out of control on the curve in the 3200 block of Fehling Road and struck the home of Dr. Gale Jones, 3213 Fehling Road, at 2:10 a.m. Friday. The accident caused extensive damage to the auto and the house was damaged. Hedges and the front lawn at 3209 Fehling Road, also sustained damage. Rushing was taken by ambulance to St. Elizabeth Hospital where he was admitted with a hole in his left knee, a cut to his nose and a cut near his left eye.

Seal off the nation's Alaskan resources?

By RICHARD L. LESHNER
President
U.S. Chamber of Commerce
You can imagine the outcry that would result if private companies were caught conspiring to withhold from the American people major reserves of petroleum and natural gas, as well as other scarce resources.
Well, there is such a "conspiracy," but private enterprise

has nothing to do with it. The plans are being cooked up by some members of Congress, in league with the more zealous elements of the environmental movement.
The idea is to "protect" vast stretches of Alaska by preventing any kind of economic use that might conceivably benefit a human being. The most extreme of the bills on the subject — H.R. 39, by

Rep. Morris Udall (D-Ariz.) — would put a "Wilderness: No Trespassing" sign on 146 million acres of Alaska. That's an area equal to a 75-mile-wide strip of land across America from the Atlantic to the Pacific.
By some estimates, up to 40 per cent of these lands have oil and gas potential. The restrictions in H.R. 39 could prevent the development

of resources that might amount to as much as 26 per cent of our domestic crude oil supply and 10 per cent of our gas supply in the 1990-2000 period.
That is, if these reserve estimates are correct, up to 2.5 billion barrels of oil and 1.5 billion cubic feet of natural gas per day would be denied to energy-short consumers. Both fuels together are equivalent to 3.5 million barrels

of oil per day, or 40 per cent of current U.S. consumption, which is more energy than is supposed to be saved by the entire Carter Administration national energy plan.
Nor are oil and gas the only valuable resources likely to be affected. Alaska is also rich in timber, coal, iron ore, copper, platinum, lead, mercury, nickel, phosphate rock and titanium.
Blocking the full development of these American resources

would further aggravate two problems that are already serious: Rising prices and growing dependence on foreign supplies.
The unreasonable extent of H.R. 39 prompted an Administration counterproposal, presented to Congress in mid-September by Interior Secretary Cecil Andrus.
This plan would withdraw 92 million acres from use, rather than 146 million. Its effect on mineral development would be

proportionally smaller, although 92 million acres is still a lot of acres.
A third proposal has been developed by Sen. Ted Stevens (R-Alaska) and the state's governor, Jay Hammond. It is by far the most sensible of the three.
Under the Stevens plan, 25 million acres would be placed in protected categories.
A new designation would be

created for another 57 million acres. Natural resources on these lands could be developed, but only under the joint supervision of the federal government and a special Alaska Land Classification Commission.
Committee authorities would insure that no permanent environmental damage results from mining or other extractive activity.
I am not prepared to endorse any of this legislation without reservation. But I certainly favor the principle embodied in the Stevens bill: It is possible to safeguard the environment adequately without denying ourselves needed resources.
Once the drilling rig is removed, an oil or gas well is practically invisible.
Wilderness is not "destroyed" by the presence of these activities. When they are carried on with a proper concern for the environment — and it is certainly within the power of the government to guarantee that — to insist that wilderness be preserved unchanged forever, regardless of our other needs, is an elitist attitude best suited to those who can afford to vacation in Alaska, and who don't have to worry much about the size of their heating bill.

Gov. James R. Thompson has issued a call for Illinois nominees for Congressional medals, to be presented by President Carter to young people for exceptional bravery or outstanding service during 1976. Candidates must be age 18 or under, reside in Illinois, and be recommended for acts of bravery or service which occurred in calendar 1976. Full details concerning an individual and his or her achievement must be sent to Tyrone C. Fahner, director, Illinois Department of Law Enforcement, Springfield 62706 no later than Oct. 21.
+++
The first toll-free assistance phone line in the nation devoted totally to handling problems of the handicapped went into service in Illinois last week. James S. Jeffers, director of the Illinois Division of Vocational Rehabilitation, participated in the opening of the new "hotline." He explained that the number, 312-793-5000, can be called collect from any point in Illinois and will be open from 9 to 5 each Monday through Friday except on state holidays.
+++
Unemployment insurance claims will be processed more quickly and accurately in Illinois with the help of 480 computer terminals, which will also save the state an expected \$2.1 million, officials of the Illinois Department of Administrative Services and Bureau of Employment Security say. They have purchased new automatic data processing terminals as part of the state's long-range plan for improvement in delivery of unemployment services.
+++
The Illinois Department of Conservation will give free shotgun shells to hunters at the Union County public hunting area this fall as part of a test of various types of steel and lead shot for hunting geese.
+++
Gov. Thompson last week appointed John P. Daros of Chicago to the seven-member Illinois Educational Facilities Authority (IEFA), which makes tax-exempt financing available to private institutions of higher education for the upgrading of their facilities. He also appointed Dennis H. Block of Glenview as a member of the Board of Review of the Illinois Department of Labor; the board settles questions of eligibility for unemployment insurance benefits.
+++
Illinois Power Company and Illinois Department of Conservation have announced a cooperative arrangement to develop and manage a multi-million-dollar outdoor recreation area around the cooling lake for the Clinton Power Station in DeWitt County, not far from Bloomington, Champaign and Decatur. The area will encompass 12,000 acres, including the 5,000-acre lake. It will provide opportunities for camping, hiking, fishing, hunting, picnicking, sailing, powerboating, water skiing, swimming and wildlife viewing.

Garden Study Club meeting

Garden Study Club members participated in a demonstration using dried garden flowers to create special fall and winter arrangements and pictures at a meeting held in the home of Mrs. William Miller, 2228 Waterman Ave., last week.

Mrs. Jerry Donley opened the business segment with the club collect followed by roll call with each one present giving hints on winter protection of plants, shrubs and trees.

Mrs. C. E. Eads, president, presided and announced the District V President's Council day will be held on Oct. 27 at St. John United Church of Christ, 2801 Nameoki Road. Registration will begin at 8:30 a.m. and hosts this year will be the Gardenaires Club of Granite City.

A program on "Pottery and Plants" will be given by Nancy Gibbons of St. Louis, who will use her original ceramic containers for the instructional presentation on arrangements. Those present were Mesdames Don Broyles, Norma Crenshaw, Delbert Friedel, Clifford Meng, John McComis, Dan Seymour and Wilmer Winter. The Nov. 2 meeting will be with Mrs. Broyles, 2030 McCasland Ave., Madison.

COCHRANE SELLS HOMES
CALL 877-3900

SOUTH HOMECOMING COURT is presented to the audience of the homecoming play last week after the performance in the South auditorium. From left, seated, are Beth Ripper, Cheska Anselmo, Nancy Stevens, Lala Anselmo, Sue Petrunich, Suzanne Pashea, Goy.

Temple Baptist Homecoming

Homecoming Day at Temple Baptist Church, 1900 Harris Ave., Madison, set for Sunday will begin at 9:30 a.m. with Sunday School activities and the highlight of the morning will be the reading of the church history by Tom Chamberlain, according to the Rev. Jack Gouy, pastor.

The Rev. Joseph Lackey of Lawrenceville, Ill., a former pastor, will deliver the morning worship message. The service will be dismissed at noon for a

time of fellowship and basket dinner.

The afternoon activities will resume at 2 p.m. with special music by the church quartet, Tom Chamberlain, Ida Evans, Elmer Hurlbut, and Rev. Jack Gouy.

Rev. Vernon Covington of Florissant, Mo., another former pastor, will bring the message. Rev. W. L. Showers will present a short service in memory of those members who are deceased. Ruby Ackerman and Merle Sharp will present special music at both services, and the afternoon's activities will be brought to a close about 3:30 with the burning of the church mortgage.

According to program chairman, Dorothy Taylor, the congregation will meet again at 7 p.m. to view slides and films of church activities during the past 20 years.

The Rev. Paul Washburn of Belles, Tex., is unable to attend for health reasons. He was pastor when the church began as a mission in November 1857 in the basement of the Arthur Neidhardt home on Second Street. After becoming an organized church in March of 1858, the group purchased a building at the corner of

McCambridge Avenue and Harris Street and acquired their first mortgage. The present building was erected in 1962.

Two other former pastors unable to attend the celebration are Rev. Ike Lewis of Troy, Ill., because of illness and Rev. Elmer Melroy of Roodhouse, Ill., who has a previous commitment.

A copy of the church history which was compiled and printed by Tom Chamberlain, will be given to each family, Rev. Gouy added.

GOP women's clubs will meet

The fall meeting of the Madison County Federation of Republican Women's Clubs will be Monday, Oct. 17, at the Troy United Methodist Church educational building, 114 S. Main St., Troy. The timetable is 10 a.m. for coffee, a 10:30 a.m. business meeting and a noon salad smorgasbord lunch.

Guest speaker for the day will be Stephen Clark, president of Young Republicans of the State of Illinois. The cost of the luncheon will be \$3.50, and all interested persons are being asked to attend.

MITCHELL SCHOOL CHORUS who were selected following auditions held at the school. The group will sing at various functions and will also present the Christmas program at the December PTA meeting. Front row from left, Shelli Carner, Connie Borror, Karen McCracken, Michelle Dennis, Felicia Robertson, Angela

Clements, Danny Whitsell, Second row, Gail Gantt, Jody Clavin, Elizabeth Trimmer, Ricky Jones, Keith Coakley, Jim Smith, Back row, Mrs. Beverlee Williams, Lori Richardson, Becky Otreppel, Jean Cox, Robin Thompson, Jennifer Cottrell, John Peters.

Autumn meeting of Faith Circle

Members of Faith Circle of Niedringhaus United Methodist Church participated in a program on the life of "Deborah" in the study of the women of the Bible led by Mrs. Mary Ahlvers, during a meeting last week at the church.

Mrs. Ahlvers offered the opening meditations followed by the group singing a hymn. A dessert luncheon was served to 12 members and a guest, Mrs. Eva Evans, by Mrs. Paula Smith and Mrs. Katherine Richardson.

Circle leader Mrs. Alice Cruse conducted the business meeting and announced 30 sick calls were made during the month.

It was also reported that 11 members attended a bazaar at Faith Methodist Church, East St. Louis, where a former member Mrs. Angie Hutton now belongs.

The local church bazaar was discussed and the members noted many relishes and jellies have already been prepared for the event.

Each one present gave a list of molasses and the prize went to Paula Smith for her presentation.

Also present were Doris Wigger, Ella Ray Smith, Woody Lynn, Clara Sotiroff, Eula Myers, Gerry Thomas, Reba Wallace and Olga Tierney.

Mitchell School Chorus selected

Twenty-four students have been selected from the sixth grades at Mitchell School for the advanced chorus known as "The Sunshine Singers" according to Mrs. Beverlee Williams, vocal music teacher. This is the fifth year the group has been active and those selected are auditioned early in the school year.

Mrs. Williams added the students will sing for various organizations during the year and will present the Christmas program for the December PTA meeting. Each year the organization attends a concert at Powell Symphony Hall in St. Louis, she reports.

Officers elected by the students are, Elizabeth Trimmer, president; Lori Richardson, vice-president; and Michelle Dennis, secretary.

Other members include John Peters, Ricky Jones, Keith Coakley, Angela Clements, Shelley Carner, Robin Thompson, Jennifer Cottrell, Felicia Robertson, Todd Thomason, Jim Smith.

Also Gail Gantt, Connie Borror, Becky Otreppel, Danny Whitsell, Kim Myatt, Jean Cox, Karen McCracken, Tina Barton, Jody Clavin and Linda Doeple.

Secretaries plan annual Boss Night

Wallace D. Schoenbeck, manager of Employee Relations at Union Electric Co., spoke on the subject of "How To Live on 24 Hours A Day" at the October meeting of the Tri-Cities Chapter of National Secretaries Association, held at Ralph and Charlie's Restaurant, Madison.

He distributed various pamphlets on the topic to the group so they could follow his talk for the evening.

President Gail Foley, Certified Professional Secretary (CPS), presided at the meeting. Joyce Savich reviewed arrangements for the annual "Boss Night" which will be held at the Lennox Hotel, St. Louis, on Thursday, Oct. 20. All members are invited to attend and also to bring their boss to the dinner meeting.

The "Boss of the Year" award will be presented at the banquet, the chairman added. Miss Jane Davis announced the chapter newsletter will be sent to the members soon and she requested members submit letters of interest for the next printing.

Madison Future Secretaries Association (FSA) will hold its initiation this week and North and South High School, will host its affair on Sunday, Mrs. Charles Vunovic reported. During the business session

Salley Gracey said the current fund raising project is selling cashew candy and Twila Edmonds informed the chapter the Great Lakes District Conference will be held in Evansville, Ind., on Oct. 21-23.

The next meeting will be at Charlie's Restaurant, Granite City.

He distributed various pamphlets on the topic to the group so they could follow his talk for the evening.

Parents, teachers monitoring television

The national PTA is conducting a major TV monitoring effort from now to Jan. 1.

Concurrently, the organization has initiated a TV Action Center at its national headquarters (700 N. Rush St., Chicago 60611), and a coast-to-coast "hot line"—both of which serve as information resources on all phases of the PTA's project on TV violence.

The "hot line" toll-free number in Illinois is 800-942-4266.

11 divorces are granted

Eleven Quad-City area couples have obtained divorces in Madison County Circuit Court. Divorced were:

Lawrence Leonard Ward from Linda Jo Ward (Harrison), both of Granite City. They were married April 27, 1968, and separated Aug. 10, 1977. Mental cruelty was charged.

Tammy Melissa Kagy (Smith) from Richard Earl Kagy, both of Granite City. They were married July 24, 1976, and separated in July 1977. Mental cruelty was charged. Her former name of Tammy Melissa Smith was restored.

Sharon Kay Matyas (Hills) from Roger Lee Matyas, both of Granite City. They were married Oct. 14, 1971, and separated Aug. 20, 1977. Mental cruelty was charged. Custody of two children was granted to the mother.

J. D. Baker from Rosie Baker (Knock), both of Madison. They were married June 30, 1977, and separated in September. Mental cruelty was charged.

Susan Wilt (Jepson) from Jack Wilt, both of Granite City. They were married Dec. 22, 1973. Mental cruelty was charged. Her former name of Susan Jepson was restored.

Floyd N. Goshie from Janet E. Goshie (Womack), both of Granite City. They were married May 7, 1973, and separated June 3, 1977. Mental cruelty was charged. Her former name of Janet E. Womack was restored.

Betty J. Huddleston from Desmond Travis Huddleston, both of Granite City. They were married March 20, 1965, and separated in August, 1977. Mental cruelty was charged. Custody of two children was granted to the mother.

Sherry Jane Noe (Elliott) from David Wayne Noe of East Alton. They were married April 13, 1976, and separated Aug. 24, 1976. Mental and physical cruelty were charged. Her former name of Sherry Jane Elliott was restored.

Jean Marie Dickerson (Jakes) from James Lee Dickerson, both of Granite City. They were married Nov. 6, 1974, and separated July 15, 1977. Mental and physical cruelty were charged. Custody of three children was granted to the mother.

Jennifer Jan Horstmeier (Sparks) from Carl Louis Horstmeier of Granite City. They were married Sept. 15, 1975, and separated July 3, 1977. Mental cruelty was charged. Her former name of Jennifer Jan Sparks was restored.

Joyce Ann Suchman (Herple) from Dennis Robert Suchman of Madison. They were married Sept. 19, 1975, and separated in August, 1976. Mental cruelty was charged. Custody of one child was granted to the mother.

"We're inviting PTA members and the general public to call the 'hot line' for an immediate response on how to get involved in the project, and to learn about joining the TV Action Center."

"Membership in the center is being offered to interested individuals and groups as a means of sustaining its operation."

"As one of the most current and comprehensive services of its type in the country, the center will provide complete backup to all local PTA efforts in the TV project, and function as a central clearinghouse for information and activities."

Services available through the TV Action Center include: "Hot line" operating from 9 a.m. - 5 p.m. weekdays. Will respond to queries on current research about TV programming, effects of TV violence on children, Action Center programs, and requests for assistance in planning and conducting monitoring efforts.

Resource files - Center will maintain up-to-date materials on TV, including research studies, citizens' groups involved in similar projects, broadcast personnel, TV advertisers, TV program information and PTA unit action.

Newsletter - Project developments will be reported in a quarterly newsletter, which will be distributed to all center members. The first issue will make its debut this month.

Program monitoring and program rating index - Monitoring packets will be furnished to individual members for independent use, as a basis for writing personal letters to TV stations.

Monitoring by selected units - representative of the larger population, will be tabulated and utilized for the development of a program rating index, distributed to Center members through the newsletter and to the public through news media.

Consumer panels - The Center is organizing panels comprised of a cross-section of the population, to appraise the TV industry and advertisers of citizen concerns and suggestions, and keep parents informed of the response from these two groups.

Critical viewing skills - Training materials, to help children and adults develop criteria for TV viewing and selectivity, will be developed. The PTA hopes that such materials will eventually be incorporated into courses for use in public schools.

Local action - Packets of materials to be used by PTA units and others involved in the TV project are available. Included are listings of network officials and prime-time TV advertisers, samples of TV monitoring forms, and information on monitoring techniques.

Categories of membership in the TV Action Center include individual (\$2); family (\$5);

TRUCK-CAR COLLISION

A rear-end collision between a tractor-trailer truck and a passenger car, occurred at 2:10 p.m. Monday on Missouri Avenue at 22nd Street, resulted in injuries sustained by Bernard Campbell, 21, of East St. Louis, driver of the auto, and his passenger, Robert Rodriguez, 16, of Washington Park. Driver of the truck, Conrad Shepard, 26, of Missouri Ave., was not reported injured.

UNDERCOATING - RALPH'S TEXACO, 22ND & MADISON AVE.

sustaining (\$10 to \$100); and PTA units and other groups (\$25).

Already under way is a nationwide network of training sessions for PTA units, councils

and districts. These sessions are providing detailed instruction in the mechanics of monitoring TV programs; conducting letter-writing campaigns to stations

(for their public files), the networks, the FCC and sponsors; the ascertainment process; and challenging of license renewals.

The PTA's nationwide monitoring and local station contact efforts are considered a fulfillment of its public responsibility as stated in the

preamble to the National Association of Broadcasters' Code: "The viewer also has a responsibility to help broadcasters serve the public. All viewers should make their criticisms and positive suggestions about programming and advertising known to the broadcast licensee."

In exercising the right to express its views on what it regards as an undesirable influence, and an improvement in overall quality and diversity of programming.

If, by Jan. 1, there has been no substantial response from the networks, the PTA says it will consider initiating the next phase of its action plan, which could include boycotts of firms, programs and stations; selected test cases of petition to deny licensing; and civil litigation.

Dr. Cruse attends European meeting
Dr. Robert P. Cruse of Cleveland, Ohio, formerly of Granite City, has returned from Europe after attending the World Congress of Neurology in Amsterdam, Netherlands.

He presented a paper he had co-authored while in fellowship training at the Cleveland Clinic. Dr. Cruse toured France, Switzerland, Austria and Italy before returning to Cleveland to finish his final year in Pediatric Neurology training at the clinic.

Mr. and Mrs. Willbur Cruse, his parents, have returned to Granite City, after visiting their son and daughter-in-law, the former Ruth Costello, and family. The maternal grandparents, Mr. and Mrs. James Costello, also reside in Granite City.

'Legislation Night' for Business Women
Mayor Paul Schuler will be the principal speaker and state legislators special guests at the Granite City Business and Professional Women's "Legislation Night" dinner meeting Wednesday, Oct. 19. Reservations for the dinner, scheduled at 6:30 p.m. Wednesday at Charlie's Restaurant, will be accepted through Sunday by calling Ollie Derr, at 877-8251, or Edna Kohlbrecher, at 876-4886.

The special guests will include Illinois State Senator Sam Vadalabene (D-Edwardsville), State Representatives Jim McPike (D-Alton) and Joe Lucco (D-Edwardsville). The meeting also will serve to honor those who recently completed a course in "Practical Politics," sponsored by the business women's club. Entertainment will be provided by Delores Klesh, Louise Lewis and Jim Stack, a guest. "Women in Politics" and "City Government" are the topics to be explored by Mayor Schuler, according to Mrs. Derr, legislation and dinner chairman. A lifelong resident of Granite City, Mayor Schuler attended Sacred Heart Parochial School and Granite City High School. He served two years in the U.S. Army and, following his discharge from the military, he enrolled in the St. Louis College of Pharmacy, where he received a bachelor of science degree in pharmacy in 1967. He first sought elective office in 1963 when he was elected to the Granite City Board of Park Commissioners, and he served as board president in 1967-68. Mayor Schuler was elected alderman of the Sixth Ward in 1969 and served on the Finance, Traffic, Street Light, City Hall and other committees while on the City Council. In 1973, he was elected mayor of Granite City by an overwhelming majority, and was re-elected for a second four-year term in April 1977. Mayor Schuler is the owner of Midtown Pharmacy on Johnson Road. He has been married to the former Billie Lanham for 22 years and the couple has seven children, Cindy, 21, Paula, 20, Allan, 19, Fred, 16, Kathy, 15, Theresa, 14, and Joseph, 6. Mrs. Schuler is an active member of the local Business and Professional Women's Club. Mayor Schuler is a member of the Knights of Columbus, Elks, Eagles, Amvets, Tri-Cities Area Chamber of Commerce, United Way, American Legion, Veterans of Foreign Wars, Moose and Granite City Boosters among other organizations.

Suburban Baptist sets fall revival

The Rev. Wallace Jones, pastor of Pee Pee Baptist Church, St. Louis, will be the evangelist for revival services at Suburban Baptist Church, 2500 St. Clair Ave., beginning Sunday, Oct. 16 and continuing through Oct. 23, according to the Rev. Harold Garrett, host pastor. Services will be held at 7:30 each evening and at 7 p.m. on Sunday. Music Director, Kevin Wright of Suburban Baptist will be leading the music each evening. During the revival week a Family and Marriage Enrichment program is planned. The "Fulfilled Woman" will be the subject discussed from 9:30 to 11:30 a.m. Monday through Friday by Mrs. Wallace Jones, wife of the guest minister. At 4:45 each evening the Rev. Jones will lead a seminar "For Men Only" to be followed by the evening services. Rev. Jones was born in Kansas City, Mo., on Nov. 12, 1927, and attended Bethany Baptist Church there. He was ordained at Bethlehem Baptist Church of Dade County, Mo., on May 28, 1950. He received his education at William Jewell College, Central Baptist Seminary, Southeastern Baptist Seminary and served as pastor of Rockhill Baptist Church in Kansas City from April 1958 until October 1959, when he accepted his present position. Rev. Jones is trustee of Southeastern Baptist Theological Seminary, Wake Forest, N.C., chairman of instruction committee, member of the executive committee, chairman of the nominating committee of St. Louis Baptist Mission Board and St. Louis Baptist Association and consultant of Missouri Baptist College. The guest speaker and his wife, Laura Jo, were married on Feb. 29, 1948, in Kansas City. They are the parents of four children, Randy, David, Willy and Kirk.

STEAL POODLE
A 4-year-old silver poodle named Frexy was stolen from near the home of Alice Milles, 4 Cambridge Court, she reported Monday.

Brownie Troop receives awards

Brownie Troop 216, sponsored by Johnson School, held an investiture ceremony, rededication ceremony and court of awards last week at the school. Those participating in the investiture segment were Christine Selph, Melody Witt and Misty Stark. Each of the scouts taking part in the candlelight rededication ceremony recited one of the Girl Scout laws as she would light a candle. Participants in the ceremony were Michelle Bazzell, Cheryl Cruse, Vicki Edrington, Melissa Grubbs, Tracy Hamilton, Stephanie Hayes, Cathy Holten, Gina Whaley, Karen Wilson and Ann Wood. Awards presented included the Brownie Friend Maker patch, World Association pin and membership stars. Leaders Katie Wilson and Marie Edrington gave each girl a sash during the meeting, to exhibit their awards and patches. Refreshments were served to members of the troop and parents and guests. Pat Strubberg, Pam Cruse, Dolores Holton, Sharon Grubbs, Tim and Mike, Daria Whaley and daughter, Mr. and Mrs. Stark, Mrs. Witt and Mrs. Selph.

FA Route 151 opening increases bridge use

Vehicle traffic over the McKinley Bridge in Venice increased by 91,541 crossings in August and September this year over the same period in 1976.

According to Thomas Fields, bridge manager, 242,499 vehicles crossed in August 1976, which increased to 282,947 this year. September figures show 228,147 crossings in 1976, compared to 273,246 this year.

Fields made his report to the Venice City Council Tuesday night.

Fields said, "Much of the increase can be attributed to the Aug. 15 opening of Federal Aid Route 151 which makes our bridge a fast route for many persons in Granite City and as far away as Alton to downtown St. Louis."

"This is evidenced by the increase of 1,826 September per-day crossings over last year," he said.

"Our daily traffic runs about 10,000 to 11,000 vehicles Monday through Thursdays. On Fridays, this increases to about 12,000 and then drops on Saturday and Sundays to between 5,000 and 7,000 crossings," Fields said.

"Sternberg construction is

still about four weeks ahead of its work schedule and the southeast approach may be opened within the next two weeks and completely finished in mid-November. This will then help speed traffic even more."

"After we get the approach opened, we will start some advertising campaigns to attract motorists who are not aware of the time saved with the new route open," Fields said.

Non-instructional capital improvements totaling \$2,320,000 at Southern Illinois University at Edwardsville were approved Tuesday by the SIU Board of Trustees for consideration by the Illinois Board of Higher Education (IBHE).

The improvements include remodeling, rehabilitating, equipping and planning for various facilities used for functions auxiliary to and supportive of the university's primary roles. Sources of funds for the projects are for the most part, grants, operating revenues of the facilities and student fees.

University officers explained it is the responsibility of the IBHE to determine whether or not any project submitted for approval is consistent with the master plan for higher education.

"SIUE projects submitted to the IBHE and the estimated cost are:

—Construction of utilities for tertiary treatment facility, \$655,000.

—Environmental Resources Training Center equipment, \$500,000.

—New and replacement equipment for service and auxiliary enterprise departments, \$100,000.

—New and replacement equipment for programs of recreation, intramurals and athletics, \$100,000.

—Site improvements for playgrounds and outdoor facilities for programs of recreation, intramurals and athletics, \$50,000.

—Site improvements for parking lots, \$50,000.

—Renovation of the University Center, \$900,000.

—Alton campus renovation, \$335,000.

—New road surfacing, \$50,000.

—Purchase of data processing terminals, \$40,000; and

—Fabrication and installation of a sculpture in the core area, \$50,000.

Four hurt in 3-car crash

A three-vehicle collision on Madison Avenue at 20th Street at 2:45 p.m. Wednesday resulted in four people sustaining injuries.

Drivers of the vehicles, all northbound, were Lee P. Abernathy, 1672 Third St., Madison, operator of a tow truck, Mrs. Marian Wright, 224 Arnold Drive, and Bruce K. Simmons, Baden, Mo.

TREATED AT HOSPITAL—Mrs. Patricia Wood, 25, of 2129 Delmar Ave., had x-rays taken at St. Elizabeth Hospital at 6:40 p.m. Wednesday, after she reported striking her head on the dashboard in an auto accident and becoming dizzy. She was released.

Simmons, 27, was taken by ambulance to St. Elizabeth Hospital suffering pain in the neck and head. He had x-rays taken and was released.

Sidney Gilmore, 31, of Baden, a passenger in Simmons' auto, also was taken to the hospital by ambulance for treatment of pain in the neck and spine. He was x-rayed and released.

Mrs. Wright, 39, initially refused treatment but went to St. Elizabeth Hospital at 3:50 p.m. after suffering pain in the chest and neck. She underwent x-ray and was released.

Monroe Thieman, 62, of Alton, a passenger in Abernathy's truck, also reportedly sustained an injury in the crash.

Smith dividend up

The board of directors of A. O. Smith Corporation voted Tuesday to increase the regular quarterly dividend to 25 cents per share of common stock, up from the previous rate of 20 cents per share.

The dividend is payable Nov. 15, to shareholders of record Oct. 31.

This 25 per cent increase brings the quarterly dividend rate to the highest level in the company's history.

The last increase in A. O. Smith's regular dividend was in July 1976, when it was raised to 20 cents per share of common stock from a previous rate of 15 cents per share.

The company has a major auto frame plant here.

Hiram Rhodes dies at 83

Hiram Rhodes, 83, of 1872 W. Chanticleer Road, Anaheim, Calif., formerly of Granite City, died at 4:15 p.m. Sunday at the West Anaheim Community Hospital.

Born in Alto Pass, Ill., Mr. Rhodes resided in Granite City 52 years prior to moving to California.

He retired from Monsanto Chemical Co. where he had been employed 40 years as a production worker.

Mr. Rhodes was a member of Dewey Avenue United Methodist Church.

Survivors include two daughters, Mrs. Wesley (Dorothy) Stanfill of Anaheim, and Mrs. William (JoAnn) Cullum of Penn Laird, Va., and six grandchildren.

Funeral services were held today. Details are given in the obituary column.

Majority support for constructing \$432 million lock, dam

Authorization of a new 1,200-foot lock and dam two miles downstream from the present Alton facilities now seems to have garnered the necessary support in Washington's legislative and executive branches, assuring Madison County of a massive construction project.

Even more important than the economic stimulus of the \$432 million undertaking is the fact that it will replace aging locks that have created serious delays and hazards.

Efficient river shipping is vital not only to this community and region, but to the nation and world, and in recent years it has been placed in increasing jeopardy here.

The price of majority support for the new Mississippi River lock is the imposition of a waterway use tax — a foot-

the-door which many fear may become excessively burdensome in its impact in future years. But so much transportation money has been placed so much emphasis on the user fee concept that it appears to be unavoidable.

Initial House legislation called for barge firms to pay four cents per gallon on diesel fuel, rising to six cents in 1981. The annual cost is projected at \$71 million by 1984, and House Ways and Means Chairman Al Ullman undoubtedly is right in opposing as confiscatory the Senate's proposed \$350 million yearly take.

Whether a companion lock should be built also is a matter of valid concern, but with all factors considered, waterway and consumer interests believe it is best to proceed with one lock at this time, rather than risk getting none at all.

Plan places heavy responsibility on assistant prosecutors

In a detailed article this month, "Warrant plan forcing hasty crime probes," the Press-Record outlined the pro and con of new felony charge procedures in Madison County.

The overall goal of more efficient prosecution of major crimes has widespread support.

Specific points raised included whether adequate time will be provided for the assembling of crime evidence and information — even Sherlock Holmes sometimes required more than a day or two to find a solution — and whether a kind of "plea bargaining" may occur two or three times per case instead of once or not at all, perhaps reducing proposed

serious charges to an unacceptably trivial level.

A potential additional problem arose this week when multiple trips to the county seat at Edwardsville proved necessary before charges were authorized against an individual. Whether such travel volume will drain too many man-hours of investigators' time remains to be seen.

Citizens will watch with interest as the experimental program progresses, aware that the success or failure will depend to a great degree on the skills and attitudes of the assistant state's attorneys who decide whether or not to authorize filing of charges in the various cases presented to them.

Eventful 300 years cited at Chouteau building dedication

The new town office and social center dedicated this week in the Mitchell area provides outstanding facilities for official and unofficial Chouteau Township events.

As pointed out during the opening ceremonies, construction of the spacious structure culminates a long and active period of growth and progress in the Chouteau area, extending back through three centuries of recorded history.

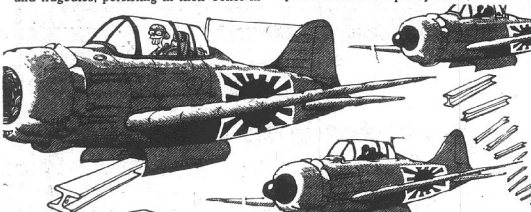

The most recent century has included governmental services provided by Chouteau Township, whose charter officials began their duties in April 1876.

To establish what is now a thriving, modern, diverse community, countless individuals and families endured hardships and tragedies, persisting in their belief in

this community, county, state and nation as an eventual "promised land" of peace and joy and fulfillment.

Names associated with the township's past and present evoke nostalgic memories: William, Trosper, Sparks, Smith, Letow, Ryan, Rapp, Southern, Voight, Leeds, Paul, Kinder, Eberhart, Warnecke, Buehrer, Moore, Hawks, Schilling, Hanfelder, Pettengill, Sechtig, Braden, Huebner, Kunemann, Poag, Willard, Hommert. The list of dedicated citizens and leaders is almost endless.

This week is a proud one for Chouteau Township, whose residents justifiably view the future with confidence and the resolve to achieve still further improvements in the quality of life.

Still lack data on prisoners, missing

To the Editor:
On July 7, 1977, the National Human Rights Campaign for POW-MIA's (Prisoners of War-Missing in Action) was officially formed in Walden, N.Y., by concerned citizens and dedicated Americans.

Our main purpose is to remind the Congress and Senate, and most of all the people in the White House, that there are still 1,300 men missing from the Vietnam War — and that we are demanding a complete accounting for them. It's the same old story: the fighting men, did not lose. It was lost by the politicians.

We, therefore, request that

since THEY lost the war, they at least do everything to get a complete accounting of all the 1,300 men in Southeast Asia.

We are looking for concerned and dedicated people who would like to help us work with our committee.

To help enlarge this committee, state and nationwide, we must do everything humanly possible while there is still hope for these men.

We have government documents, fact sheets, and slides to view to prove that these 1,300 men are still waiting for our help. Let's not trade their lives in

exchange for oil, mining rights, and normalization with the Communists.

Let's remind President Carter to keep his campaign promises to get a complete accounting, as he has failed to do so. He has seen fit, instead, to admit Vietnam to the United Nations and normalize relations with the same Communist country.

He is now going to review the status of these men and declare them "presumed dead," instead of "presumed ALIVE."

JOEL H. COOK
Chairman
National Human Rights Committee for POW-MIAs

Percy cites false humanitarian issue

To the Editor:
Senator Percy was not born rich. Had his mother aborted him when the family was poor, he would not now be making pro-abortion speeches.

His heart bleeds for the poor pregnant woman who cannot afford a doctor to kill the baby in her womb. That same bleeding heart of his covers blood for taxpayers who pay welfare money unless she aborts her baby.

Being an ex-banker, Percy figures it costs \$200 for an abortion, and perhaps \$100,000 to raise the unborn child until it reaches the age of 18.

With this in mind, Percy comments: "If we can avoid a \$100,000 cost for a \$200 in-

vestment, and make a humanitarian investment at the same time, what sense does it make when the family was poor, he would not now be making pro-abortion speeches.

Thinking not of abortion as killing. Forget that it is destroying a defenseless baby. Consider it as an investment. See it, as Senator Percy does, as a humanitarian investment.

No one denies it is cheaper to abort than to support a child on welfare. But what about the morality of abortion or feticide?

It is more moral to abort and save money or not to abort and spend money?

Do we worship Percy's golden calf of money, or do we worship a God who made man to His own image and likeness?

Sad to say, there are many congressmen who think, speak and vote like Percy.

Pro-abortion Senators Kennedy, Reagan, and Bayh and Congressman Rev. Dr. Daniel Rostenkowski look at abortion from the economic, not the moral, viewpoint.

They may preface their remarks with an "I personally oppose abortion." But voters judge politicians by their acts, not by their pious prattle.

Their votes are acts. They vote pro-abortion.

REV. FRANK J. MELVIN, CM

GRANITE CITY PRESS-RECORD Thurs. Oct. 13, 1977 Page 25

Resents Schlafly tactics, propaganda

To the Editor:
When I debated Elaine Mitterdorf at the September Granite City Democratic Club meeting, I picked up one of the pieces of "literature" which her supporters passed around, the August "Phyllis Schlafly Report."

I have never read a more blatantly fallacious piece of propaganda. The entire issue is dedicated to tearing down the International Women's Year Conference of 1977.

I cannot speak for all of the IWY Conferences since I attended only one of the only one that I (and Phyllis Schlafly) were entitled to attend as residents of the state of Illinois the Illinois IWY. Phyllis Schlafly was not there.

I submit to you that if she attended any other state's IWY Conference, she had no right to be there unless scheduled as a speaker.

And yet, she sets herself up as an authority on how the conferences were run. She claims they were without the participation of non-ERA people.

Her conclusions must be based on other states' conferences because her conference was not. She was not even invited to the Illinois Conference. They even brought along a battery of male attorneys to direct their every move.

Phyllis says in her report that her people were not allowed to see the ballots which were counted (and by computer), and then details exactly (according to her) how the elections were held and how the ballots were counted.

She was not there and claims her people were not. I ask you who gave her all this detailed information? I happen to know that the elections were held and how the ballots were counted, with their lawyers.

She says in her report that the microphones on the floor during the vote on resolutions were covered by hand and at one point covered in half. I have no idea who gave her this information.

I put my hand over the microphone when Rosemary Thon grabbed it away from me after I had stood in line to get the floor.

She ignored the line and the facilitators and, while I still had the microphone, jerking it away from me. I did not reach out and cover it with my hand and asked her to get in line as everyone else had to do.

What Phyllis neglected to

mention in her report is that the microphone which was broken was broken by a Stop-ERA woman who had to be subdued by Illinois State University police and forcibly removed from the assembly.

The misinformed tend to believe that only blood and minimal tissue compose the

microphone cost \$250 to replace.

Stormed out would better describe their exit. Once outside, they continued their disturbance by banging loudly on all doors to the hall.

In Illinois, 24 "non IWY participants" were elected as delegates to the National IWY Conference to be held in Houston in November. These 24 con-ERA delegates will accept federal money to pay their expenses to go to Houston and "non participate" in the conference there.

Mrs. Schlafly complains about the fact that this conference has been mandated by the federal government. To prove their sincerity, these 24 delegates should pay their own way to Houston and their own hotel bills while there.

Let us get the facts straight. Anyone who attended the IWY Conferences can tell you who the real "radicals" are. They are members of the Phyllis Schlafly Forum, Stop-ERA — and according to the "Grand Wizard" of the Ku Klux Klan — the KKK ladies' auxiliary.

Phyllis refers to these people as "pro-family," a silly attempt to infer that anyone who disagrees with her views is "anti-family."

All of the pro-ERA women that I know are also "pro-family" and we resent very much her attempt to make us seem otherwise.

The Phyllis Schlafly Report is really named "The August issue is just that and nothing more, a report on all of the International Women's Year Conference."

Phyllis, who probably did not attend any of them.

NORMA MENDOZA
2452 Killarney Drive

Suit shows stamina and righteousness

To the Editor:
Congratulations to the Right to Vote Committee and to the people of Granite City who voted to protect their right to vote.

It is pleasing to note that people are concerned about what is happening in their city, and their response to the petitions indicated that concern.

Also worthy to note is that Dan Partney is bringing legal action against the County Board members who voted a contract

to a higher bidder for repair work, when as in any contract evaluation the low bidder is to be awarded the work to be specifically done.

It is about time someone stood up. Dan has the stamina and righteousness to get something corrected that is wrong.

It has been too long that everyone sits back and does nothing—right or wrong. He is protecting the taxpayer, you and I.

STEVE KONOVICH
2802 Dogwood Drive

Sportsmanship at South

To the Editor:
I want to congratulate the Granite City South football team.

Their good sportsmanship has been too good to be true. Their good sportsmanship has been too good to be true.

They may preface their remarks with an "I personally oppose abortion." But voters judge politicians by their acts, not by their pious prattle.

Their votes are acts. They vote pro-abortion.

REV. FRANK J. MELVIN, CM

Street-light needed to reduce hazard

To the Editor:
We need a light! We need another street light on Saratoga Avenue on the curve by the

At night, I can't even see my front sidewalk unless there's a full moon. How are drivers supposed to see what's ahead on the curve unless more street

lights are installed? Myrtle Road is being expanded to a four-lane. The traffic will surely increase, and so will the danger on this curve.

Our car has been hit and sideswiped several times by hit-and-run drivers.

We've been told that the street lights on our front yard from

drivers who have lost control of their cars.

If our alderman — whoever he is — lived in this location, I'd bet there would be street lights at every house along this curve.

We need some action. Please help.

MRS. PAM PHELPS
2625 Saratoga Ave.

Consider rights of an unborn child

To the Editor:
As the abortion issue becomes hotter in Granite City due to the recent death of a young mother

after obtaining an abortion at the Hope Clinic, so do the debates between pro-abortionists and pro-lifers.

The misinformed tend to believe that only blood and minimal tissue compose the

much-used term "fetus."

The autopsy report on Mrs. Davis shows that two fetal parts, the face and the spinal column, were left imbedded in the uterus — both recognizable parts of an unborn child.

Therefore, the debate is not whether a clump of tissue is removed, but whether you agree that an abortion should be

performed at the discretion of a woman and her physician, disavowing any rights of the unborn child.

Let's make a decision in regard to our value on human life and not on the popularity of a physician and all other irrelevant facts.

V. FERN BOKER
10 Bermuda Lane

Extra month to fight service areas

To the Editor:
In January 1977, I was approached by a number of people from the business section, specifically by two precinct committee members, James Counts and Helen Hawkins,

regarding the Illinois law that allowed a special service area to be established without a referendum.

At the time, and still do, that new sewers are absolutely essential to the economic well-being and future growth of Namekott Township.

But I agreed that the law itself weakened the right to local people to decide local issues for themselves. In some respects, it was similar to the question of an appointed or elected supervisor.

Recognizing that I could not affect events of the past, I tried to change the law to return more direct control to the people in the future.

In 1977, I introduced House Bill 1793 which changed the backdoor provisions of establishing special service areas to a direct

referendum.

If the special service area was very small (i.e., a down town business section), a petition of approval by over fifty per cent of the electors would suffice.

In most cases, however, the electors would have a direct voice by their vote on the question of establishing a special service area — or the levy, imposition or increase of taxes or the issuance of bonds for special service area purposes.

This change, scheduled to take effect Jan. 1, 1978, passed the House Committee on April 23, 1977, by a vote of 13 to 4, and passed the House May 18 on a vote of 134-9.

Following House Bill 1793, as amended through the House and Senate, was a lesson in practical politics and an introduction to the democratic principle known as compromise.

Hopefully, the final results are of some assistance to the people that I try to represent.

JIM MCPHIE
State Representative

City bumbling, inefficient, extravagant

To the Editor:
On Sept. 13, Mayor Paul Schuler signed a tax levy of

of 21 cents on every \$100 assessed valuation or approximately 15 per cent of the city portion.

The Granite City Press-Record editorialized the signing as "an act of courage." The real act of courage emanated from the Finance Committee.

It is they who foresaw the necessity for a tax increase to meet the depleted police and fire departments.

In the end, however, the mayor signed the tax levy because the City Council say on its decision not to allow any more underfunding of the police and fire departments.

The City Council looked to the future, whereas our mayor was concerned only about his own political survival.

Yet, was the tax increase really necessary? I say "No" and that's why I voted against increasing our taxes.

Now, you may say, "Charlie, you sound contradictory. First you say we need to fund the pension funds more fully."

"In fact, it was you who made the motion to have Fireman Pension Fund member George Smolch address the council and mayor as to the necessity to place more money in those funds."

"Then you say it was the council's act of courage to pass the tax levy."

I'm glad to answer that question. No doubt we needed to fund the pension plans, but we could have funded those plans without imposing more taxes on our citizens.

How I proposed a seven per cent increase in expenditures from each city department.

Several other aldermen expressed support or interest in my proposal, but very few wanted to impose that responsibility on the department heads. Instead, they placed the burden on you, the taxpayers.

The inherent reason, Granite City, that our taxes were increased is due to the bumbling, inefficient and extravagant manner that our city is being run — similar to council procedure, only more important to your pocketbook.

There is no rhyme or reason in city purchasing, hiring and training procedures.

There aren't any — or, only alternative — job descriptions for employees, appointed and elected officials. There is no merit system, only automatic pay increases.

I am convinced that our city and its officials need to re-examine every facet of our city government.

I have no doubt that if city purchasing procedures were thoroughly revised, that the city could save five to 10 per cent of the taxpayers' money and use

that money on capital improvements like our streets, sidewalks and alleys.

Only last meeting, the Finance Committee provided some purchasing suggestions.

How did our mayor react? In his haphazard, easy-going manner, he voiced approval.

But to me it looked as if it went in one ear and out the other. Will Mayor Schuler's appointees have to tighten their belts? For the taxpayers' interest I hope so, but in reality I don't expect it.

Mayor Schuler could have told his appointees to trim the budget, to trim extravagances and to institute more efficient departments. Instead, he raised our taxes.

It appears to me that when it's the taxpayer who pays the bill, too many city officials and employees feel there is no one they must answer to. That's simply not true. The recent referendum proved that!

But unless we voice our disapproval, then we are going to continue to live with higher taxes, political favoritism, and inefficiency.

Protest, my friends, is our only alternative — both in person and at the polls. In the words of a famous English Statesman, Edmund Burke:

"I am not of the opinion of those gentlemen who are against disturbing the repose; I like a clamor whenever there is a job. The fire bell at midnight disturbs our sleep, but it keeps you from being burnt in your bed."

CHARLES R. DOUGLAS
First Ward alderman

Says people oppose rights amendment

To the Editor:
A new national public opinion poll indicates that the American people oppose the Equal Rights Amendment by a decisive margin.

This poll, conducted by a highly-respected national public opinion research organization, Decision Making Information of Santa Ana, Calif., shows the following results:

1. By a margin of 61 per cent to 35 per cent, the American people oppose sending draft-age women into military combat.

2. By a margin of 65 per cent to 23 per cent, the American people oppose transferring final power over marriage, divorce and child custody from the states to the federal government.

3. By a margin of 51 per cent to 44 per cent, the American people oppose mixing every school and college, including all their activities, coed.

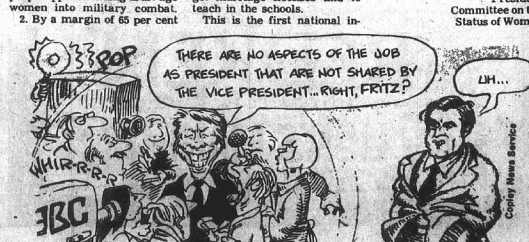

4. By a margin of more than 80 per cent to 20 per cent, the American people oppose giving homosexuals the right to get marriage licenses and to teach in the schools.

This is the first national in-

depth scientific poll on the proposed consequences of ERA. It reflects the growing momentum against ratification.

Fifteen states have rejected ERA despite White House lobbying. In the last two years, only one state has ratified ERA (Indiana), but that was balanced off by another state's rescission (Idaho). Two other states previously rescinded — Nebraska and Tennessee.

DONNA CARLSON
President
Committee on the Status of Women

ORIENTAL BAND members Vernon Griggs, left, and Jack Stansberry, display some of the items to be offered at the band's first antique auction Sunday. Proceeds will aid children in Shrine hospitals. The event will be held from 1 p.m. to 7 p.m. Sunday at the Moose Lodge, Highways 111 and 143, Wood River.

GC Trust opens annual Dress-A-Doll contest

Ernest A. Karandjoff, chairman of the Granite City Trust and Savings Bank, has announced the opening of the tenth annual Dress-A-Doll Contest to provide gift dolls for less fortunate children of the community.

The competition is a prize contest in which the bank furnishes all dolls and prizes while the contestants donate their skills to sew costumes for the dolls.

Savings bond prizes will be awarded the top three prizes, the contestant selecting any style costume she desires.

Anyone who wishes to help provide a special Christmas gift may enter the contest by stopping in at the Granite City Trust and picking up a free doll

for which to design and sew a costume, Karandjoff said.

After the dolls are on display in the bank lobby the first two weeks in December, they will be distributed by local agencies to needy children at Christmas time.

SUFFERS NOSE FRACTURE

Twelve-year-old Danny Payne, 2202 Missouri Ave., repairing his bicycle at 23th and Adams streets at 4:10 p.m. Monday, was struck in the face and head by another boy, it was reported to police. The Payne boy was admitted to St. Elizabeth Hospital and underwent surgery for a fracture to his nose later the same day.

3 cars stolen; two are burned

Three autos were stolen in Granite City Tuesday and two were found abandoned and burned.

Danny Paul, 3085 Wayne Ave., discovered at 11:55 p.m. Tuesday that his auto had been stolen from the Granite City Steel blast furnace parking lot and was found burned on Highway 111.

Mark Lakatos, Collinsville, had his auto stolen after 6:30 p.m. Tuesday from the parking lot of American Steel Industries. It was found burned near Edwardsville.

Police are searching for the two-tone gold 1974 Lincoln Continental Mark IV of Mike Wall, Edwardsville, which was taken from the parking lot of A. O. Smith Corp., Route 3, before 7 a.m. Tuesday.

Earth science degree major

Authority to offer the bachelor of science degree with a major in earth science was granted Tuesday to Southern Illinois University at Edwardsville by the SIU Board of Trustees, subject to approval by the Illinois Board of Higher Education.

It would permit students to acquire a broad scientific background necessary for pursuing a career in the earth sciences.

"A variety of burgeoning occupations, including those in mining, in other energy-related fields and in environmental protection and pollution control, necessitate an increasing number of persons trained in the general area of earth resource evaluation and management," the trustees were told.

"Recent trends in secondary education have shown a replacement of general science with earth science."

"And federal legislation creating a national land use program is expected to increase demands which are already growing because of the growth of state land use laws," officers said.

The new degree program will not require additional resources from the university. Funds for implementation of the major will be reallocated from the budget of the Department of Earth Science, Geography and Planning.

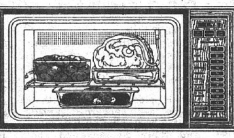

Laity Day

Laity Day will be celebrated at 10:45 a.m. Sunday at the Madison United Methodist Church, 5th and Ewing. Theme will be that "as God's people, we have all been entrusted with a share of the church's ministry."

Miss Judy Rash will speak on "Who Are God's People?"; Clarence Green, "Ministry to One Another"; and Mrs. Ruth Rheinhardt, "Our Ministry to the World."

OPEN THURSDAY and FRIDAY NIGHTS 'til 8 P.M.

DEDICATING NEW BUILDING in Chouteau Township Sunday afternoon, U.S. Congressman Melvin Price (D-East St. Louis), speaks at the event, attended by more than 350 persons. Price noted the building was constructed entirely with federal grant funds and pledged to continue his

support of revenue sharing. Seated at left is Chouteau Township supervisor Walter "Dick" Sparks and at right is State Senator Sam Vadalabene. Standing at left are three members of the Joey James Orchestra, from left, Gordon Routh, Ron Mitchell and Andy Belobradic. (Press-Record Photos)

BUSY DAY FOR TEACHERS. Quad-City area school teachers enter the Madison Metal Decorating Co. plant, a division of Caine Steel, as they tour the Stephen Maceras Industrial Park Tuesday during Business,

Industry and Education Day sponsored by the Tri-Cities House in Cambera and conducted the official JOTA opening ceremony there.

Scouts worldwide take to airwaves

Boy Scouts, Cub Scouts and Explorers around the world will talk to each other as the 20th "Jamboree-on-the-Air, 1977" takes place during the weekend. "Ham" radio operators worldwide and scouts will have 48 hours of around-the-clock fun beginning at 8 a.m. Saturday,

leaders said. The Quad-City area, radio operators will work with the scouts at the home of Glen Hommert, 4108 Melroe Ave., who is a "ham" operator and chairman of Boy Scout Troop 13, sponsored by St. Elizabeth Hospital.

The first JOTA exceeded expectations. An estimated 2.5 million scouts took part last year.

Special certificates are being awarded to all participants. A highlight of the 20th JOTA will be a message to scouts from President Jimmy Carter.

According to Hommert, conditions this year should be excellent. Last year, with less than optimum conditions, activity was very high, Hommert commented.

In Australia, Governor-General and Chief Scout Sir John Kerr, gave VKIBP use of

the grounds of the Government House in Canberra and conducted the official JOTA opening ceremony there.

Last year on the Cook Islands, the Nikao Scout Troops camped at Aroa and received a personal message from New Zealand Governor-General Sir Denis Blundell.

In Hong Kong, scouts had a long "ragchew" with a JOTA station in Java and the scouts exchanged songs over the air.

More information may be obtained by contacting the Boy Scout Service Center, 2016 Delmar Ave., at 876-0668.

CYS offers emergency clothing center here

One of the services offered by Coordinated Youth Services (CYS) is an emergency clothing center, the purpose of which is to provide clothing for infants and school age children, an official reported today.

The clothing articles may include pants, shirts, dresses, coats, underclothing or shoes, depending upon the situation. This service is available to residents of the Quad-City area based upon need, and each case is handled individually.

Since the clothing is nearly new, anyone interested in helping should donate only serviceable and appropriate clothing for school-age children or younger.

Currently, one of the biggest needs is for clothing items, including coats, for grade-school children, ages 5 through 12, according to a CYS spokesman. Clothing donations may be made from 9 a.m. until 5 p.m.

Monday through Friday at all three offices of Coordinated Youth Services. These are the Granite City office at 1254 Niedringhaus Avenue, the Madison office at 409 Madison Avenue, and the Pontoon Beach office at 3939 Lake Drive.

Anyone desiring further information, should contact Mrs. Gladys Bass at 876-2383.

SCHOLASTIC HONOR
Thomas Ambuehl, son of Mr. and Mrs. Leland Ambuehl, Granite City, has been named to the dean's list at Parks College of Saint Louis University. He was selected for the honor by reason of outstanding scholastic attainment. A Granite City high school graduate, he is in the aircraft maintenance engineering program at Parks College, Cahokia.

LION'S MANE

Wilson School Open House

Plans for the Open House at Wilson School, to be observed on Tuesday, Oct. 18, were announced at an executive board meeting conducted by Mrs. Linda McGee, president.

Parents are invited to visit the school rooms at 7 p.m. and are also invited to attend the annual bake sale and membership drive booth during the evening.

School pictures will be taken at the school on Thursday, Oct. 20, according to Ted Vrenick, principal. He added the cost of the package is \$3 and must be paid in advance.

Plans were also announced for a Halloween parade scheduled for 1 p.m. on Oct. 30.

Others attending the meeting were Theresa Finn, Mary Jane Wasylak, Dorothy Baker, Pat Dawes, Louise Moade, Cathy Rivenburgh, Marie Powell, Alice Mills, Sylvia Wood, Barbara Moniz, Brenda Brooks, Barbara Sansoucie, Diane Morthland, Bill Smithson and Rebecca Chandler.

Sr. Citizen events set

Several programs and classes available to Quad-City senior citizens were discussed at a meeting of the Granite City Council of Senior Citizens, held at the Senior Citizen Center, 1918 Edison Ave.

Edgar Padock, president of the group, opened the meeting with the Lord's Prayer followed by the pledge to the flag.

The AARP Rhythm Band will practice on Monday afternoons instead of the evening sessions and the More the Merrier Club will hold Thanksgiving dinner on Wednesday this year, it was noted.

Those who have applied and are eligible for the energy crisis will be notified soon, according to the president. Senior citizens interested in the winterization program should contact the mayor, he added.

Mrs. Elina Hoover reported exercise classes are held at the YMCA on Monday and Wednesday from 9 a.m. to 10 a.m. at a cost of \$4 a month.

There will be a tax aide program with Charles Kelly as coordinator and those interested in taking a driving course are to contact Kelly, it was noted.

A special rules of the road review course for senior citizens is scheduled for Tuesday, Wednesday and Thursday, Oct. 18, 19 and 20, at the Senior Citizen Center, 1918 Edison Ave. at 7 p.m.

The course is designed for those who will take the portion of the Illinois Drivers License renewal examination, the president noted.

Hometown assignment for airman

Airman First Class Frances R. Weller, daughter of Mr. and Mrs. William E. Weller, 2809 Forest Ave., has returned to Granite City to assist the local Air Force recruiter.

She is an administrative specialist in the Morale, Welfare and Recreation Section at Bolling Air Force Base in Washington, D. C. Airman Weller will be home for 15 days to help the new local recruiter, Air Force Technical Sergeant James Markham, explain the Air Force way of life to Quad-City area residents.

A 1975 graduate of Granite

City High School South, she has been on active duty in the Air Force since July 1976.

While here, Airman Weller also is planning to visit local high schools and discuss career opportunities in the Air Force with interested students.

Anyone wishing to secure information about the Air Force and its various training programs is invited to contact Airman Weller or Tech. Sgt. Markham at the Air Force Recruiting Office, 1204 Niedringhaus Ave., or call 876-5225.

Mass Sunday to honor Monsignor Mattingly

Quad-City residents are invited to attend a 10 a.m. con-celebrated mass on Sunday at St. Elizabeth Catholic Church, Johnson and Pontoon roads, in honor of the Rt. Rev. Ngr.

Lawrence Mattingly, who served the parish for over 25 years prior to his retirement. Several priests from Granite City and Illinois will lead the processional from the cafeteria to the church just before the mass.

Other organizations who will participate in the ceremony will be the Fourth Degree Knights of Columbus, Daughters of Isabella, the Altar Society and Holy Name Society.

Mrs. Anne Pare is serving as chairman of the arrangements and will host, with her committee, a brunch immediately following the mass in the school cafeteria.

Family night program at 'Y' opens Friday

The Family Night program will start at 6:30 p.m. Friday at the "Y" with two films. One is for those who love horses and nature. It is the visual story of a thoroughbred from birth to his first victory, a "Y" spokesman said.

The other film, "A Matter of Conscience," is a specially edited version of "A Man of All Seasons" which accentuates the clash between Henry VIII and Thomas Moore; the confrontation of state policy and an individual who believes the "law of God" should be over that of the state.

The films will be followed by activities in the Arcade, volleyball in the gym from 7:30 to 9 and a family swim from 8:15 to 9 p.m.

'Fall roundup' planned at Mount Zion Baptist

Mount Zion General Baptist Church, 21st and Benton streets, will celebrate its annual "Fall Roundup" Saturday and Sunday, Oct. 15-16, and will feature The Hambrick Family from Tulsa, Okla.

The festivities will begin at 5 p.m. Saturday with a pot luck supper in the church fellowship hall. After the dinner special singing with the Hambrick

family will be held in the church sanctuary at 7 p.m., according to the Rev. Donald Clark, host pastor.

During the Sunday worship hour the guest singers will present a special gospel program and the service will be delivered by Rev. Clark.

Winners in a 4-week contest will be announced in the Sunday School hours with prizes awarded, the minister said. Rev. Clark reports the record attendance at the church has reached 350 and he expects to break the record at the Sunday program.

Register Friday for tap, ballet

Beginner classes in tap and ballet dancing will start Tuesday, Oct. 18, at the Nameoki Recreation Center, Franklin and Amos avenues, for children in kindergarten through the sixth grade.

Registration for the classes will begin Friday at the Wilson Park Office. The number of children accepted will be limited, a spokesman for the Granite City Park District said.

All classes will take place on Tuesday's starting with kindergarten, first grade and second grade pupils from 4:30 p.m. to 5:30 p.m.; third and fourth grades, 5:30 p.m. to 6:30 p.m.; and fifth and sixth grades from 6:30 p.m. to 7:30 p.m.

Instruction is free and is available to those residing in the Granite City Park District.

PLANT SALE AT CENTER
"The Great Plant Proposition" is the slogan for a plant sale to be held in the SIUE Meridian Ballroom on Monday and Tuesday, Oct. 17 and 18, from 10:30 a.m. until 8:30 p.m., sponsored by University Center Board Leisure Activities. More than 3,000 plants will be made available, including cacti, ferns and basket plants. A "plant doctor" will be on hand to answer questions.

Weddings and engagements of area couples

GRANITE CITY PRESS-RECORD Thurs., Oct. 13, 1977 Page 30

Donna E. Bourisaw and Randolph Vallo are wed

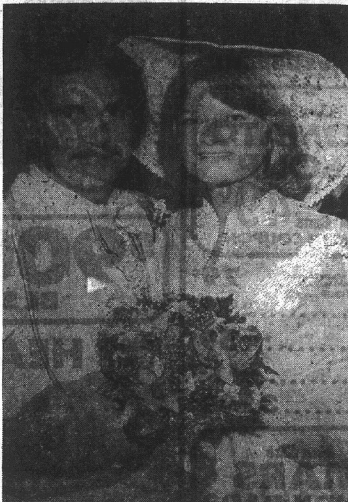

TO MARRY, Miss Christine L. Schiber and her fiancé, Donald G. Krug. Their engagement and plans for a May 20 wedding are being announced by her parents, Mr. and Mrs. Earl Schiber, 2809 Lincoln Ave.

An out of town wedding of interest here was that of Miss Donna Elaine Bourisaw, a daughter of Mr. and Mrs. David L. Bourisaw, 3235 Classic Drive, Florissant, formerly of Granite City and Randolph Eugene Vallo, a son of Mr. and Mrs. Albert Vallo, Wolverton Drive, Florissant, on Sept. 30 at St. Thomas The Apostle Church. Father Helmos officiated at the 7:30 p.m. ceremony in the candlelight sanctuary decorated with urns of jade leaves and spengert. The church organist played music from Fiddler on the Roof during the arrival of the guests and later the theme from God Spell and also Ave Maria. Escorted to the altar by her father, the bride wore a full length gown of ivory organza fashioned with a high collar of Venice lace which also accented the fitted bodice, long sheer sleeves and the Empire waistline.

Her full skirt fell softly into a chapel train. She wore an ivory picture hat trimmed with Venice lace and she held a bouquet of white cymbidium orchids, stephanotis, baby's breath and variegated greenery.

Maid of honor Miss Diana Malgren and bridesmaid Miss Diana Marie Bourisaw, a sister of the bride, selected identical apricot knit dresses designed with square necklines, cap sleeves and Empire waistlines. They wore a crown of blossoms in their hair to match their bouquets of white pom-poms, roses carnations, and yellow daisy pom-poms, tied with peach streamers.

The groom chose Michael Barks as his best man, Daniel and Michele Vallo, brothers of the groom, and Daniel Alan Bourisaw, the bride's brother

MR. AND MRS. RANDOLPH VALLO. Their wedding took place at St. Thomas The Apostle Church, Florissant, Mo. Formerly Miss Donna Elaine Bourisaw, the bride is a daughter of Mr. and Mrs. David L. Bourisaw, 3235 Classic Drive, Florissant, formerly of Granite City.

served as groomsmen and ushers. Maureen Meinbaum gave a special scripture reading during the service and Betty

Kuenke presided over the guest book at a reception following the ceremony at Mr. Yac's in Florissant.

The groom's parents hosted a

rehearsal dinner in their home. For her daughters wedding, Mrs. Bourisaw appeared in a mint green knit princess line dress complemented with an organza cape and silver accessories.

Mrs. Vallo, the groom's mother, was attired in a formal length beige dress with chiffon sleeves and green velvet decorative trim. Both mothers wore gardenia corsages.

The newlyweds are residing in Florissant after a wedding trip to Fort Lauderdale, Fla., and the Bahamas.

Both young people graduated from McCluer High School. The bride also graduated from the University of Missouri at Columbia with a degree in home economics and early childhood development. She is a teacher at the university's Parent Student Day Care Center.

The groom attended the University of Missouri at St. Louis and is presently service manager for the Budget Rent-A-Car Co., St. Louis.

Out of town guests here for the wedding included William Quinn of Granite City and Mr. and Mrs. Frank Vallo of Bonne Terre, Mo., grandparents of the bride couple, Mr. and Mrs. Robert Hahn, Mr. and Mrs. Guy Shupp, Miss Rinda Helling, Dan Flynn, Mike Reed, Mrs. Julia Gorham, Columbia, Mo., Mr. and Mrs. William Reed Jr., Mexico, Mo., Dennis Stewart, Cadet, Mo., Mr. and Mrs. Bernard Vallo and Mr. and Mrs. Robert Vallo, Bonne Terre, Mo., grandparents of the bride, Mr. and Mrs. Charles Hopkins, Columbia, Ill., Mr. and Mrs. Charles Long, Danville, Ill., Mr. and Mrs. Ray Morris, O'Fallon, Mo., Mr. and Mrs. James Pashea, Mr. and Mrs. Lawrence Pashea, Collinsville, Mo., and Mrs. William Bartels, Cuba, Philippines.

Krug-Schiber betrothal told

Mr. and Mrs. Earl Schiber, 2809 Lincoln Ave., are announcing the engagement of their daughter, Miss Christine L. Schiber to Donald G. Krug. The groom elect is a son of Mr. and Mrs. Gene Krug, 423 S. Charles St., Belleville. He is a graduate of Belleville East High School.

Miss Schiber is a Granite City High School graduate. The engaged couple are completing plans for a May 20 wedding to be solemnized at St. Margaret Mary Catholic Church.

ELECTED TO STUDENT GOVERNMENT ASSEMBLY Sixteen students at Illinois State University (Normal-Bloomington) have been elected to the ISU Student Association Assembly, the legislative branch of student government at the university.

Among those elected is Valerie Harris, 2640 Benton St., Granite City.

MR. AND MRS. MARK S. KUNTZ, who were united in marriage at St. Elizabeth Catholic Church. Formerly Miss Nancy Jean Haldeman, the bride is a daughter of Mr. and Mrs. Ralph W. Haldeman, 4008 Melrose Ave.

Kuntz-Haldeman nuptials at St. Elizabeth Church

Bouquets of carnations, gladioli, daisies and baby's breath decorated the sanctuary of St. Elizabeth Catholic Church for the candlelight wedding of Miss Nancy Jean Haldeman, a daughter of Mr. and Mrs. Ralph W. Haldeman, 4008 Melrose Ave., and Mark Steven Kuntz, a son of Mr. and Mrs. Peter Kuntz, 3108 Willow Ave., on Sept. 16.

Father Kenneth J. Becker performed a double ring ceremony at 7 o'clock in the evening.

Nuptial music including The Lord's Prayer, "Ave Maria," "Hail," and "One Love" was provided by Miss Pat Dineff at the organ and Jon Grindstaff, soloist.

Given in marriage by her

father, the bride wore a long white organza gown fashioned with a fitted bodice with a square neckline and long bishop sleeves, lavishly trimmed with Chantilly lace.

Lace motifs were appliqued on the semi-full skirt which was bordered at the hemline with a wide band of matching lace and extended into a chapel train.

A lace headpiece secured her fingertip veil of bridal illusion, and she held a colonial bouquet of silk white carnations, blue roses and baby's breath tied with white ribbons.

Maid of honor Miss Joyce Haldeman, a sister of the bride, and bridesmaids Mrs. Rosemary Alexander and Miss Barbara Hughes were dressed alike in rainbow color polyester gowns in mint green, pink and lilac.

The sleeveless princess style gowns were created with scoop necklines and long flowing skirts complemented with floral print sheer organza capelets edged in lace and picture hats. Each attendant carried a colonial bouquet of carnations, daisies poms and baby's breath in hues to match their gowns.

Katie Kuntz, a niece of the groom, served as the flower girl. She wore a light blue dotted print dress made with long sleeves, a high rise waistline and gathered floor length skirt. She carried a

basket of blue carnations and white daisies. Gary Kuntz, a brother of the groom, was best man. Gary Johannmeier, Keith Rutter and brothers of the bride, Michael and David Haldeman, were groomsmen and ushers.

For her daughter's wedding, Mrs. Haldeman chose a melon polyester crepe sleeveless floor length gown with a V-neckline and worn with a long chiffon print cape.

Mrs. Kuntz selected a blue-green polyester formal dress and cape ensemble.

Guests were received by the newly married Mr. and Mrs. Kuntz at a reception held at the Croatian Home, immediately following the service.

Parents of the groom entertained the wedding party at a rehearsal dinner in their home on the evening prior to the wedding.

Both young people are 1973 graduates of Granite City High School South. The bride is a senior student at Southern Illinois University at Edwardsville and is employed as a cashier at a Venture Store. Her husband graduated this year from SIUE and is working as a computer programmer for KDKA radio.

They are now residing in Brentwood, Mo., following a wedding trip to Tan-Tar-A.

BRIDE-ELECT. Miss Mildred Katherine Lovejoy whose engagement to Paul Matthew Doroghazi of Granite City, is being announced by her parents, the Rev. and Mrs. Earl H. Lovejoy, 2809 Edgewood Ave.

Miss Lovejoy is betrothed

The Rev. and Mrs. Earl H. Lovejoy, 2809 Edgewood Ave., announced the betrothal of their daughter, Miss Mildred Katherine Lovejoy of Des Plaines, Ill., and Paul Matthew Doroghazi, at a buffet dinner hosted by the groom-elect's parents, Mr. and Mrs. John Doroghazi in their home, 4027

Searles Ave. Among the guests attending the party was Dr. Robert Doroghazi of Boston, Mass., a

brother of the prospective groom.

The engaged couple plan to be married on Jan. 21, at the First United Presbyterian Church.

Miss Lovejoy graduated in 1970 from Granite City High School and from Southern Illinois University in December 1976 with a degree in nursing. She was a member of the Honor Society in high school and also belongs to the American Nurse Association. She will begin working this month at the University of Chicago Hospital.

Her fiancé also graduated in 1970 from Granite City High School, and in 1974 from the University of Illinois. He is attending the University of Chicago, Fritzsche School of Medicine and will receive his M.D. degree in June 1978. He is a member of Phi Kappa Phi and Phi Eta Sigma.

Christian Women's banquet Oct. 21

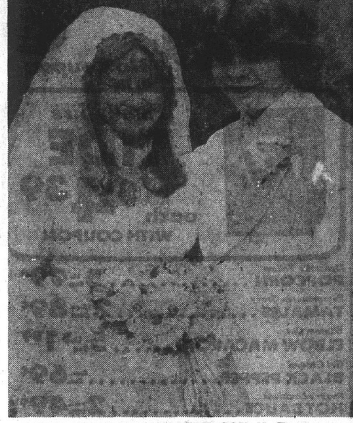

The October Guest Night banquet of the Southern Illinois Christian Women's Club will be held at 7 p.m. Friday, Oct. 21, at Fischer's Restaurant in Belleville.

A special feature for the evening will be a demonstration on cameras and photography given by Charles Burnett and Tom Munie.

Soloist for the evening will be Charles Rann of Trenton, Ill., and the featured speakers are Chuck and Tammy Williams of Jennings, Mo.

Reservations may be made by calling Betty Hook at 832-4474 or Rita Trompeter at 397-7037, according to the club officers.

MR. AND MRS. ROBERT COX II. They were united in marriage at St. Margaret Mary Catholic Church. The bride is the former Miss Kimberly Ann Bischof, a daughter of Mrs. Ruth Bischof, 3204 Erin Drive, and the late Vincent R. Bischof.

St. Margaret Mary scene of Cox-Bischof wedding

Miss Kimberly Ann Bischof became the bride of Robert Raymond Cox II in an evening candlelight ceremony on Sept. 16, at St. Margaret Mary Roman Catholic Church.

Officiating at the double ring ceremony at 7 o'clock was Father Edward Groesch before an altar adorned with arrangements of autumn flowers and greenery.

The bride is a daughter of Mrs. Ruth Bischof, 3204 Erin Drive, and the late Vincent R. Bischof. Parents of the groom are Mr. and Mrs. Robert R. Cox, 4105 Rode Ave.

Nuptial selections included "Colour My World," "A Time For Us," "Somewhere," "Wedding Song," "Ave Maria" and The Lord's Prayer.

Delora Cox and Brad Bischof served as candlelighters. The bride was escorted down the white carpeted aisle and given in marriage by her mother and the groom escorted his parents.

For her wedding the former Miss Bischof wore a full length white organza A-line style gown fashioned with an Empire bodice and high Chantilly lace collar. An embroidered lace cameo accented the sheer square yoke, edged with a wide lace ruffle.

Vertical rows of lace enhanced the long sheer bishop sleeves and also trimmed the triple flounces on the skirt. A Juliet cap edged with seed pearls secured her fingertip veil and she carried a round bouquet of daisies, carnations and baby's breath centered in a garland of lace and festooned with ribbon streamers.

Attending the bride as maid of honor and bridesmaids were Miss Gayle Wenzel, Mrs. Camille Scholz, and Miss Pam Bischof, both sisters of the bride, and Miss Gina Cox, the groom's sister.

They were attired in identical Empire designed polyester dresses in blue, mint green, maize and apricot hues. Venice lace accented the sweetheart neckline, cuffs of the long straight sleeves and the A-line skirts.

Each held a bouquet of flowers in shades to match their attire. Fred Wilson attended the groom as best man. Chris Gaddie, Jerry McCabe and Mark Wilson were groomsmen and Brad Bischof, a brother of the bride, and Randy Case acted as the ring bearers.

Carrie Crawford, a cousin of the groom, was the flower girl and Sean Bain, the bride's nephew, served as ringbearer. She wore a full length frock identical to the bride gown and carried a basket of blossoms.

Guests were received by the newly wed couple at a reception held at the Elks Lodge. The rehearsal dinner was served at The Heritage House in St. Louis. Cynthia Morris attended the guest register.

They are now residents of Granite City, after a honeymoon at Tan-Tar-A Resort in Missouri.

The bride is a 1975 graduate of Granite City High School and attended Belleville Area College. She is now employed at Travelers Insurance Co., St. Louis. The groom attended North High School and currently is employed at A. O. Smith Corp.

Revival at Madison 1st Baptist

The First Baptist Church of Madison will hold a revival starting Sunday and continuing through Sunday, Oct. 23, the Rev. Paul Davis, pastor, announced today.

The minister is inviting the public to attend the revival series, which will be led by Evangelist Lawrence Kennon. While earning his degree at Southeast Missouri State University, the Rev. Kennon

pastored churches in the Cape Girardeau area.

He has served in pastorates in Illinois and Kansas, and most recently was minister for nine years at Penn Junction Baptist Church in St. Louis County.

The Rev. Kennon performs on a 12-string guitar and actively works with youth groups and younger children.

He and his wife, Helen, reside in St. Charles, Mo.

YEARBOOK PHOTOGRAPHER. Ron Graville, student photographer for the Madison High School yearbook, has completed a two week (50 hour) photography workshop at St. Louis University. The workshop included ten sessions of class work, supervised lab work and field work.

Scout dinner Oct. 20

Several units of the Boy Scouts of America and leaders will be honored at the annual yearbook (50 hour) photography workshop at St. Louis University. The workshop included ten sessions of class work, supervised lab work and field work.

The dinner will be held in the Niedringhaus United Methodist Church, 20th Street and Delmar Avenue. Highlighting the presentation of awards will be the District Award of Merit given to six volunteer leaders who have rendered outstanding service to the Scouting program, according to a dinner spokesman. Also on the program will be recognition awards for training and camping.

Two special Explorer awards also will be presented. New officers for the district are to be installed.

The dinner is open to the public as well as parents of Scouts, Cubs and Explorers and all active volunteer leaders, according to E. Ray Grisham, dinner chairman. Tickets are \$3.50 each and are to be purchased by Monday, Oct. 17.

Tickets may be obtained at the Boy Scout Service Center, 2016 Delmar Ave., or from any

of the following Scouter leaders: Ben Miller, 877-1088; Mrs. Pat Foote, 797-6716; G. Rollin Henn, 452-3124; Ron Luebben, 876-6523; Gerald Christ, 931-0272; or Grisham, 931-4708.

EXPERT APPRAISING
MORRIS REALTY CO.
876-4400

Col. 1:19... "For it pleased the Father that in Him should all fullness dwell."

It is exciting to know that Christ is sufficient for all of our needs. He is the only one in the entire universe who knows exactly when your burdens are. You may tell others hoping to share some of your load but we are prone to believe that no one else has ever suffered like we ourselves.

However Christ was in all points tempted as you and I. Yet without sin. He has walked that lonesome valley by Himself. He knows how it feels to be persecuted after being exalted; how it feels to be deserted by friends; how it feels to lose someone in death. And beyond agony that you or I may have endured. He knows how it felt to be left by His heavenly Father. His cry on Calvary's cross was: "My God, why hast thou forsaken me?"

You may rest assured, He will never leave or forsake you, ever.

European steel outlook analyzed

(12th of a series)
As has been noted, Japan is a dominant figure in world steel exports. But it does not represent the total picture. The European Economic Community is also a major exporter.

In 1976, steel exports accounted for about one-quarter of total EEC production, and roughly one-third of total free World steel trade excluding intra-EEC shipments. To fully appreciate the world steel picture, it is important to understand the role of EEC steel producers as well as that of the Japanese.

Generalizations about steel production in the EEC can be dangerous because each participating nation is different. However, it is probably safe to state that many of the more prominent elements of the Japanese strategy can be found in the EEC as well.

Government involvement—including outright ownership, direct financial support, and other forms of guidance and assistance—is a major influence in the steel industries of EEC nations. Aggressive capacity expansion programs, based on a much greater degree of debt than would be considered prudent in the U.S., also characterize many producers in the EEC.

Finally, aggressive export programs, including government-sponsored incentives and very volatile export pricing, are a trademark of EEC steel producers.

Thus, while there are of course many subtle differences between the Europeans and the Japanese, the broad elements of strategy—in the three areas of government involvement, financing, and export behavior—are remarkably similar.

In the area of government financing and involvement, for example, government participation in steel operations is often more direct in the EEC than in Japan. British Steel, which accounts for 50 per cent of British production, is completely owned by the government.

The Italian government, through its ownership of Finisider, directly controls over 50 per cent of production in that country.

In France, a private industry association, the "Groupe des Industries Siderurgiques," assists member companies to obtain long-term credit.

In addition, the government-supported "Fund for Economic and Social Development" has provided an estimated 20 per cent of the total long-term debt of the French steel industry.

As a result of this structure, the French steel industry is the most highly leveraged in Europe with long-term debt accounting for approximately 63 per cent of total capital employed during the 1961-1971 period, and exceeding 70 per cent in 1975.

While these arrangements are different from one another, and from the Japanese situation, they nevertheless imply that many European producers can expand without having to worry about the same capital formation requirements which exist in the U.S.

In this sense, financing and pricing considerations in Europe reflect a relatively low absolute level of required after-tax profit, as in the case of Japan.

These similarities notwithstanding, however, the Europeans have been arguably less well coordinated than the Japanese in their approach to the world steel business.

In Japan, for example, the government tries to persuade the large steel producers to coordinate their capacity additions.

In the EEC, the national objectives of each member nation interfere with this sort of carefully timed capacity expansion.

Thus, if production were growing at four million annually, the EEC nations might turn out three 2-million installations, or six 1-million installations.

As each nation pursues its separate growth strategy—with government sponsorship often leading to more total capacity than market forces would otherwise permit—the result would be chronic excess capacity and sub-optimal plant sizes.

LEGS HIT DASHBOARD

Craig Foster, 22, of 2442 rear Adams St., was treated at St. Elizabeth Hospital last week after his auto was involved in an accident. He said a truck pulled out in front of his car and his legs struck the dashboard when they collided. X-rays were taken of his neck and legs and he was released.

A particular problem has been that, unlike the Japanese, the Europeans have not been able to completely isolate their export and home market prices. A second problem has been that European producers have had to compete with one another in export markets, whereas Japanese producers operate in export cartels.

Third, European producers have generally had higher variable costs than Japanese producers—especially employment costs.

Therefore, other factors being equal, the price needed to sell exported steel—while in some cases below average production

cost for both the Japanese and the Europeans—would yield greater returns to the Japanese. These conclusions are supported in part by data which suggest that European export prices to the U.S., except during shortages, have been comparable to Japanese prices.

If one accepts the hypothesis that European costs during these years were probably higher than Japanese costs, then the returns from export shipments would have been lower.

Visit Europe ceramic plants

Mr. and Mrs. David Copper, owners of Copper's Ceramics, have returned from an extensive educational tour of European ceramic factories. Workshops were held in East and West Germany, Austria and Italy.

Highlights of the tour were visits to the Meissen factory in Dresden, East Germany, and the Gobel factory of Coburg, West Germany, makers of the famous Hummel figurines.

Their visit to Rome included an audience with the Pope in celebration of his 80th birthday. Copper's Ceramics, 931 St. Thomas Road, in business nine years, has a complete line of ceramic supplies and teaches the techniques, specializing in design on clay. Information obtained on the tour will be worked into the instruction materials.

'Skate Swap' shop Saturday

Two "Skate Swap" shops are planned this month at the Wilson Park Ice Rink under sponsorship of the Granite City Park District.

The initial session is set from 10 a.m. until 12 noon Saturday and a second swapping period will take place from 8 p.m. to 9 p.m. Thursday, Oct. 27. Both will be held inside the ice rink in Wilson Park.

"Skate Swap" sessions are designed to allow youngsters and adults an opportunity to exchange or offer for sale new or used ice skating equipment. The project has proved popular with skaters at the start of the ice skating season for the past several years.

Boys throw rocks, may face charges

Three boys, ages 15, 16 and 17, face possible court action for allegedly throwing rocks and debris at a bicyclist in the 2000 block of Twentieth St., at 7:05 p.m. Thursday.

Darrell Jones, 10, of 2045 Park St., said he was riding past a house being demolished when three boys threw items at him, striking his face. He sustained a bloodshot eye and scratches under his left eye. He was released after treatment at St. Elizabeth Hospital.

Police say they have identified three suspects and are to question them in connection with the incident.

Study drainage priorities

Priorities for drainage projects throughout the Madison County East Sanitary District are being studied by sanitary district board members in a series of meetings with Madison and St. Clair County city and township officials.

The board trustees met here Thursday with area officials to consider methods for developing projects in the Madison County section of the district and to ask help of the officials in seeking federal grants from various sources. Attending the meeting in the sanitary district offices at 1801 Madison Avenue, in addition to board members, were Mayor Mike Sasyk of Madison; Albert Hudzik, comptroller of Madison; Mayor William Ebersold of Venice; Gordon Routh, secretary of the Mitchell Fire Protection District; Mark Davis, supervisor's aide of Nameoki Township; Harold Davis, Nameoki Township supervisor, and Walter "Dick" Sparks of Chouteau Township.

Russell Robinson of Granite City, president of the sanitary district board, said the district is "broke" but the board hopes to undertake drainage projects "one at a time" and to finance as many as possible with federal grants.

He said the priority projects of officials in the district are ready to start a work program can be drafted in the sanitary district's budget which is prepared in November and December.

Wendell Wheadon, executive director of the district, said meetings are being held in the two counties to achieve a united approach in applying for federal grants.

Ebersold and Sasyk told the meeting that the best way to get federal grants is through political unity and to use the area congressmen to influence the agencies which determine where funds are to be allotted.

District Engineer James Spanos said the district could use as much as \$70 million for drainage projects.

Sasyk said that it is unlikely a grant of this size could be obtained and officials should agree on priorities for individual projects.

DRAINAGE PROBLEMS and priorities for their solution are discussed by Quad-City area officials with members of the Metro-East Sanitary District Board Thursday in the district board offices here. The district plans to establish priorities in solving drainage problems considered most troublesome by city and township officials. From left around table, Albert Hudzik, comptroller of Madison; Mayor Mike Sasyk of Madison; Gordon Routh, secretary of the Mitchell Fire Protection District; Walter "Dick" Sparks, supervisor of Chouteau Township; Mark Davis, supervisor's aide of Nameoki Township; Harold Davis, Nameoki Township supervisor, and in background at right, Mayor William "Mike" Ebersold of Venice. In foreground, backs to camera from left, are Sanitary Board President Russell Robinson of Granite City; John Ehrhardt of Washington Park, board member, and Helen Christich, chief clerk of the board.

District; Walter "Dick" Sparks, supervisor of Chouteau Township; Mark Davis, supervisor's aide of Nameoki Township; Harold Davis, Nameoki Township supervisor, and, in background at right, Mayor William "Mike" Ebersold of Venice. In foreground, backs to camera from left, are Sanitary Board President Russell Robinson of Granite City; John Ehrhardt of Washington Park, board member, and Helen Christich, chief clerk of the board.

Nameoki takes over unused police car

Nameoki Township currently is "housing" a police car it purchased for the State Park Auxiliary Police Department, now inactive until the Town Board can decide what to do with it.

The Town Board of Trustees was told at the board's regular meeting Monday night that Supervisor Harold Davis, Friday, drove the police car to the town hall since the police have been inactive three months and the car was being parked where it blocked the area's ambulance fireway.

The township purchased the vehicle for the police unit under a grant program, but with the agreement it would be surrendered to the township should the police not be using it. Joseph Garcia, a precinct committeeman, told the board Monday night that the new Nameoki Volunteer Police would like to have State Park's car, if it is available.

The Nameoki Volunteer unit now serves Precincts Three, Five, Six, 11 and 12, all with one police car, Garcia noted.

He said the State Park car has about 40,000 miles use and needs a new tire and some work, but the Nameoki unit would like to have it. "We need it," Garcia told the board.

Davis said the State Park unit still has four or five interested volunteers, but they have been unable to raise enough funds to purchase insurance and gasoline to keep the car in operation. Insurance is \$2,600 per year for the car.

He said some State Park residents and businessmen would be willing to make donations to keep the department in operation, but it will be up to the policemen to collect the money.

Joseph Boyer, a former trustee candidate from State Park Police and former chief of the State Park Volunteer Police, said he does not feel the department will ever reorganize. "They don't really know what they want to do. They are no longer credible and viable. Politics has torpedoed that program."

The board is beating a dead horse in trying to do anything to continue that department," the Boyer added. Former Nameoki Supervisor Louis Whitsell, who was in office when the car was given to the police department, said he does not feel the township has the legal right to just take the car.

"Our attorney indicated when

we gave the car to them that stipulations about returning it when not in use probably were not binding," Whitsell said. "They could, however, voluntarily turn over to the Nameoki volunteers," Whitsell commented. Trustee W. Lee Adams responded, "Their wish is that we take it over."

Although not mentioned at the meeting, the Pontoon Beach police have also indicated a desire to acquire the car, which is specially equipped for police work.

Nameoki Township Highway Commissioner Frank Mehlich announced he has opened bids for a new dump truck and for asphalt on an East Madison street.

He suggested purchasing the truck from Bo Bruckman Ford, Collinsville, which submitted a bid of \$10,886, the lowest of three bids received.

MacLair Asphalt submitted the low bid of \$8,665 for asphalt on Sixth Street in East Madison from McCambridge Avenue to Farish Street.

The board also studied two bids for overall insurance coverage and awarded a contract to E. J. Miller & Co. of Granite City of \$16,524 per year for fire, general liability, automobile liability, equipment, highway garage contents, town hall contents and umbrella liability coverage.

The only other bid received on the package was from C&G Midwest Insurance Co., the Boyer added.

Davis noted the Miller bid includes coverage for the township's former carrier, of \$19,422 per year.

The former policy was to have covered the contents of the township garage. The garage contents coverage prompted the township to seek a new insurance package after a burglary in the garage.

The board also approved \$200 to each of 10 township officials to attend the township officials' convention Oct. 26 to 29 in Peoria. Granted the expense allowance were Supervisor Davis, Town Clerk Douglas Teetor, Tax Assessor Carl Macior, Tax Collector Richard Peck, Highway Commissioner Mehlich, Attorney Irvin C. Slate and trustees Jerry Adams, W. Lee Adams, Andrew Benserman and Norman Hessler.

DAMAGED BY FIRE A short-circuit in the electrical wiring is believed responsible for a fire which caused about \$300 damage to the auto of Alice Bradford, 2438 Sheridan Ave., located at 28th Street and Grand Avenue. Granite City firemen extinguished the fire.

GRANITE CITY PRESS-RECORD Thurs., Oct. 13, 1977 Page 33

Courses planned for the retired

A class on metrics will be started at 7 o'clock tonight at Tri-City Area YMCA Clubroom Two under sponsorship of Granite City Area Chapter 1340 of the American Association of Retired Persons. A \$1 registration fee for the course will be accepted at the first session.

The Metro-East Extension Institute of Lifetime Learning (MEILL) is a non-profit activity operated by and for the citizens of this area. Its purpose is to offer non-credit classes especially designed and located for senior citizens.

The Institute is co-sponsored by AARP, the Retired Teacher's Association, Belleville Area College, Lewis and Clark Community College, and Southern Illinois University at Edwardsville.

Based on the premise that "the way to stay young is to remain active and involved" these classes are being offered by the institutes of higher education in response to the expressed desires of local senior citizens groups. MEILL has no facilities. It is

designed to offer classes at the local senior citizen centers, YMCA, church, or other facility best suited to those enrolling for the classes.

A dance class will be started at the Madison Recreation Center soon and details will be announced in the Press-Record. MEILL has basic clothing construction, physical fitness and oil painting class in progress in Alton, and estate planning in Godfrey. Some of these subjects can be arranged locally if there is request of interested may call Elma Hoover 876-0606 for further information.

County will consider lounge zoning denial

Will there be a lounge and beer garden at the Fun 'n Sun Beach Resort, Mitchell? Not if the Madison County Board agrees with the unanimous recommendation of the county's Zoning Board of Appeals, issued following a public hearing last week.

More than 100 persons attending an on-site hearing on the issue Thursday morning, many expressing opposition due to what they felt would be increased traffic congestion, litter, crime and drunken drivers in the area, as well as increased crime in an area which already has inadequate police protection.

David B. Wolf and Lawrence Yust are seeking a special use permit from the county to remodel the building for a proposed "Sandbar Lounge."

The zoning board heard about 45 minutes of testimony before adjourning the hearing. Several other on-site zoning hearings were held before the board met to make its recommendation.

The zoning board's recommendations will be submitted to the Madison County Board at 9:30 a.m. Wednesday, Oct. 19, at which time the board would need a three-fourths vote to overrule the zoning board's recommendation.

The County Board meets in the basement of the Madison County Courthouse at Edwardsville.

In other business, the zoning board is recommending that the County Board approve one permit for a doctor's office, deny another permit for another medical building and grant

permits for the placement of mobile homes in Quad-City area townships.

The board recommends that a special use permit with stringent limitations be granted to Dr. Zaki and Dr. Colleen Sheikh to establish a medical office in an existing residential building on Route 157, with the stipulations it be used only one day a week and one hour on that day, only by Dr. Sheikh's business and that the number of patients on that day be limited to six.

The building can not be used for an office on the other six days each week or for business-related purposes and must remain as it is and stay residential in appearance.

A request from James C. Whit for a permit to establish a medical business or professional offices at Nameoki Road and Harrison Avenue was not endorsed by the board, which recommended that the County Board deny the permit. A request to establish a sign at that location also was denied.

The board recommended the granting of special use permits for the placement of two mobile homes.

A recommended permit for Hewitt Degischer to place a mobile home at 1927 Fifth St. in an R-4 single-family residential district of Nameoki Township.

Also recommended is a permit for William C. Willard and William A. Willard to place a double-wide mobile home at 401 Hills Ave., Hills Terrace Subdivision, which is in an R-3 single-family residential district of Chouteau Township.

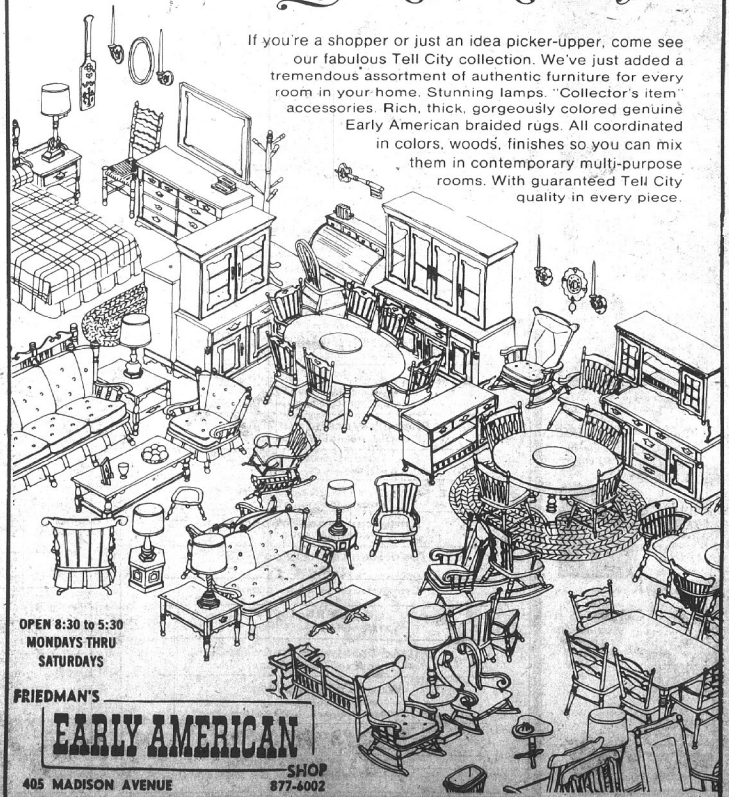

COME WORSHIP GOD WITH US!

Let God know your needs; if you're hungry, if you need to be clothed, Jesus lives and loves you. Anyone sick in bed and lonely and would like God's Word read call 877-8095. The word of God... "Jesus said unto him, thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and greatest commandment. And the second is like unto it... 'Thou shalt love thy neighbor as thyself.' Everyone that loves God, we need your prayers."

Occupational nurses confer

Glenda R. Moore, R.N., of the Veeder Health Center at Granite City Stiglitz, reports that the Missouri Association of Occupational Health Nurses will hold its annual conference Saturday and Sunday.

The meeting will be held at the Ramada Inn located at I-270 and Page Boulevard in St. Louis County.

Theme of this year's conference will be the "The Expanding Role of the Occupational Health Nurse." Ann Ducey, conference chairman, is president of the St. Louis Association.

The opening day's sessions will feature a talk on "Industrial Hygiene and How It Relates to Occupational Health Nurses," given by Jack Garrett, manager of industrial hygiene at St. Louis' Monsanto Headquarters. Other opening day speakers will be Doris England, director of patient care at St. Louis Children's Hospital, and Kristine Moore Gebbie, assistant professor of nursing at the St. Louis University School of Nursing on "Nursing Diagnosis: A Tool for Role Change."

Guest speaker Sunday morning will be Dr. Samuel C. Bonny, director of emergency services at the St. Louis University hospital complex. At a banquet at 7 p.m. Saturday, the Shering Award will be presented to a nurse selected for outstanding achievement in industrial nursing.

During the two-day conference, exhibits featuring latest equipment in occupational safety and health will be displayed.

MAN IS BEATEN
Edward Damarth, 18, of Rural Route Two, Box 7068, Granite City, was trampled by Elizabeth Hospital early this week for injuries suffered when he was beaten. He sustained a cut to his right knee and injuries to his head, left hand and back. He was released after emergency room treatment.

Driver abandons stolen truck

A youth driving a stolen truck escaped from police this week when a woman distracted a police officer who was about to question the driver for failure to display license plates. Officers first saw a pickup truck with a camper shell northbound on Madison Avenue at 18th Street without license plates. The truck stopped for a red light at 20th Street and Madison Avenue and the engine stopped.

As an officer was approaching the truck's cab, a woman approached from an auto behind the squad car and asked the officer for directions to the police station. As he gave her the directions, the truck's driver got out and fled on foot on 20th Street towards Edwardsville Road.

When the officer got to the cab of the truck, no one was inside. A witness who saw the youth flee described him as about 5 feet, 8 inches tall, thin and having long hair. Police searched the area, but were unable to find anyone matching that description. The owner of Tad's Auto Sales, 1460 State St., contacted police later and reported the truck had been stolen from his used car lot.

Extend deadline on farm losses

Effective immediately the Farmers Home Administration has extended the deadline for receiving applications for emergency actual loss loans to farmers and ranchers in Madison and St. Clair Counties. The emergency assistance is available for disasters occurring on or after July 1, 1976. Congressman Melvin Price, (D-23rd Illinois District) stated that applications can now be received as late as Dec. 2, 1977. Farmers have until that time to apply for emergency disaster loans to compensate for the physical and production losses sustained in recent disasters. Interested applicants may contact Farmers Home Administration, USDA Building, Fairgrounds Road, P.O. Box 246, Nashville, Ill. 62063.

Wedding anniversaries celebrated

Venice Women arrange party

Plans for the annual Christmas party on Dec. 2 were made by the Venice Women's Club at a meeting during the weekend at the Venice Recreation Center.

A dinner and special entertainment are being arranged for the holiday affair, which will take place in the recreation center, it was announced.

Other reports and correspondence were read at the business session, and games were played for the remainder of the evening.

Prizes were awarded by the hostesses, Mesdames Nora McCoid, Ilsa Bauer, Josephine Johnisse, Hazel Painter and Rose Richardson.

A dessert course was served at tables appointed in a Halloween theme. Also present were Mesdames Eleanor Weber, Elsie Canner, Mamie Ponce, Madonna Goshong, Bertha Pace, Hazel Poniak and Grace Grimes.

MR. AND MRS. ELDERD R. STARLING of Labadie, Mo., former residents who celebrated their 50th wedding anniversary at a reception given at Holiday Inn Northwest, St. Louis.

Mr., Mrs. E. R. Starling mark 50th anniversary

Mr. and Mrs. Eldred R. Starling, Rural Route One, Labadie, Mo., formerly of Granite City, celebrated their golden wedding anniversary at an afternoon and evening reception, given in their honor on Aug. 14, at the Holiday Inn Northwest, St. Louis.

They were married on Oct. 15, 1927, but chose to observe the event when their children and grandchildren could be present.

Hosts were the honoree's immediate family including two daughters and their husbands, Mr. and Mrs. Leonard (Doris Jean) Ship of Collinsville, and Mr. and Mrs. John (Pamela) Greenwell of Minneapolis, Minn., and three sons and daughters-in-law, Mr. and Mrs. William (Wilma) Starling, Labadie, Mo., Mr. and Mrs. Raymond (JoAnn) Starling and Mr. and Mrs. James (Fran) Starling of Granite City, 17 grandchildren and four great-grandchildren.

Unique invitations with a 1927 picture of the couple were sent to relatives and friends.

Among the several hundred who attended the event were sisters and a brother of Mrs. Starling, Mrs. Earl (Ruth Ann) Kane of Bartlesville, Okla.,

Mrs. Al (Marie) Ittermann of Winston Salem, N.C., Mrs. Upton (Virginia) Gardner of Edwardsville and their families.

A yellow and white theme was used in the floral arrangements, decorations, buffet tables and the three tiered wedding cake.

During the evening dancing was enjoyed by the guests.

Mr. Starling and his wife, the former Bernice Gattung, were married in the rectory of St. Joseph Church, Granite City.

The best man at their wedding, Frank Provaznik of Edwardsville and his wife were guests of honor at the celebration.

Maid of honor at the wedding, a sister of Mrs. Starling, Mrs. Ralph (Almeta) Cutler of San Francisco, Calif., was unable to attend as she is recovering from an illness.

Mr. and Mrs. Starling resided throughout their marriage in Granite City until 1968 when they retired to their farm in Labadie, Mo. Before retirement Mr. Starling was employed for 30 years at General Steel Castings in Granite City.

Mrs. Starling retired after 10 years service with Famous Barr Co., St. Louis.

Eta Chapter names social committees

Mrs. Mary Evelyn Yenchow, president of Eta Chapter, Phi-Tau Omega Sorority, appointed the social committees for this month and for November, during a business meeting held last week at the Elks Club.

Those to serve this month are Ann Tatum, Evelyn Todd, Gladys Waggoner and Mrs. Yenchow, the November hostesses will include Georgiana Van Buskirk, Eunice Hatcher, Shirley Morgan, and Dolores Sheridan.

After the meeting games were played and prizes won by Betty Krug and Miss Sheridan.

Also present were Mary Lou Richeson, Alma Paschedag, Dorothy Brewster, and Hilda Schroeder.

MRS. DELLA HAGEN ENTERTAINS CLUB

Mrs. Della Hagen, 2530 Edwards St., entertained the We Five Club during the weekend at her home.

Dinner was served by the hostess followed by card games. Those winning prizes were Avis Moore, Emma Gobbie and Caroline Cox. Also present was Edith Young.

Mrs. Lux invited the group to meet in her home, 2209 Kirkpatrick Homes on Nov. 4.

GRANITE CITY PRESS-RECORD Thurs., Oct. 13, 1977 Page 36

MR. AND MRS. LEONARD HOFFMAN, 2616 Grand Ave., who celebrated their silver anniversary at a dinner party given in the parish hall of Concordia Lutheran Church.

25th anniversary of Mr. and Mrs. Hoffman

Mr. and Mrs. Leonard (Dorothy) Hoffman, 2616 Grand Ave., were honored at a surprise dinner party given in observance of their 25th wedding anniversary by their children.

Many friends and relatives of the honoree's gathered at the Concordia Lutheran Church Parish Hall for the social occasion.

The party was given by Mr. and Mrs. Nick A. (Diana) Huniak, a son-in-law and daughter of the guests of honor and their son and daughter-in-law, Mr. and Mrs. Marty (Melea) Hoffman.

Mr. and Mrs. Hoffman was married on Oct. 4, 1952, in Altoona, Pa., and have resided in Granite City since 1956.

Following the dinner party the Hoffmans traveled to Pennsylvania to spend their anniversary with Mrs. Hoffman's relatives.

Veterans review convention

A convention report was given at the luncheon meeting of Madison Barracks 34 and Auxiliary, Veterans of World War I, held at the VFW Hall, last week.

Commander William C. Breidenbach and Kathryn Felders, a past national president, presented a review of the activities held at the convention in Fort Worth, Tex., last month.

Mrs. Elsie Staggs, auxiliary president, presided and introduced Mr. and Mrs. W. McReynolds and Mrs. Maude Hytton, guests for the afternoon.

Members were urged to write their congressmen and senators to support B-1 HR 9000.

The Fourth District meeting will be held Sunday, Nov. 6, at the Roxa-Rena building in Roxana beginning with a 1 p.m. pot luck dinner, it was noted.

Mitchell PTA to stress 'safety'

An Emergency Medical Technician with the Granite City Ambulance Service will be guest speaker at the "Parents Awareness of Safety" program to be presented at tonight's meeting of Mitchell Parent-Teacher Association.

The meeting will start at 7:30 this evening in the Mitchell gymnasium, with Mrs. Betty Paschedag, president, in charge.

The ambulance service representative will provide a demonstration of lifesaving equipment and discuss the value of enrolling in a cardiopulmonary-resuscitation course.

Also at tonight's session, Don Kopp will present an explanation of the Independent Reading Program and pupils in the second grade will perform a Halloween playlet, under the direction of Mrs. Cassie Johnson.

Plans for the October general meeting were reviewed at an executive board session held last week. A progress report was given concerning a "junk playground" at the school.

Principal Arthur Menendez, membership chairman, reported the current roster stands at 171 PTA members, with an additional 79 to be recruited to attain the 1977-78 goal of 250 members.

Mrs. Karen Hutchings announced the next meeting of the Granite City Area Council of PTAs will take place Nov. 17 at Webster School and the fall district PTA conference is scheduled Nov. 9 at Jerseyville.

Menendez said fifth and sixth grade students again will serve as salesmen for a magazine sales project to begin Friday and continue for the next two weeks.

Plans were advanced for an "all-school" Halloween party and parade on Monday, Oct. 31, and James Graham was granted permission to utilize the school art room for a "Spook House" to be prepared by the Boy Scouts starting Oct. 27.

It was agreed to hold a bazaar during open house at the school in November and donations will be sought from PTA members.

Final tabulation of proceeds from the PTA-sponsored plant book at the Fall Festival amounted to \$300, it was announced by Mrs. Sandy Mueller, Mrs. Hutchings and Mrs. Judy Tomason, chairman.

Gifts offered by the PTA during the three-day festival were received by Mrs. Lois Weeks, gold macrame owl, Mrs. Lynette O'Gara, hanging macrame and large plant; Mrs. Mary White, Pony tail plant, Mrs. Nelda Sanders, Macramé owl and Mrs. Charlene Sanders, spider plant and hanger; Mrs. Bertha Jones, macrame purse and Mrs. Manning, bridal veil plant and hanger.

Members will be asked to approve a yearbook at tonight's meeting, Mrs. Paschedag said. She urged parents of all Mitchell students to attend and participate in other school activities.

MR. AND MRS. RAY ALLEN, 2021 McCasland Ave., Madison. They were honored on their silver anniversary at a reception held at the Knights of Columbus Hall.

Mr. and Mrs. Ray Allen celebrate 25th year

Guests were received by Mr. and Mrs. Ray (Betty) Allen at a 25th anniversary party held at the Knights of Columbus Hall, last week.

The honorees are lifelong residents of Madison and presently reside at 2021 McCasland Ave. They renewed their wedding vows in the presence of the Rev. Ricky Passig, prior to the social affair.

Mr. and Mrs. Allen were married on Oct. 4, 1952, at the First Baptist Church in Madison by the Rev. Hunter Attendants at the wedding, Mrs. Ruth Farmer, a sister of Mrs. Allen and Wilbert McCracken, Mrs. Allen's brother also attended the party.

The couple have three children, Ray E. Allen, Danny A. Allen and Deanna Rae Allen. Music for dancing was provided by the "E Cards."

Approximately 200 guests attended including the honorees daughters-in-law, Mrs. Ray E. (Janet) Allen and father, Lee Allen and out-of-town guests, Mr. and Mrs. Dean McCracken and David of West Frankfort, Ill., Lela Morizo and Mrs. Vella Abbott, Mount Clare, Ill., Opal Grolla, Decatur, Maxine Butler, Carbon, Ind. and Mrs. Rudolph Haldeman, Harrisburg, Ill., Mr. and Mrs. Bob Joese, Greenville, Mr. and Mrs. Edward Alexander and Linda, Coffeen, Ill., Mr. and Mrs. David Zimmerman, Vandalia, Ill.

What's a moped? It's a pedalcycle, of course

Legalization of motorized pedalcycles — "mopeds" — in Illinois broadens the need for highway traffic safety education, Alan J. Dixon, Secretary of State, said Tuesday night.

Dixon was the principal speaker at the 50th annual dinner of the Decatur Transportation Club. The dinner honors companies supporting transportation improvement in railroad, truck, airline, barge, ocean shipping and other industries.

"Under a new law, our office has begun issuing certificates of title and license plates for mopeds," said Dixon.

"They will be no competitive threat to any form of transportation represented at this dinner, but they will be a new element in the street traffic complex."

"The mopeds have an excellent safety record in Europe, where they have been popular for 30 years."

"European studies have found them safer than cars and much safer than motorcycles. But Illinois, with its fast traffic and high-powered cars and trucks, is different from Europe."

"The new mopeds industry expects a boom sales. The industry and government both have a responsibility for safety educational effort."

"Moped riders are subject to the same code of laws as other motor vehicle operators."

"Mopeds can be pedaled like a bicycle or can run on engine power like a motorcycle. Their top speed is 30 miles an hour, and their acceleration is slow."

"Like motorists, Illinois moped riders must be 18 or older, except that 16-year-olds with qualified drivers education can operate one."

"We have a higher age limit than Europe and even some other states. Anyone with a valid Illinois drivers license is eligible to operate a moped."

"Moped operators must obey traffic signals and signs, move with the flow of traffic and stay off expressways."

"The smart moped operator keeps to the right of traffic flow, and far enough from a curb to avoid severe drains, car doors that open and cars leaving the curb."

"The big danger, as the moped boom begins, is that car and truck drivers are not used to sharing the road with mopeds as the Europeans are."

"If a moped turns into traffic in front of a motorist, the motorist may subconsciously expect the moped to speed up immediately, as a motorcycle would."

"If the motorist is not alert, he may find himself on top of the moped with no time for slow braking," Dixon noted.

"Motorists, truck drivers and moped operators must look out for each other and drive defensively at all times. In any collision of a moped with a larger motorized vehicle, the moped is sure to lose."

"With gasoline and other auto expenses rising, the moped may look attractive to a one-car family, a commuter who lives some distance from the train station, a student who lives a long walk from college."

"The industry expects sales to skyrocket as bicycle sales did in the early '70s. Our \$20 billion U.S. transportation industry, the lifeblood of our economy, is big enough to accept this invitation coming into our midst and adapt to its presence."

"Industry projections for the mopeds may be overly optimistic, but the leaders in the field are predicting sales in Illinois of thousands of units."

"Any new undertaking gets off to a slow start, of course, and the sale of mopeds is no exception."

"Our office has licensed about 75 moped dealers thus far, and another 75 applications are pending."

"We have licensed only 180 mopeds, but applications are coming in every week."

"The National Traffic Safety Council reports there were 75,000 owners nationally in 1977. That figure is expected to jump to 150,000 by 1979."

"The Traffic Safety Council does not realize that a new element has been introduced into our traffic patterns and we must use defensive driver techniques to cope with this new problem in our midst."

"At our drivers license facilities, anyone examined and qualified on a moped will receive a Class 'L' license restricted to operation of a 'pedalcycle' only."

"Anyone already licensed to drive a car or truck is automatically eligible to drive a moped," Dixon concluded.

Tourism gains seen throughout Illinois

A new law gives the business of promoting travel in Illinois a "shot in the arm," a dollars and cents boost which nearly triples the current operating budget of the Office of Tourism, Illinois Department of Business and Economic Development.

Signed into law by Governor James R. Thompson, after being passed overwhelmingly by the Illinois House and Senate, the measure earmarks 10 per cent of each year's Illinois Hotel Operators Tax revenue for use in state tourism promotion, it is being noted here.

"Southern Illinois will reap many benefits from this new law," reports Ralph Stauder, president of the Southern Illinois Tourism Council.

"This means the state and our council can promote Illinois tourism with greater frequency, bringing more people and more dollars into Illinois."

Stauder expressed appreciation to all tourism supporters who worked to obtain the new law.

He added, "In Southern Illinois, those dollars will be used to attract visitors from prime market areas to see and enjoy our beautiful history and recreational areas."

"Each year, our Tourism Council prints a factual annual report telling every contributor what we spend our money on. This new law will give the entire state plenty of promotional power to compete equally with other states our size," Stauder added.

The bill, sponsored by Rep. Don Brummett (D-Vandalia), Rep. Mary Lou Kent (R-Quincy) and Sen. Sam Vadalabene (D-Edwardsville), was supported by the Illinois Hotel-Motel Association; Greater Chicago Hotel-Motel Association; Chicago and Illinois Restaurant Association; Greater Chicago Convention and Tourism Bureau; Springfield Convention and Tourism Commission.

Also, the Association of

Illinois Rural Recreation Enterprises and local-level tourism promotion groups, including the Southern, Western, Central and Northern Illinois Tourism Promotion Councils.

"It is a prime example of government and the private sector working together to strengthen the state's economy," Stauder concluded.

According to Sandy Guttler, managing director of the Illinois Office of Tourism, the new law will direct more than \$1.6 million in funds to her agency and its present \$600,000 annual budget, beginning July 1, 1978.

"The new method of funding the tourism office allows the state to be competitive with other states which have long recognized the economic importance of the travel industry and the necessity of aggressively marketing themselves as travel destinations."

"The measure underscores the importance of the travel industry as a major contributor to Illinois' financial well-being," she comments.

Funds gleaned from the Hotel Operators Tax will be based on a percentage of actual yearly receipts and will allow the travel promotion budget to grow as the industry grows.

Tax receipts in 1976 totaled \$16.6 million, a nine per cent rise from the previous year. Having operated for years on a budget well below the \$1.1 million average for other states' tourism agencies, the Office of Tourism plans to channel its new funds into such programs as increased advertising, trade development and a network of Interstate highway welcome centers—all designed to stimulate the growth of the state's travel industry.

The industry is ranked fifth in the U.S. in expenditures by travelers in 1975.

In that year, travelers spent nearly \$1 billion, supported 129,000 direct travel industry

SINGING HUFFMAN FAMILY from Fredericktown, Mo., who will appear in a gospel singing concert with the Beacon Lights at 7:30 p.m. Saturday at the Apostolic Pentecostal Church, 1348 Iowa St. The Rev. Gerald Snider, pastor of the local church, is inviting the public to attend. Admission is free.

Ballroom dance classes at 'Y' on Thursdays

A ballroom dance class will start Thursday at the YMCA auditorium.

The class will be instructed by Paula Tolliver on Thursday evenings from 8 to 10 p.m.

She was trained and worked for Arthur Murray Dance Studio for one and a half years. She received a teacher's certificate and a Bronze and Silver Standard. She also received a trophy for best improved dancer of staff for 1976 and

checked out of standards with honors. Dances to be taught are waltz, foxtrot, rhumba, cha cha, tango, swing (imperial), samba, mambo and bolero.

The class meets once a week for four weeks for a total of eight hours instruction for a cost of \$8 for members and \$12 for non-members. Pre-registration may be obtained by calling the "Y" at 876-7200.

Three hurt in Nameoki crash

Three women were injured when the auto of Zelma Kass, 44, Poag Road, and Denise Griffin, 21, St. Louis, collided on Nameoki Road near Jill Avenue Monday.

Mrs. Kass was taken by ambulance to St. Elizabeth Hospital where she was admitted with a possible concussion.

Denise Griffin and a passenger in her auto, Claire Reishouse, 27, Waterloo, reported injuries, but did not require treatment at the hospital here.

Solar water heater tests here on costs

Illinois Power Company this week announced it is beginning a program of solar water heating installations here and throughout its territory to determine the energy conservation characteristics of the solar system versus a conventional domestic water heating system, along with the operating economics of solar energy.

W.E. Warren, vice president of Illinois Power, said the primary objective of the program will be to determine the effects solar water heaters will have on the company's electric system; identify the various costs for installation that a customer might incur; and study the current status of

solar system technology. Solar water heating installations will be made in Galesburg, Kewanee, Granite City, LaSalle, Bloomington, Hillsboro, Champaign, Danville, Belleville, Jacksonville, Mount Vernon, Sparta and Decatur.

Three different classes of customers in the residential market have been identified for the installation by Illinois Power. They are new construction, existing farm and existing urban.

Illinois Power will install and collect data from check meters on the system to determine how much energy is being conserved by the solar system versus the conventional domestic system.

GRANITE CITY PRESS-RECORD
Thurs., Oct. 13, 1977 Page 39

The program is for a three-year test period.

One criteria for selection of residences for the solar installations will be that solar collectors can be installed with a southern exposure which is not blocked by trees or buildings.

In addition, the selection will take into account the size and ages of members of the families that will be utilizing the system.

ORDINANCE NO. 3458
AN ORDINANCE CREATING SPEED ZONES OF TWENTY MILES PER HOUR ON CERTAIN STREETS IN THE CITY OF GRANITE CITY, ILLINOIS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS:

SECTION 1: That it is deemed necessary by the City Council of the City of Granite City, Illinois, to restrict the speed of automobiles on and about certain public streets in the City of Granite City, Illinois.

SECTION 2: That no person shall drive a motor vehicle in excess of twenty miles per hour (20 m.p.h.) on the following described street:

On Maryville Road from its intersection with Pontoon Road to its intersection with Highway 162.

SECTION 3: That the aforesaid speed zone shall be indicated by appropriate signs posted on said street, and that the said signs shall be erected on said street by the Superintendent of Streets.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage, approval and publication, as provided by law, and upon the installation of the proper control signs at said location by the Superintendent of Streets.

SECTION 5: Any person, firm or corporation violating any provisions of this Ordinance shall be punished by a fine of not less than Ten Dollars (\$10.00) nor more than One Hundred Dollars (\$100.00).

SECTION 6: All ordinances and parts of ordinances in conflict herewith are hereby repealed.

PASSED by the City Council of the City of Granite City, Illinois, this 27th day of September, A.D., 1977.

APPROVED by the Mayor of the City of Granite City, Illinois, this 28th day of September, A.D., 1977.

PAUL SCHULER Mayor

Attest: **ROBERT W. STEVENS** City Clerk 34 10 13

ABOVE AND BEYOND the call of duty, Harold R. Fischer (left), Granite City banker, receives a plaque from President Kenneth A. Shaw of Southern Illinois University at Edwardsville in recognition of Fischer's special service as president of the SIUE Foundation for two consecutive terms. Fischer also served as president of the SIUE Foundation while it included both the Carbondale and Edwardsville campuses, and he is a past chairman of the SIUE Board of Trustees. He was a member of the university's Board of Trustees 21 years, from 1954 to 1975. Fischer is vice-chairman of the First Granite City National Bank.

Tumbling, gymnastics series starts Monday

Classes for beginning, intermediate and advanced students in tumbling and gymnastics will start Monday, Oct. 17, at the Nameoki Recreation Center, Amos and Franklin avenues.

The Granite City Park District program is for children

in grades 1 through 12. A limit of 75 participants in each class has been set.

Registration for the program will take place on the first night of each class.

Classes and times are: Monday and Thursday—Beginners, 5 p.m. to 6 p.m.; advanced beginners—6 p.m. to 7 p.m.; intermediates—7 p.m. to 8 p.m. and advanced intermediates—8 p.m. to 9 p.m.

Wednesday—Advanced classes.

The tumbling and gymnastic program is open to all children residing in the Granite City Park District. The instruction is free.

Charges of misdemeanor counts of theft were filed against Michael J. Catanarich, 20, and John J. Jomon, 20, both of St. Louis, who were occupants of the vehicle.

Two charged in theft at store

Two St. Louis men were arrested at Nameoki Road and Madison Avenue at 8:55 p.m. Monday, after police halted a truck carrying 16 wooden palettes, allegedly stolen from the rear of Kroger Food Store, 3601 Nameoki Road.

A patrolling officer first was stopped at Fehling and Nameoki roads by two Kroger employees, who advised him a truck had just passed the intersection with wooden palettes taken from the store.

Charges of misdemeanor counts of theft were filed against Michael J. Catanarich, 20, and John J. Jomon, 20, both of St. Louis, who were occupants of the vehicle.

Indians, French, steamboats part of 3-century Chouteau area history

Following is a history of Chouteau Township compiled by Mrs. Patricia Polley, town clerk, on the occasion of this week's dedication of the new Chouteau Township Office and Social Center.

Indians were the earliest inhabitants of Chouteau Township, which lies wholly in the American Bottoms and was once covered with heavy timbers of oak, elm, walnut, hickory and ash.

The French made settlements on Chouteau Island about 1750. Here the French raised horses of Arabian breed, brought to this country by the Spaniards. They shipped them in flatboats and marketed them down the river in New Orleans.

They also planted apple and pear orchards. Great floods occurred and these settlements were destroyed.

Amos Atkins, who was born on Chouteau Island in 1821, remembered that when he was a mere boy, orchards planted by the French had trees at least a foot and a half in diameter.

Many years ago, the island was known as Big Island but it was later called Chouteau after Pierre Chouteau. It is from this island that the township received its name.

The honor of the first white settlement in Madison County belongs unquestionably to Chouteau Township. It was made by the James Gilliams in the 1797-1800 period.

Gilliam and his family settled at the head of Long Lake. This settlement was later known as the old Hackethal farm. Today, much of this land has been used for Highways 203 and 270.

Chouteau Township — having access to two rivers — provided a natural habitat for the Indians.

The sites of their villages and their remains are located in four different areas of the township. One of the last

remnants of their civilization is one Indian mound which still can be seen along Engineers Road in Mitchell.

Because of its location at the confluence of the Mississippi and Missouri rivers, this area soon became an important stopping point for Indians and early explorers.

The French explorers had visited this area as early as 1675.

After the French established the first settlement on Chouteau Island, many other explorers came to this area to begin their journeys west.

The expedition of Lewis and Clark to discover the sources of the Missouri River reached St. Louis in December 1803, and passed the winter encamped in Chouteau Township at the mouth of Wood River.

The expedition left its encampment at four o'clock in the afternoon of May 14, 1804, and began the ascent of the Missouri.

The first white settler, James Gilliam, initially set foot in this township in 1794, searching for his wife and three children who had been stolen by a party of Indians from their farm in Kentucky in 1790.

After five years of diligent and futile search, he learned from French traders that members of his family were among the Kickapoo.

With two Frenchmen as interpreters and guides, he visited the Indian Town on Salt Creek and found his wife and children alive and well. After paying a ransom, he secured their safe release.

Gilliam had been favorably impressed with the advantages and beauty of this country and, in 1797, two years after the recovery of his family, he became a resident of the American Bottoms.

Congress donated Mrs. Gilliam 160 acres of land due to the hardships she endured while

captive of the Indians. In 1800, the family settled on this land grant.

Gilliam was joined by other members of his family and within a 30-year period, the Gilliam family alone could account for 500 votes.

The Gilliams were strong supporters of morality and order and were regarded as among the best citizens of the county. Though born in a slave state, they recognized the corrupting influence of slavery and opposed its introduction into Illinois.

The author of a history of the state published in 1849 remarked that the convention party of 1824 owed its defeat to the Gilliam family and their kinsmen, who cast 500 votes against the proposition to make Illinois a slave state.

After years of feeble efforts and time-consuming trips to market their products in New Orleans, rumors began to reach them of successful steamboat navigation to the Hudson.

Local residents shook their heads and gravely said the current of the Mississippi would never admit to such navigation here.

Their doubts were, however, expelled and much excitement was generated in the spring of 1819 when Col. James Johnson of Kentucky — with three steamboats loaded with United States soldiers and army supplies — landed at the farm of Isem Gilliam, just below the mouth of the Missouri River.

He had a contract with the government to transport soldiers and supplies to St. Paul, Minn., on the Mississippi and to Council Bluffs, Iowa, on the Missouri River. He had little difficulty in going up the Mississippi, but in his attempt to ascend the Missouri he found trouble.

The river was low, and no pilot was acquainted with the channel. After three weeks of

soil, St. Charles, only 20 miles up the river, was the farthest point reached.

The expedition was given up, and Col. Johnson returned to St. Charles, where the steamboats lay, exciting the admiration of all visitors.

People came from the surrounding area for many miles expressly to see the steamboats.

Large warehouses were built on Gilliam's farm, in which provisions were stored, and here also soldiers were quartered.

Charles DeJallais, a Frenchman, operate a ferry at the head of Chouteau Island, in Section 17, making trips to the island as well as to the west bank of the Mississippi. This land was subsequently owned by Samuel Gilliam.

From some of the early recollections of Samuel Gilliam, we learn that in 1811 the Indians manifested a warlike spirit, giving evidence to the settlers that it would be wise to prepare for an emergency in case of any hostile acts by the Indians.

This act threw the people into a fever of excitement, and they gathered together and erected a block house, situated in Section 1, now incorporated as part of South Roxana.

It was understood by all the families that in case of any signs of Indian hostility, they were to flee to the fort for protection. This building was later utilized as a school house beginning in 1813, taught by Vaitch Clark.

The first marriage issued under the authority of Madison County was to James Gilliam and Polly Good in 1809. They settled in Section 1, and it was on their property that the fort was erected.

Traces of the peace, at an early day in Chouteau, were unknown because the township

was sparsely settled.

Those in the south having any business before a magistrate would take their cases before Samuel Squires, in Nameoki. Those in the Gilliam settlement would go to Alton, and those in the northeast to Edwardsville.

"Old Madison" was a hamlet established in Chouteau Township about 1830 by Nathaniel Buckmaster and John Montgomery and situated in Section 17. Serious inroads have been made in Sections 11, 12 and 17; a good part of these sections now lies wholly within the river.

In its glory, it contained a store, blacksmith and wagon shop, one saloon — and a post office established in 1830, with Moses Job as postmaster.

At that time, a stage line extended from Galena to St. Louis, and Old Madison was situated on the route.

Chouteau has had many ups and downs over the years.

Floods have at intervals made havoc with the land and the settlements.

In order to keep farms and possessions from being inundated, construction of the Great American Dike was begun.

It began in Section 9 and extended southward through the entire township. Its length was 21 miles and it had cost \$100,000 when it was completed in 1866.

"Old Madison" was washed away by the flood of 1865 and is no more.

The first mill in the township was built by a man named Dare, about 1819 or 1820, located in Section 22. A small distillery was connected with it.

Salem, another hamlet, is located in the northeast corner of Section 1. It received its name from the Old Salem Church, which is situated just across the line in Wood River Township.

The place was subsequently named Gilliam. In 1874, J. K.

Fahnestock opened a store there and the following year a post office was established and called Wanda.

Bush Corner is located in Section 16. In 1882, it contained two grocery stores, one owned by Mrs. H. Marsh and the other by Henry Oldenburg.

Mitchell Station was laid out by the Chicago & Alton Railway Company and is situated in the northeast quarter of Section 33 and the northwest quarter of Section 34.

In the late 1800s, the town contained two general stores, one of which was owned by the firm of Hinze and Krueger and the other by Henry Reimann.

Henry Quinn owned a blacksmith shop and also a grocery store. A Rapp had a meat market and the physician was Dr. D. E. Smalley. Postmaster was Robert Krueger.

Voters of Madison County adopted the township organization at the November election of 1875.

The districting of the county under the new order named 24 townships in the county.

The first Chouteau meeting was called for April 4, 1876, for election of officers to serve the township.

Those elected were Amos Atkins, supervisor — 99 votes; R. R. Stanley, clerk — 122 votes; William Reddish, assessor — 129 votes; J. W. Wallace, collector — 126 votes, and W. P. Gilliam, commissioner of highways — 126 votes.

M. D. Moore and Charles Hens were chosen school trustees with 87 votes each.

At this meeting, Mr. O. Pettigill offered the resolution which was adopted that there be a tax of 8 cents on each \$100 of real estate and personal property liable to taxation.

Four cents of this was for papers and the other four cents for contingent expenses.

After Amos Atkins, supervisors serving Chouteau were: L. O. Gilliam — elected in 1884 and served a term of one

year.

Conrad Roth — elected April 1885 and served three years.

Frank Troeckler — elected April 1888 and served 14 years.

Lemuel Southard — elected in 1902 and served a term of two years.

Charles W. Smith — elected in 1904 and served 12 years.

Charles Lexow — elected in 1914 and served 12 years.

Frank Ryan — elected in 1926 and served until he died in June 1939.

Mrs. Nettie Ryan — appointed June 22, 1939, and served until April 1941.

Raymond Poag Smith — elected April 1, 1941, and served until he resigned in April 1942.

Joseph Troeckler — appointed May 14, 1942, and served until he died March 30, 1967.

Walter "Dick" Sparks — appointed at that time and has served to the present date.

Among the elected officials who have served Chouteau Township are:

D. A. Moore, M. Troeckler, J. W. Rapp, A. F. Sloper, B. Minerling, S. Southard Jr.

George Voight, Emil Rammer, John Holderread, L. H. Leeds, George Kennedy, Albert Paul, Francis Ford, Edward Bender, Henry Atkins, George Kinder, Ben W. Eberhart, Albert Paul Jr., George Warnecke, Gottlieb Buehrer.

George J. Schillinger, George G. Link, Louis Ahrens, Frank Hanfelder, O. Pettigill, D. E. Smalley, J. Seebing Jr.

M. J. McGuire, G. W. Stanley, Martin Nagle, M. S. Dillman, H. H. Engleman, J. Braden, Henry Wassman, J. Huebner.

Curtis Summers, Jessie Williams, Louis Tribout, Paul Potter, C. W. Smith, Edward Jansen.

Chris Kunnemann, A. J. Poag, Gottlieb Willaredt, Herman Bender, Phillip German, John Hommer.

Joseph Drexler, R. A. Roseberry, I. E. Boosky, H. D. Squire, E. R. Nece.

A. M. Sparks, George Hoehn, J. J. Hackethal, John O'Neil, W. E. Ayers, Frank Schubert and Ralph Williams.

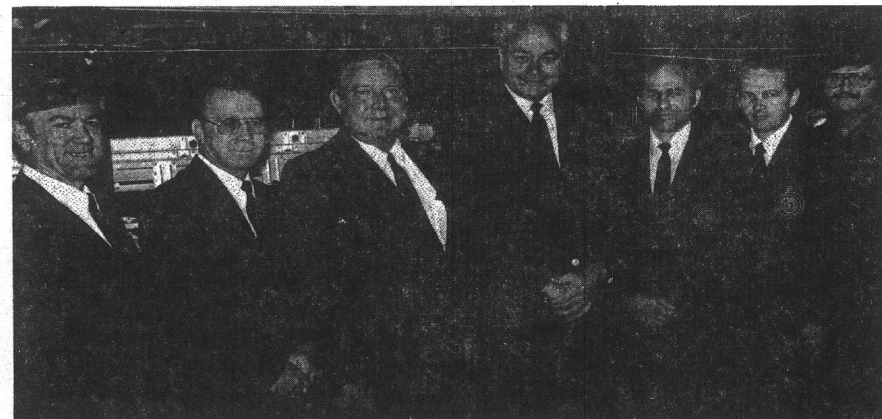

A milestone in the history of Chouteau Township was the construction of the Chain of Rocks locks and canal here a generation ago. It is expected to help foster continued growth and development.

The 10,000 residents of Chouteau Township, regarded traditionally as a strong and resilient people, are dedicated in 1977 to protecting, preserving and enhancing their environment and quality of life.

We can look forward to a future with unlimited possibilities. Our hope is that we can contribute to future generations as much as we have received from generations past.

BUDGET OPTICAL, INC.
3675 NAMEOKI ROAD
(Old Biederman Building)
BEHIND HOBBS'S 877-8379

HIGHER RANK has been given six of these Granite City firemen, while the seventh, Phil Heath, far right, has been appointed a probationary fireman to fill the vacancy created by the upgrading of the others. From

left are George Smolich, newly-appointed assistant fire chief; Shift Commander Harry Hillman, Capt. Robert Sanders, Capt. Jim Reiter, Engineer William Hebert, Engineer Thomas Jenkins, and Heath.

DEDICATED THIS WEEK is the new Chouteau Township town hall and community center building, in the upper left of this aerial photo. Interstate 270 cuts through the photo with westbound to the left. At the bottom right is northbound Route 203 going toward Mitchell. The railroad tracks separating the area (from the bottom left to the right center of the photo) make it difficult for some to find the new township building but access can be obtained by taking Interstate 270 west to the Route 203 north

exit, going north on Route 203 about 75 yards to the access road, and then west on the access road to the township entrance road just east of the Midwest Motel. Access also is possible by taking Maryville Road to Old Alton Road and going east on Old Alton Road (shown at left near the bottom), under Interstate 270, and then left on the same access road to the township entrance road.

(From Record Photo)

Limited time Sealy offer

Sealy Posturepedic® Classic
at a very special price

\$99.95
TWIN SIZE EA. PC.

To make room for new models, Sealy took their 1975 "Unique Back Support System" and added a special cover. Like all Posturepedics, designed in cooperation with orthopedic surgeons for firm support — no morning backache from sleeping on a too-soft mattress.

Full Size ea.pc. \$119.95
Queen Size 2-pc. set. \$299.95

TOTAL SATISFACTION GUARANTEE

Everything you buy at Kroger is guaranteed for your total satisfaction regardless of manufacturer. If you are not satisfied, Kroger will replace your item with the same brand or a comparable brand or refund your purchase price.

We also guarantee that we will do everything in our power to have ample supplies of all advertised specials on our shelves when you shop for them. If, due to conditions beyond our control, we run out of an advertised special, we will substitute the same item in a comparable brand (when such an item is available) reflecting the same savings or, if you prefer, give you a "RAIN CHECK" which entitles you to the same advertised special at the same special price any time within 30 days.

**KEEPING YOU
POSTED
SUPPLY, DEMAND... and
FOOD PRICES**

As a shopper, you may have wondered why the price of food might go up or down substantially within a short time period. Under normal circumstances, when a price changes that much that fast, it's because the cost the store pays for the product has changed. (To meet competition, stores sometimes lower prices even though their wholesale cost has not gone down.)

In most cases, the price stores must pay for the products they sell is determined by the law of supply and demand. When a product is scarce, many stores are trying to buy at the same time... so the seller can get more for the product. When there's a bumper crop, there's less demand because there's a bigger supply... so the cost the store pays for the product goes down.

Remember last winter's freeze in Florida? Many crops were destroyed, which created a shortage that affected produce prices and supplies for several months. Now that supplies are good again, prices are down.

As shoppers for the shopper, we at Kroger pledge to buy wisely in your behalf... to make sure the quality is right... and to operate our stores efficiently to help us keep prices as low as possible. We want each purchase at Kroger to represent a value for you.

We hear you and we're trying to help!

BUTTERNUT OR
ACORN SQUASH

18¢
Lb.

Butternut and Acorn Squash are called "winter" squash although they are available in the late summer and fall as well as winter. They have hard-shelled squashes, the seeds are expected to be hard. High in vitamins A and potassium. Cut in halves or quarters, remove seeds and then bake, steam or boil. Acorn and Butternut are frequently cut in half and baked and served in the shell. Squash pulp is also used for pie and may be served in casseroles, souffles, pancakes and custards. Once you try Acorn and Butternut Squash, you'll be back for more.
